FOR ARMY OF PACIFICATION.

Duba Owes United States \$2,500,000 Up to Present Time.

Washington, March 2.—Extraordinary expenses to the United States up to date caused by the sending of an army of pacification to Cuba aggregate about \$2,500,000, according to figures which have been prepared by the war department. The navy has made no extraordinary charges for the part it has taken in the maintenance of peace in the island, but the marine corps has charged extra expenses for the organization of a brigade of marines to assist in preventing trouble.

It has not been determined exactly when this money will be collected from Cuba by the United States. Congress authorized the collection of as much of this money as Cuba can spare and practically allowed the war department to exercise its judgment in this matter.

OVER FIVE THOUSAND OUT.

Strike of Steel Employees at East Chicago Spreads.

Hammond, Ind., March 21.—The strike situation at East Chicago was intensified when 3,500 men employed by the Inland Steel company walked out. Three thousand of these are laborers and the remainder are skilled men. The reason for the walkout was the demand of the laborers for an increase in wages of 25 cents per day. Six hundred men are on strike at the Interstate Steel company and 1,200 at the Republic Iron and Steel company and the latest walkout brings the total number of strikers to over 5,000 men. The industries of East Chicago are completely tied up. Some rioting occurred early in the day and one of the strikers, who are for the most part foreigners, was beaten by one of the guards at the Inland Steel company's plant.

TWO NEGRO WOMEN LYNCHED.

Shot to Death for Using Razor on Whites.

Stamps, Ark., March 2.—Charged with having used a razor with probable fatal effects on Mrs. Ella Rheton, a white woman, and her daughter and kicking her son, a small child, about the road, two colored women were shot to death at McKamie, near here, by a mob.

According to the statement of Mrs. Rheton she and her two children were attacked by the negro women while walking along the public road, she and her daughter receiving knife wounds which it is feared may prove fatal. The negro women were arrested and placed under guard at the schoolhouse, the town of McKamie being without a jail, from which place they were removed by the mob and shot to death.

DAUGHTER STABS FATHER.

St. Paul Man Sustains Probably Fatal Injuries.

St. Paul, March 2.—Charles Howard, a tailor, is dying at the city hospital as the outcome of a family row during which he was stabbed with a carving knife by his eighteen-year-old daughter, the blade penetrating his left lung. The girl claims that Howard was threatening his wife with the knife and she seized the weapon as her father poised it over her mother and wrested it from his grasp. Then followed a struggle, during which the girl stabbed her father in the left side.

The girl and her mother have been placed under arrest.

BANK ROBBERS FOILED.

One Mortally Wounded and the Other Captured.

Johannesburg, Transvaal, March 2.—An attempt was made to hold up the employees of the National bank here, but it was foiled by the employees. Two armed men, masked, entered the bank and demanded the contents of the safe, but the employees promptly produced revolvers and fired on the strangers. In the interchange of shots one of the robbers was mortally wounded by a bullet in the mouth and the other was captured as he was trying to flee. One of the bank employees was wounded, but not seriously.

STORM HOUSE OF COMMONS.

Thirty Woman Suffragists Arrested in London

London, March 2.—Thirty woman suffragists have been arrested for attempting to force an entrance into the house of commons. A delegation of the women drove up in wagons and, after promenading before the houses of parliament, stormed the entrance of the house, where the police reinforcements drawn up for the occasion awaited the onslaught. A scuffle followed.

Previous to this demonstration an indignation meeting, which was largely attended by the so-called "suffragettes" and their friends, was held at Caxton hall, where the speakers denounced the house of commons for stifling the Dickinson woman suffrage bill.

TO DISCUSS CONSOLIDATION.

Conference of Several Protestant Denominations at Chicago.

Chicago, March 21.—A general council of Protestant churches representing the Congregationalists, Methodist Protestants and United Brethren met here in the Union Congregational church to discuss the formation of a general union of the Protestant churches.

The primary efforts of the council will be directed toward the union of the three churches named, but the ultimate object of the meeting is the gathering of all the Protestant sects in the country in one body under the name of the United church, which will have as underlying principles freedom of individual action in the local affairs of each church and the unity of all the churches for mutual welfare and co-operation.

Better Than Spanking.

OPEN SHOP DEMANDED.

Seattle Builders Suspend All Construction Work.

Seattle, Wash., March 2.—Building operations representing forty-three jobs, involving more than \$5,000,000 and affecting 5,000 workers, are practically at a standstill here as a result of the ultimatum issued by the Master Builders' association last week refusing to pay to common laborers, such as a concrete mixer, \$3 instead of \$2.50. The master builders have suspended all work in which they are concerned with the statement that no further construction will be carried on by them until an agreement recognizing the open shop in Seattle for the class of labor in question has been made. On the other hand the unions refuse to make concessions.

Prominent Negro Assassinated.

Hattiesburg, Miss., March 2.—Edward Howell, one of the most influential negroes in Southern Mississippi and president of the People's bank, a negro institution of this place, was shot in the back and killed while on his way home at night. The shooting is a mystery.

MINNESOTA MAKES ANSWER.

Commodity Rates Are High Enough for Reasonable Profit.

St. Paul, March 2.—The state rail-

ROAD AND WAREHOUSE COMMISSION HAS FILED ITS ANSWER IN THE SUIT BROUGHT BY TEN RAILROADS TO RESTRAIN IT FROM PUTTING INTO EFFECT ITS PROPOSED NEW SCHEDULE OF COMMODITY RATES.

The state denies that the federal court has any jurisdiction in the matter and denies that the rates proposed are so low as to amount to confiscation of the property or taking it without due process of law.

The state insists that the proposed rates are liberal enough to yield a fair return on the value of the property.

DULUTH BROKER HARD HIT.

Fred H. Merritt Compelled to Close His Doors.

Duluth, March 2.—Fred H. Merritt, probably the largest dealer in curb stocks in Duluth, has closed his doors and his affairs are now in the hands of trustees. Mr. Merritt was reputed to be worth \$500,000 made in the last two years in copper, but he was very heavily hit by the recent slump in the New York and Boston markets. It was stated by his attorney that the claims would be met in full and that possibly Mr. Merritt would pull out with a small margin for himself. The other brokers are affected, but they will probably weather it. This is the first brokerage failure since the copper craze struck Duluth.
