Are Chiropractic Adjustments the same as Osteopath Treatments? No. The Chiropractic and the Osteopath both aim to put in place that which is out of place, to right that which is wrong; but the Pathology Diagnosis, Prognosis and Movements are entirely different. One of my patients, Mr. W. A. Casler, has taken both Chiropractic and Osteopoth treatments. The Chiropractic is ten times more direct in the adjustments and the results getting health ten times more thorough in one tenth of the time than an Osteopath would.

FIRST OF ITS KIND. Grief Over Loss of Money to Swin

dlers Causes Lockjaw. New York, June 17.-What physicians say is the first authentic case in the city of tetanus trismus, or lockjaw, resulting from grief, is at the

Harlem hospital. The patient is Joseph Golzerano. He arrived here from Italy on June 1 with \$25 in cash. He had been here only a few hours when he was swindled out of the money by some of the numerous padrones who infest the Bat-

tery and Italian quarters. Golzerano became grief stricken over the loss of his money, which he had intended to use in continuing his journey westward. He went to the home of a friend and would sit for hours grinding and gnashing his teeth and clenching his hands and cursing the men who had taken his money. He became more and more melancholy and angry and five days after he landed he found that his jaws were closed and that he could no longer open them, even to curse his enemies.

Nothing was heard during the day about peace and there were no evidences of a strike on the streets. Deliveries of goods in all lines are almost

While the statute of limitations may bar indictments for conspiracy to settle strikes by the use of money it is d to be certain that quite a nu of indictments for manslaughter will be returned against persons claimed to be responsible for deaths resulting from riots due to the teamsters' strike.

Testimony as to alleged corruption in connection with strikes was heard during the day by the grand jury. A number of business men and two women were among those subpoenaed to appear before the inquisitors. The women were said to have lived at a hotel frequented by labor leaders.

Russian Auxiliary Cruiser Makes Re quest for Coal.

Salgon, Cochin-China, June 17 .- The Russian auxiliary cruiser Kouban, formerly the Hamburg-American line steamer Augusta Victoria, has arrived off this port and asked to be supplied with coal sufficient to reach the nearest Russian port.
