SECEDE FROM PANAMA.
San Blas Indians Renew Allegiance to Colombia.
New York, Jan. 10.—A cable dispatch to the Herald from Panama says: Captain Lovelace of the Panama gunboat Oriente has brought a letter to President Amador, written by Innanaquina, grand chief of the San Blas Indians on the lower Atlantic coast of Panama, announcing their secession from Panama and the renewal of their allegiance to Colombia.
There are about 30,000 of these Indians along 110 miles of the most fertile part of the coast of Panama and in all the villages the Colombian flag is being displayed.
This revolt against Panama's rule is said to be fomented by Colombians and as these Indians have never been conquered or subjected the matter of bringing them back under this country's flag, unless accomplished diplomatically, may prove serious.

AN IMPORTANT SCIENTIFIC DISCOVERY.
Likely to Revolutionize Pharmacy.

A HAPPY COMBINATION
OPEN TO ALL.

Of just the right proportion of each of the roots of several indigenous, or native, medicinal plants, and rather of the active, medicinal principles skillfully extracted therefrom by the use of chemically pure glycerine of just the right strength, constitutes Dr. Pierce's Favorite Prescription for the cure of weak, invalid, nervous, "run-down," over-worked women. Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a far better solvent and preservative of the medicinal principles found in our indigenous or native medicinal plants, than is alcohol. Believing, as he does, that the use of alcohol, even in small portions, if long continued, works great harm to the human system, he determined not to employ this commonly used agent in making his medicines, but to use pure, triple-refined glycerine instead. Now, glycerine is not only perfectly harmless but possesses intrinsic medicinal properties, being a most valuable demulcent, solvent, nutritive, anti-septic and anti-ferment. Since they are non-alcoholic, Dr. Pierce's Family Medicines belong all by themselves. They are neither patent nor secret medicines. Their ingredients are printed in plain English, on each bottle wrapper.

The exact proportion of the several ingredients used in these medicines, as well as the working formula and peculiar processes, apparatus and appliances employed in their manufacture, are withheld from publicity that Dr. Pierce's proprietary rights may not be infringed and trespassed upon by unprincipled imitators and those who may be imprudently inclined.

With Dr. Pierce's medicines you don't have to pin your faith wholly to what the manufacturer says of their curative potency as with other medicines. Mercenary motives, the greed for money-getting, it is feared, often lead men, and women too, to put forth unreasonable claims for their remedies, and many times nearly worthless compounds. Especially should the afflicted beware of the "Cheap-John," free, give away, "trial bottle" dodge. It don't pay to trifle with one's health. It should be regarded as too sacred to be experimented with.

Dr. Pierce's medicines have a record of nearly forty years of cures behind them, embracing many hundreds of thousands of bad cases restored to health and happiness.

THEY STAND ALONE
In having the professional endorsement of scores of eminent medical practitioners and writers, of all the several schools of medical practice, who praise the curative properties of the several ingredients of which they are composed, away beyond all that the makers of these medicines have ever claimed for them. These are the more valuable because in every case written without the author knowing that he was praising articles entering into these popular medicines, the matter being composed for publication in various medical journals and books designed exclusively for professional reading and instruction. The afflicted can, therefore, rely upon such testimony as in every way truthful and trustworthy.

A LITTLE BOOK
has been compiled, made up of brief extracts from many standard medical works, giving, but only in part, some of the many good things written by leading medical authorities concerning the several native, medicinal roots that enter into the composition of Dr. Pierce's medicines. Any one sending, by postal card or letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting a copy will receive it free by return post.

This little book of extracts, contains, in plain English, the name of every ingredient which enters into Doctor Pierce's Golden Medical Discovery, the famous cure for weak stomach or dyspepsia, torpid liver, or "biliousness," bad blood, and all catarrhal diseases of the several mucous passages. By reading this little book, you will learn why this medicine cures such a wide range of diseases. You will find that two of the prominent ingredients of the "Golden Medical Discovery" are recommended by the medical writers of all the several schools of practice for the cure of diseases of the mucous surfaces, as catarrh of the nasal passages, of the stomach and bowels, including ulceration of the same. You will find these agents also spoken of as the best of remedies for all cases of atonic dyspepsia, that is dyspepsia dependent upon weakness of the stomach itself—muscular weakness; also, for kidney and bladder diseases.

Several of the ingredients entering into the "Golden Medical Discovery" are Queen's root, Black Cherrybark, Stone root and Bloodroot are highly recommended for chronic, or lingering coughs, and for all chronic, bronchial and laryngeal, or throat affections. In fact, some of the writers so far as to state that the active medicinal principle contained in Queen's root alone will cure bad cases of bronchitis. Is it not reasonable then to expect much in the way of curative results from a compound containing not one but four ingredients, each of which has a reputation for curing bronchial and throat affections accompanied with obstinate cough? Observation, however, leads the makers of this famous medicine to recommend the "Discovery" for chronic or lingering coughs, rather than for acute colds and coughs. In the latter case it is generally not quite "loosening," or expectorant enough unless mucilage of slippery elm, Gum seed or Gum Arabic be drunk freely at same time it is being used, but when the cough has passed its acute stage, if still persistent, the "Discovery" will prove a sovereign remedy for its control.

READ AND YOU WILL KNOW.
From the same little book of extracts it will readily be seen why Dr. Pierce's Favorite Prescription works so wonderfully cures in those chronic and distressing diseases peculiar to women. In all cases of pelvic catarrh with weakening drains, bearing or "dragging-down" pains or distress, and in all menstrual derangements and irregularities, the "Favorite Prescription" will be found to be made of just the right ingredients to meet and cure the trouble.

Your druggist sell the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

Dr. Pierce's 1000-page illustrated book, "The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing only. For 31 stamps the cloth-bound volume will be sent. It was formerly sold at \$1.50 per copy. Address Dr. R. V. Pierce, Buffalo, N. Y.
