The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assist nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.
Address: F. J. CHENEY & Co. TOLEDO, OHIO.
Sold by Druggists, 75 cents
Take Hall's Family Pills for constipation.

I WANT 5 or 10 acres about a mile from town. Suitable for growing hardy nursery and poultry. Address cash offer, J. E. B. Pioneer.

NEW FAD IN TOWN.

Many Men Getting a Sensible Habit.

In the last few days it has become the popular thing to step in E. A. Barker's drug store and get a pocketful of Wadsworth Bros.' "Chicos," a 5c cigar that has caused many men to get what may be called the "Chicos" habit.
It is far more sensible to smoke a good 5c cigar like the "Chico" (and there is no other 5c cigar like it) than to pay double the price and get no better smoke. It is made with a clear, long Havana filler, and is especially pleasing to the man who has been smoking a 10c or two for a quarter cigar. It burns freely, and tastes good clear to the stub.
Try a "Chico," and see if you, too, do not get into the habit of frequenting E. A. Barker's drug store for your supply of cigars.

AMERICAN NAVY ACTIVE.

Every Precaution Taken to Enforce Philippine Neutrality.
Washington, April 20.—Rear Admiral Train, commander-in-chief of the Asiatic station, has reported to the navy department by cable that the Paraguay is at Jolo, the Mindoro at Pollok, Mindanao Island, and the Wisconsin at Olongapo, on Sulub bay, island of Luzon. He also reported that the Queros is cruising in Lingayen gulf and that the torpedo boats Dale and Decatur are cruising off the island of Palawan.
Reference to the map of the archipelago shows that this disposition affords excellent opportunities for observing the movements of the hostile fleets should they approach or enter Philippine waters.
While the vessels, with the exception of the Wisconsin at Olongapo, are but small gunboats which could do no more than make observation, they all carry the flag, which it is believed would be sufficient for the purpose of enforcing neutrality in the waters contiguous to the American possessions in the Far East. The complete system of cables between the islands and the land lines across the islands will enable Rear Admiral Train to keep in close touch with the movements of the opposing forces should they come within his territory. In addition to the vessels last reported the Raleigh is reported as having sailed into the Sulub sea to the Cuyos Islands.

REVOLUTIONARY LITERATURE.

Russian Troops Forbidden to Read Certain Proclamations.
St. Petersburg, April 20.—The circulation of revolutionary literature among the troops throughout Russia has now spread to the regiments of the imperial guards and a general order has been issued to the guards forbidding them to "read proclamations thrust into their hands in the streets, or in your lodgings or to listen to these allies of Japan."
The ministry of finance has assigned \$35,000,000 for new railroad construction in 1905.

PROTESTS TO FRANCE.

Japan Alleges Frequent Violations of Neutrality.
Chicago, April 20.—A special to the Daily News from Tokio says:
At a conference of the elder statesmen and the principal cabinet ministers a strongly worded protest was sent to France regarding its frequent violations of neutrality in providing shelter for and rendering assistance to Russia's Baltic fleet at Madagascar and now at Kamranh bay. No answer has as yet been received from the French authorities.

New Jap Torpedo Boat.

Tokio, April 20.—The torpedo boat destroyer Kiji was launched at Kure during the day. Her displacement exceeds 200 tons.

PAYMENT OF CHINESE DEFICIT

Powers and China Finally Reach an Agreement.
New York, April 20.—After two years' discussion the powers and China will sign an agreement at once, according to a Herald dispatch from Peking, regarding the payment of the deficit in the indemnity due to the fall in the price of silver and providing for the future payment of the indemnity in gold.

The agreement comprises three paragraphs, and, briefly stated, sets forth that China is to pay fifteen days after the signature of the document the sum of \$6,000,000 and interest at 4 per cent on this amount from January, 1905, which sum is to be accepted in full payment of all deficits due to the change from silver to gold.

In the second paragraph China agrees to sign immediately fractional gold bonds, expressing the amounts due to each country in the coinage of that country.

By the third paragraph China undertakes in the future to pay the amount due each year in twelve equal monthly installments, credited every six months. China will be allowed interest at 4 per cent on the monthly payments made in advance of these biennial periods. China may pay also in gold bullion, gold drafts or telegraphic transfers of silver at the average monthly London rates, each foreign government selecting the method it prefers.

Explosion Kills Four Men.

Kington, Ont., April 20.—It is now believed that four deaths have resulted from the explosion of a gas buoy on the government steamer Scout Tuesday—Fred Mullin, who was killed instantly; Captain W. Allison who died from injuries received, and two of the crew.

Office over Mrs. Thompson's boarding house Minnesota Ave.

Are Chiropractic Adjustments the same as Osteopathic Treatments?

No. The Chiropractic and the Osteopathic both aim to put in place that which is out of place, to right that which is wrong; but the Pathology Diagnosis, Prognosis and Movements are entirely different. One of my patients, Mr. W. A. Casler, has taken both Chiropractic and Osteopathic treatments. The Chiropractic is ten times more direct in the adjustments and the results getting health ten times more thorough in one tenth of the time than an Osteopathic would.
