M. & M. Peaches 20c and 25c a dozen tonight at the Lakeside bakery. John Mogan came down this morning from Margie, where he has been buying logs for the Crookston Lumber company. J. C. Parker went to Northome last evening on business and returned this morning, in order that he might cast his vote at the primary election.

Harry Biller, who is in the employ of the U. S. forest service, and who is working in the vicinity of Bena, came over from that place yesterday afternoon for a brief visit in Bemidji.

Dr. Jones has come out with a brand-new medicine wagon that is at once a thing of beauty and a practical receptacle for his remedies; and the Doc. exhibits pardonable pride in his rig.

Bad breath, coated tongue, a languid feeling, is entirely unnatural. Your lazy liver and bowels need a tonic. The best soothing tonic to every organ is Hollister's Rocky Mountain Tea. Tea or tablets 35c. Barker's Drug Store.

M. D. Stoner went to Kelliher last evening on business connected with the awarding of the contract for the installing of the new water-works system by the village of Kelliher. Mr. Stoner and C. W. Jewett of Blackduck are the official engineers for the village.

T. J. Miller & Co. have been instrumental of late in the making of several deals in property that were of more than ordinary importance. Mr. Miller personally engineered the deal between E. J. Swedback and F. A. Mayo, a \$21,000 transaction, and he also has pending several other deals of equal importance. "The Burglar and the Waif" is a guaranteed attraction which will appear at the Opera house on Saturday evening, the 22nd. It teems with bubbling comedy and pure heart interest bearing the critical and popular of all large cities. The local managers of the opera house have made a personal investigation as to the merits of the play and have found it exceptionally good.

Stat. of Ohio, City of Toledo, Lucas County. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886. (Seal) A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.

F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

CUBANS DO NOT OBJECT

MAJORITY BELIEVES INTERVENTION THE ONLY WAY TO END HOSTILITIES.

AMERICAN PROTECTORATE POSSIBLE

MANY FAVOR PERMANENT CONTROL AS TRUE SOLUTION OF THE DIFFICULTY.

Havana, Sept. 17.—President Roosevelt's declaration that it is imperative that hostilities cease and arrangements be made to secure the permanent pacification of Cuba is echoed enthusiastically on all sides. Everybody is gratified at this clear declaration and the fact that Secretary of War Taft and Acting Secretary of State Bacon are to be sent to render aid to these ends. A few of the leaders of the Moderates are of the opinion that Secretary Taft will settle the matter within one week on some basis of the division of offices, etc., but how to get the rebels to agree to anything which shall include the retention of President Palma's administration is a serious conundrum.

All speculation up to the present time leads toward the discussion of some form of permanent American control or guarantee of peace and order as the only true solution of the difficulty.

Sympathy With Rebellion.

A correspondent of the Associated Press, who has just returned from the front in Pinar del Rio province, where he visited both the insurgent and government troops, reports that almost all that region sympathizes with the rebels, but not to the extent of handing the reins of government to them. The almost universal consensus of opinion throughout the province is for American intervention and it is believed that the country will never have settled conditions in any other way. The same sentiment prevails among the rank and file of the government troops.

Officials of the government express pleasure at the coming of Secretary Taft and Assistant Secretary of State Bacon to find a peaceful settlement of the troubled conditions, but on the point of how the United States can secure and assure permanent pacification they are entirely non-committal.

ROOSEVELT WARNS CUBA.

Disorder Must Cease or United States Will Intervene.

Oyster Bay, L. I., Sept. 17.—After a protracted conference with Secretary of War Taft, Assistant Secretary of State Bacon and Secretary of the Navy Bonaparte President Roosevelt addressed an important communication to Cuba and arranged to send Secretary Taft and Mr. Bacon to that island at once to make a thorough investigation of conditions there and use their influence to restore peace.

The communication is addressed to the Cuban minister to the United States, Senor Quesada. It is an impassioned plea to Cuba to realize her responsibility as a self-governing republic and to restore peace in the island. Her attention is called to no uncertain language to the responsibility which the United States bears to the island and the certainty that such responsibility will necessarily be exercised should peace not be preserved. The president says he has certain information that the peace of the island is now menaced and that American property has been destroyed.

Secretary Taft will be accompanied on his Cuban trip by Captain Frank R. McCoy, one of the president's military aides. Captain McCoy was an aide to General Wood, both in Cuba and the Philippines, and speaks Spanish fluently.

ADVOCATE A PROTECTORATE.

Prominent Cubans Say That Alone Will Guarantee Peace.

