## DAN CORLISS WANTS TO KNOW

Asks For Information Which Appears to Be Carefully Guarded From Public.

The Pioneer is in receipt of the following letter of inquiry:

Big Meadows, Oct. 24st, 1905.  
mister Editer, will you please in form me through the collums of yure esteemed sheet who is the editor of yure esteemed Kontemporary the Bemidji Daily Times, Yure Esteamed Corrispondent,  
DAN CORLISS.

We are unable to furnish Mr. Corliss with the desired information, but it occurred to us that perhaps the gentlemen who answered a speaker's question in the citizen's meeting Monday night, might do so.

The meeting had waxed warm. Enthusiasm was at its height. All ears were alert to catch the words of the member who had the floor. The speaker grew eloquent, and reaching his climax, exclaimed, "Mr. Chairman! If the citizens of Bemidji are not to be permitted to control her politics and manage her affairs, who then will do so?" From the audience in deep bass tones came the unlooked for but prompt response,—"Omer E. Bailey!"

Can the gentlemen who came to the rescue, enlighten our "esteamed corrispondent?"

## HIGGINS CARES FOR WOODSMAN

"Lumberjack Sky Pilot" Cares for Man Too Drunk to Walk.

Rev. F. E. Higgins, the "lumberjack sky pilot," returned this afternoon from Crookston and other points in the Red River valley, where he has conducted meetings for some time past. In company with Mr. Higgins was one of the filthiest specimens of humanity ever seen on the streets of Bemidji. The man was a woodsman who was returning to this city from the Dakota harvest fields. He had supplied himself with a generous supply of whiskey before leaving East Grand Forks and as a result upon his arrival here he was too drunk to walk. The sky pilot helped the man from the train and this afternoon, after the woodsman had become reasonably sober, "staked" him to a bath and a square meal, and, after giving the man a good lecture left him.

## PROMISCUOUS SHOOTING

Bullets Penetrate Walls of Residences Near Diamond Points.

The promiscuous discharging of fire arms along the lake shore in the vicinity of Diamond Point is a topic of considerable comment among residents of that section. Almost every day, and especially on Sunday, there are men and boys frequent that vicinity carrying guns, and a large number of shots are fired almost daily. During the past week or so there have been several bullets penetrated the walls of residences near the point, and although no injury has been received by any of the residents, a number of narrow escapes have occurred. Diamond Point is within the city limits and a person who discharges a gun in that vicinity is subject to a fine or imprisonment.

## Girlhood, Womanhood, Motherhood.

The first lesson that the young girl has of womanhood is usually a painful one. She learns to know what headache means, and backache, and sometimes is sadly borne down by this new experience of life.

All the pain and misery which young girls commonly experience at such a time may, in almost every instance, be entirely prevented or cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity. It tones up the general health, and cures headache, backache, nervousness, chorea, or St. Vitus's dance, and other consequences of womanly weakness or disease.

### MOTHER OF THE FAMILY.

The anxious mother of the family often carries the whole burden of responsibility so far as the home medication of common ailments of the girls or boys are concerned. The cost of the doctor's visits are very often much too great. At such times the mother is invited to write to Dr. R. V. Pierce, of Buffalo, N. Y., for medical advice, which is given free. Correspondence is held sacredly confidential.

### IT STANDS ALONE.

"Favorite Prescription" is the only medicine for women the makers of which are not afraid to print just what it is made of on every bottle wrapper. It is the only medicine for women every ingredient of which has the unanymous endorsement of all the leading medical writers of this country, recommending it for the cure of the very same diseases for which this "Prescription" is advised.

### A MOTHER'S LOVE.

A mother's love is so divine that the roughest man cannot help but appreciate it as the crown of womanhood. However, motherhood is often looked forward to with feelings of great dread by most women. At such times a woman is nervous, dyspeptic, irritable, and she is in need of a uterine tonic and nerve, a strength builder to fit her for the ordeal. No matter how healthy or strong a woman may be she cannot but be benefited by taking Dr. Pierce's Favorite Prescription to prepare for the event. It makes childbirth easy and often almost painless.

