**FEARS "FIXED" JURORS.**

Judge Stops Criminal Case and Orders New Panel.  
Pittsburg, April 2.—Judge Marshall Brown, in the criminal court, stopped the trial of Isadore Cutler and Walter Davis, charged with highway robbery, because he suspected some of the jurors had been approached by friends of the defendants. The officers who are prosecuting the men reported to Judge Brown that they saw friends of the defendants talking to the jurors during the noon recess. The case was immediately postponed until next week, when a new panel of jurors will be summoned.  
Rescued by Lifesavers.  
Sandusky, O., April 2.—The Marblehead lifesaving crew rescued three men adrift on a scow, which became separated from the tug Pankrat during a heavy storm. The men spent a wild night on Lake Erie and suffered intensely from the cold. The scow finally drifted ashore and subsequently the three men were picked up by the lifesaving crew.  
Typhoid Epidemic Threatened.  
Warsaw, Russian Poland, April 2.—The city of Warsaw is threatened with a serious epidemic of typhoid fever. The outbreak occurred in the overcrowded prisons, where thousands of political suspects have been shut up for months awaiting trial under the most unsanitary conditions. Typhoid is now rapidly spreading throughout the city. More than 200 cases already have been reported.  
Advance in Wages Expected.  
Fall River, Mass., April 2.—Unless unexpected developments occur more than 30,000 cotton mill operatives in this city will have their wages advanced on May 27, when the working agreement in force between the textile council and the Fall River Manufacturers' association expires. It is the general opinion that the advance will be 10 per cent above the present rate.

**PRINCIPALS ARE SILENT.**

Meyer, Haywood and Pettibone Refuse to Discuss Controversy.  
Boise, Ida., April 2.—Messrs. Meyer, Haywood and Pettibone decline to discuss the letter of President Roosevelt to Honoré Jaxon of Chicago, wherein the chief executive reiterated his expressed belief that the accused men, together with Debs and Harriman, were undesirable citizens. That the three men were, in refusing to talk of matters, acting under advice of counsel, was admitted by one of the attorneys in the case, who said that neither the attorneys or accused men would become further involved in the newspaper controversy with President Roosevelt. The attorney also intimated that in his opinion the defense had suffered material injury as the result of intemperate utterances of well meaning but over zealous friends.

**ON EVE OF HEARING.**

Railroads Discontinue Exclusive Rate to the Oil Trust.  
Cleveland, April 2.—The railroads have made a big concession to the independent oil men. The independents will no longer have to pay \$105 for the return of an empty tank from the Pacific coast to a refinery east of the Missouri river. A rate that, it is said, has been a big factor in the success of the Standard Oil company is also withdrawn. Both moves are made in advance of the interstate commerce commission hearing to be held at Washington May 21.  
The readjustment of rates means that the Standard Oil company loses an exclusive rate of 7 3/4 cents a hundred from Central Freight and Trunk Line association territory to the West-coast coast.