Havana, Sept. 17.—Eduardo Chibas, a prominent resident of Santiago, said to the Associated Press: "The entire province of Santiago will burst into revolt unless the United States intervenes immediately. There must be a protectorate or there will be no permanent peace in Cuba." Jose Villalon, ex-secretary of public works and a prominent veteran, declared that permanent peace or further investment of foreign capital in Cuba were impossible except under an American protectorate.

Marines Get Hurry Orders.

Portsmouth, N. H., Sept. 17.—A detachment of sixty-six marines, under command of Captain Charles F. Hatch, have left the Portsmouth navyyard under hurry orders on their way to Norfolk, Va. It was the opinion among the officers at the local yard that the marines were being hurried south in order that they might be available for service in Cuba.

Funston Called to Washington.

Tacoma, Wash., Sept. 17.—General Frederick Funston has been ordered to Washington without delay. The order is supposed to be in connection with the situation in Cuba.

Kills Babe and Herself.

New York, Sept. 17.—Mrs. Victor Anthony, thirty-five years of age, cut the throat of her three-year-old daughter Annie in her home in Jersey City. Going to the roof she jumped to the street, three stories below. The child is dead and the mother is dying.

Harry Mitchell's Editorial

I am Minneapolis' Finest Tailor, and half my business comes through the mail from people who live out of town. I make suits or overcoats to order for \$15, \$20 and \$25 that will equal any other tailor's \$30, \$35 and \$40. Write me today for samples telling me just about the kind of clothes you want. Let me send these samples to you with my measurement blanks which tell how to take your measure. I guarantee perfect fit and satisfaction or no pay. I prepay all express charges so that the clothes don't cost you any more than my next door neighbor. Address your letter to **HARRY MITCHELL, 316 Nicollet Avenue MINNEAPOLIS**

AFTER FIFTY-ONE YEARS.

Iowa Man Supposed to Be Dead Returns Home.

Burlington, Ia., Sept. 17.—Chris Burmaster, who has been missing from his home here for fifty-one years and was supposed to be dead, returned unexpectedly and made himself known to the members of his family still living.

When he was seventeen he became discouraged and without saying a word to his family or any one else he disappeared, going into the wilds of South Dakota, where he took up a farm.

He succeeded after a long struggle in putting himself into comfortable circumstances. He married and then went to Los Angeles, Cal., where he has been living a retired life.

He found several sisters and brothers still living here, some of whom had been born since his departure.

His wife died about two years ago and a longing to see the old home place caused him to return to Burlington. Some twenty years ago his name appeared among the victims of a South Dakota Indian massacre and it was taken for granted that he was dead.

FOUR PERSONS KILLED.

Two Violent Storms Visit Johnson County, Neb.

Tecumseh, Neb., Sept. 17.—Two violent and seemingly distinct storms visited Johnson county during the afternoon, resulting in the death of four persons, the fatal injury of two others and painful injury of five more. The dead are:

O. A. Giel, aged forty; August See man, forty-five; Roy Carline, seven teen; George Koehier, fourteen.

The first three were killed by lightning near Elm creek. A party of threshers were at work on the farm of Henry Walters when the storm came up. Four of the men crawled under the threshing machine, which was shattered by a lightning bolt and three were instantly killed. Henry Walters, Jr., was badly shocked and burned, but will probably recover.

AFFECTS 1,600 SKILLED MEN.

Strike of Shop Employes on the Wash-bash Road Ordered.

Chicago, Sept. 17.—A general strike of all shop employes on the Washash railroad system has been ordered. The order affects 1,600 skilled mechanics, including machinists, boiler-makers and blacksmiths.

James O'Connell, president of the International Association of Machinists, before leaving Chicago for Washington, said that everything possible had been done to avert a strike and that a walkout of all the employes in the repair and machine departments of the road could not be avoided unless the railroad company should agree to the terms of the men.

SIX BODIES RECOVERED.

Four Other Workmen Killed by Going Through Drawbridge.

Toledo, O., Sept. 17.—Six bodies have been recovered and at least four more are being searched for in the Maumee river as a result of an accident when a handcar plunged through an open draw of the Maumee bridge. The men were section employes of the Wheeling and Lake Erie road, according to time checks found on the bodies.

Only the illiterate and the social elect can afford to treat the language recklessly.—Brainerd.

WHOLE VILLAGES DESERTED

PEOPLE OF SICILY IN A PANIC AS RESULT OF CONTINUED EARTHQUAKE SHOCKS.