DR. PIERCE'S FAVORITE PRESCRIPTION is a powerful, invigorating tonic. It imparts strength to the whole system and to the womb and its appendages in particular. For overworked "worn-out" "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing-mothers and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

### A STRENGTHENING NERVE.

"Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

### A SCIENTIFIC MEDICINE.

Dr. Pierce's Favorite Prescription is

a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate organism. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness or nausea, weak stomach, indigestion, dyspepsia and kindred symptoms, its use will prove very beneficial.

### CURES OBSTINATE CASES.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhoea, excessive flowing, painful menstruation, unnatural suppressions and irregularities, prolapsus or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness of the ovaries, accompanied with "internal heat."

### HOW TO LOOK BEAUTIFUL.

Young women or matrons should not allow themselves to look sallow and wrinkled because of those pains and weaknesses which become chronic and are the result of colds, tight lacing, and the imprudent care of the womanly system. Many a woman would look beautiful, have healthy color and bright eyes if it were not for those drains on her strength and those weaknesses which come all too frequently and make her life miserable. There is a ready-to-use Prescription, used a great many years by Dr. R. V. Pierce in his large practice as a Specialist in women's diseases, which is not like the many "patent medicines" on the market, as it contains neither alcohol nor any narcotic, or other harmful drug. It is purely vegetable. It is known as Dr. Pierce's Favorite Prescription and is sold by druggists.

### DR. PIERCE'S PLEASANT PELLETS

cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belchings, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

Persons subjected to any of these troubles should never be without a vial of the "Pleasant Pellets" at hand. In proof of their superior excellence it can truthfully be said that they are always adopted as a household remedy after the first trial.

One little "Pellet" is a laxative, two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels. As a "dinner pill," to promote digestion, take one each day. To relieve the distress arising from over-eating, nothing equals one of these little "Pellets." They're tiny, sugar-coated, anti-bilious granules, scarcely larger than mustard seeds.

### HEALTH AND HAPPINESS.

How to live in health and happiness, is the general theme of Dr. Pierce's Common Sense Medical Adviser. This great work on medicine and hygiene, containing over 1000 pages and more than 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers.

According to the plans, the building will be 25 by 80 feet, two stories with a full basement. The contract for its erection will be let about Nov. 1 and the completion of the structure will be accomplished about Feb. 1, 1906. The building is to be used for saloon purposes, but as yet a manager for the establishment has not been decided upon.

## WINE OF CARDUI

No. 933 Mission St., SAN FRANCISCO, CAL., Dec. 9, 1905.

I am happy and pleased to attest to the value of Wine of Cardui for prospective mothers. I took it for three months before my darling baby came and I suffered so little pain I felt I was an exception. The child is happy and healthy and the sunshine of my life. I had hardly any trouble after she was born, and after eleven days was up doing my entire housework and feeling better than I had felt for years. I am the envy of my neighbors because of the unusually healthy child I have and because I never had a sick day myself. I give the entire credit to Wine of Cardui, for I was sickly, pale and thin before I took it, but since I have used it I have been in perfect health, have gained fourteen pounds and enjoy life as never before.

and give more heat in less time and retain it longer than any stove ever made. By the patent method of taking the draft from the top, we secure a perfect Air Tight Heater, giving us absolute control of the fire. The draft being obtained from descending currents, which are full of impurities, makes the heater the best of ventilators. The air becomes gradually heated as it passes thru draft pipe and therefore enters the fire at the right temperature, supplying the proper amount of Oxygen to produce and maintain a perfect combustion, and saving fuel, because with our Damper we have complete control of the fire. The hot air coming from the top ignites and utilizes as fuel all the gases in the stove which in other stoves goes to waste. This explains why the Wilson Heater consumes much less fuel than other stoves and is therefore more economical. Call and see them. For sale only by
