

SENATOR COLE VISITS BEMIDJI

Getting Local Sentiment on Candidacy of Brother, A. L. Cole.

A. B. Cole of Fergus Falls, senator from the Sixty-third legislative district, was in Bemidji yesterday and today boomed the candidacy of his brother, A. L. Cole, for the gubernatorial nomination.

Senator Cole made the rounds of the city, visiting all the politicians and business men, and feeling out the local sentiment. He declared that he was well satisfied with the result, and that he had discovered considerable sentiment for Cole as a second if not a first choice. He left the city this afternoon.

Dr. E. C. Clemens will lecture at the city hall this evening.

CUTLER BOXING WITH JOHN L.

Former Beltrami Man Is Sparring Partner to Great Ex-Champion.

Bemidji people will remember Charles Cutler, the heavyweight boxer, who at one time was chief of police at Blackduck, and who afterwards lived in this city for some time.

Cutler, a year ago last winter, held forth at Cass Lake, and he won several very creditable battles. He was defeated by a scrapper known as the "Kerry Kid," of Superior, through the raw work of an unfair referee, and the lack of condition on the part of Cutler. Many Bemidji sports saw the fight and were very much riled at the manner in which it was conducted.

Since that battle Cutler has been taking very good care of himself, and has advanced rapidly along boxing lines. He was recently taken up by John L. Sullivan, the ex-champion heavyweight, who has taken a great liking to him, and who says that he will yet make of him the equal of any man in the country.

Cutler is now sparring partner with Sullivan, and the pair are in St. Paul this week, giving exhibitions at the Star theatre, together with a vaudeville company. It is hoped that before Cutler departs from this part of the country he can again be matched against the "Kerry Kid."

A literary treat; the lecture by Dr. E. C. Clemens this evening.

DEFAULTER NOT DEAD, IS REPORT

J. Mathews, Former Deputy Treasurer of Polk County, May Return.

News from a source that is considered thoroughly reliable by many, has been received in the city to the effect that Joseph Mathews, who as deputy treasurer of Polk county defaulted to the extent of about \$6,000, and who was thought to have died in a London hotel in 1898, is alive and well at the present time, located in a prosperous city in the United States, says the Crookston Times.

It is claimed he has about half of the amount of defalcation saved up, and expects in a comparatively short time to return to Crookston, reimburse the bondsmen of County Treasurer Beaudry, who settled with Polk county on a basis of 50 per cent, and start life over again.

The news came as a thunderbolt out of a clear sky. Mathews disappeared in 1897, while he was acting as deputy treasurer, and was never seen here again. A man was found dead in a London hotel and on his person was found a prescription written by a Crookston physician. The authorities here were wired and the identification was thought to be complete, as a photograph taken of the remains strongly resembled the missing man and in addition Mathews' watch and ring were found upon the dead man together with some papers.

Now it is thought that Mathews was in London at the time and changed the clothing with the dead man to confuse the authorities.

POISON KILLS A SOLWAY MAN

Homesteader Named Dodds Supposed to Have Committed Suicide.

A homesteader by the name of Dodds, living a few miles out from Solway, died in the hospital in this city this morning from poisoning. The case is suspected to be one of suicide.

The man was found in his cabin in an unconscious condition and was hurried to Bemidji last night in the hopes that his life might be saved, but every effort was in vain and he never regained consciousness.

There has been no autopsy but the physicians are certain that death was caused by the taking of poison, and the supposition is that he took the fatal dose himself with self-destruction in view.

tragedy, although all the Chippewas excepting his wife, who was not sworn, testified that it was he who struck the blow, and decided that the only way to get at the bottom of the affair would be to hold the whole six until further investigation.

Crazy Dog, himself, who may have a different story to tell, could not be heard as he speaks only Sioux and there was no interpreter at hand to explain the mysteries of that language.

The names of some of the Indians read like a confusion of the alphabet. The six now in jail are: Henry Martin, Crazy Dog, Ah-be-tah-ka-ka-ke, Bah-zhe-duay-eve-dum-oke, May-yok-o-beak, Day dah-an-sh-ek.

Firemen Give Dance.

The Bemidji firemen gave a dance last night in the city hall in honor of the new floor, which has just been completed. It was a success in every way. The large room was filled to its utmost capacity, and the crowd was one of the merriest of the season.

There were about 100 couples on the floor, and the spectators' seats were filled. Everyone had a good word to say for the new floor.

The hall has also been fitted out with a raised platform in the rear of the room, a great improvement, whether the occasion be a dance or a show. The stage likewise has been improved; the old footlights having been taken off and replaced with new ones, while the stage itself has been made two feet wider and covered with a new carpet.

"A Fortune Found"

When Mr. Cahxo Garcia saw the results of the NEW SUN CURING PROCESS used on Havana leaf tobacco, he said that "A great discovery had been made, a fortune found"—an admission by this celebrated Cuban tobacco expert of what Bondy & Lederer's jealous competitors tried in vain to deny.

A harmless, perfectly healthful Havana tobacco with all of its fine aroma intact—the kind that smokers relish and doctors CAN'T forbid.

Made Mild by Nature

No damp, pent up stemmeries, but only the softening, purifying rays of the sun can produce that peculiar, mild, rich flavor of the tobacco in the Lawrence Barrett 10c Cigar—the best cigar to be had at any price.

Discriminating smokers recognize this. Bondy & Lederer's success in Lawrence Barrett cigars is due to the satisfaction it gives to the best class of smokers.

Are you a "Barrett" smoker?