Palermo, Sept. 17.—The people of Sicily are still in a condition of panic because of the earthquake shocks which have been occurring here for the past four days. They continue to camp out in the open and many have taken refuge in caves. They are in fear of a repetition of the Calabria disaster of last year. Whole towns and villages have been deserted. Citizens, priests, soldiers and government officials are living crowded in together wherever they consider they are safest. Pitiful scenes occurred during the removal of invalids from the hospitals. The government has issued instructions that food be distributed.

PROSPERITY IN WEST.

New York Railroad Man Says It Beats the East.

New York, Sept. 17.—Dwight W. Pardee, secretary of the New York Central, has just returned from a trip to the West, which included St. Paul and points west to Portland. From there he went to San Francisco and was in the other more important cities of California. With the exception of San Francisco conditions everywhere he found to be prosperous. He says: "People in the East cannot realize the enormous business that is being done in the West unless they actually see it. All lines of business are active, with, of course, the crops as the basis."

"The railroads are having all they can do to handle their traffic."

"Even in San Francisco there is great enthusiasm and optimism."

GET AWAY WITH \$10,000.

Safecrackers Loot Both Banks at Underwood, N. D.

Bismarck, N. D., Sept. 17.—A gang of four highwaymen blew open the safes in both banks at Underwood, McLean county, obtained about \$10,000 in cash and fled into the country. The noise of the explosion was heard by residents of the town, who thought it might be roisters shooting firearms. A druggist, who was sleeping in his store next to one of the banks, was awakened by the explosion and started out the front way, when he was covered with a gun and ordered back. He found a man also at the back door and couldn't give an alarm.

At the second bank a land agent was likewise awakened and started out, but met the same fate as the druggist.

O. A. Giel, aged forty; August See man, forty-five; Roy Carline, seven teen; George Koehier, fourteen. The first three were killed by lightning near Elm creek. A party of threshers were at work on the farm of Henry Walters when the storm came up. Four of the men crawled under the threshing machine, which was shattered by a lightning bolt and three were instantly killed. Henry Walters, Jr., was badly shocked and burned, but will probably recover.

WELL RECEIVED IN CUBA.

News of Proposed Visit of Mesara, Taft and Bacon.

Havana, Sept. 17.—President Roosevelt's action in sending Secretary of War Taft and Acting Secretary of State Bacon to investigate conditions in the island was regarded favorably on the whole by those who were first apprised of it. Cubans generally, it may be said, do not desire intervention of any sort in Cuban affairs, but the desire for a settlement of some kind now predominates. The conviction is overwhelming that the trouble must be settled through the United States.

The truth of President Roosevelt's picture of the deplorability of the revolution and of his reference to the United States' right of intervention is not questioned.

Secretary Taft's reputation as a pacificator and as administrator in the Philippines makes his coming particularly welcome.

TO PROTECT PLANTATIONS.

Marietta Arrives at Cienfuegos and Lands Marines.

Washington, Sept. 17.—A cable dispatch has been received from Cienfuegos by the navy department announcing the arrival of the Marietta at that place.

Later in the day another dispatch was received from Commander Fulham of the Marietta stating that a force had been landed from that ship at Cienfuegos to protect sugar plantations which were threatened.

From dispatches received from Mr. Sleeper, charge of the American legation at Havana, it appears that the extent of damage to American property near Cienfuegos had been exaggerated.

Dr. Pierce's Favorite Prescription

Is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmless character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol in its make-up. The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of woman's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol and that too in large quantities. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal note or letter, of Dr. E. V. Pierce, Buffalo, N. Y. Don't forget that Dr. Pierce's Favorite Prescription, for woman's weakness and delicate ailments, is the only medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed in plain English on every bottle wrapper; that it is the only medicine especially designed for the cure of woman's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "medical men's" ever published for other medicines. Send for these endorsements as above. They are free for the asking. If you suffer from periodical headache, backache, dizziness, pain of dragging down sensation low down in the abdomen, weak back, have disagreeable and weak, catarrhal, pelvic drain, or are in distress from being long on your feet, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription. Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One laxative; two or three a cathartic.

TAKES EFFECT.

Veteran Fires Twice at Governor of Milwaukee Soldiers' Home.

Milwaukee, Sept. 17.—William McCauley, a veteran recently discharged from the Soldiers' home in New York state, attempted to kill Governor Cornelius Wheeler of the National Soldiers' home in this city. Two shots were fired from a 32-caliber revolver, neither of which took effect. McCauley was overpowered by other inmates of the home and later was arrested and taken to the county jail.

McCauley sought admission to the home, but was refused on the ground that he had not been out of another home long enough. The shots were fired when within ten feet of Governor Wheeler. The prisoner is a man of huge proportions and it was with difficulty he was held until officers arrived and placed him under arrest.
