BOMB EXPLOSION AT LODZ

Missile Thrown at Police Officials With Fatal Effect.
Lodz, Russian Poland, June 5.—Two detectives were killed and two soldiers and three other persons wounded in a street here by a bomb thrown at the police officials by terrorists. A patrol of infantry, attracted by the explosion, appeared on the scene soon afterwards and opened fire on the crowd, wounding thirteen persons. Thirty arrests were made in connection with the affair.

GOODWIN WILL RETIRE.

Famous Actor Tired of Unreal Things of the Stage.
New York, June 5.—Nat Goodwin confirms the report that he is to quit the stage and begin life anew in a Western mining camp. He says he has bought some properties in Nevada and will spend the rest of his days out there.

"I am quitting the stage," said the actor, "because acting interferes with my evenings. Besides, I want to live among real men and real things. I've met men in Nevada—men that are men—and I prefer the desert and its men to London and its tops. London is an excellent referee for the game of playing acting; that's why I acted there. But let me live in my own country and away from artifice and artistry and all the other big names for little things."

BIG BREAK IN COTTON.

Drop of \$1 a Bale Follows Government Crop Report.
New Orleans, June 5.—The cotton market broke about \$1 per bale upon receipt of the government's condition report. October sold down to 12 cents per pound and December went slightly lower than this.
The break in prices lasted about ten minutes, after which the market worked quickly up to the figures quoted before the receipt of the report. The government's estimate was equal to the best that had been expected in New Orleans and this was taken to account for the momentary break.

Battle on Jersey City Pier.
New York, June 5.—Two hundred striking longshoremen, about twenty nautical men and several policemen had a pitched battle on pier B in Jersey City. When peace was restored one of the union men was on his way to a hospital in the ambulance with a gash in his head and two others, also badly wounded, were spirited away by their friends. Pistols, knives, clubs and stones were used in the encounter.

Order Temporarily Held Up.
St. Paul, June 5.—The order for the removal of artillery from Fort Snelling will not become effective until after Secretary of War Taft visits this city June 14. At that time the matter will be decided definitely and arrangements have been begun to bring every possible influence to bear upon the war secretary that will tend to induce him to change the order.

Shaw to Head Banking Merger.
New York, June 5.—Former Secretary of the Treasury Leslie M. Shaw may head a \$50,000,000 banking merger. Reports are current in the financial district that the newly organized Carnegie Trust company, of which Mr. Shaw is the head, will be the nucleus of a combination of three trust companies whose total resources aggregate the figures given.

BRIEF BITS OF NEWS.

Edna May, the American actress, was married in London Tuesday to Oscar Lewisohn, son of Adolph Lewisohn of New York, in the presence of a few relatives and intimate friends.

Prince Eberwein of Denthelm-Steinfurt, who some time ago forfeited his rights of inheritance and his position in the German army by marrying the daughter of a burgomaster, is now bankrupt.

Fire at Oshkosh, Wis., caused losses aggregating nearly \$70,000 in the store buildings occupied by the Brill Baggage company, Tobias Lucks' photograph gallery and the L. Struebing Clothing company.

John C. Capers of South Carolina will be appointed commissioner of internal revenue ad interim. The appointment is to continue until Dec. 1, when Pearl Wight of New Orleans will become commissioner. Mr. Capers is the member of the Republican national committee from South Carolina.

BLOW TO LOW FARES

Cleveland Three-Cent Line Loses Franchises by Decision.

OHIO SUPREME COURT ACTS

Declares Illegal the Act of the City Council Renewing to the New Company the Expired Franchises of the Cleveland Electric Company.

Columbus, O., June 5.—The supreme court, in a decision in the suit of the city of Cleveland against William Reynolds, gave a great victory for the Cleveland Consolidated Railway company and a blow at low fares. The case was brought in the circuit court of Cuyahoga county and involved the validity of the street car franchises on Erie and Central avenues. The circuit court upheld the validity of the franchise of the Consolidated Railway company and the supreme court sustained the circuit court, thus knocking out the low fare franchise.

Cleveland, June 5.—The city council of Cleveland on Jan. 11, 1904, passed an ordinance renewing to the Forest City Railway company, known locally as the 3-cent fare line, the grants of the Cleveland Electric Railway company on Erie street, Central and Quincy avenues, the grants to the old company having expired. On Jan. 10, 1905, Reynolds began suit to enjoin the enjoyment by the Forest City company of renewed grants on the ground that the council had no right to make such a renewal to a new company and also on the ground that the making of the grant amounted to an attempt to take the property of the Cleveland Electric company without due process of law.

"BLACK HAND" VENGEANCE

Bomb Exploded in Home of Man Who Refused Its Demands.

New York, June 5.—"Black Hand" men took terrible revenge on Joseph A. Morrony of North Fourth street, Mount Vernon, because of his refusal to submit to extortion.

They exploded a bomb in the range in his kitchen, wrecking the tenement and maiming his aged mother, his wife and his ten-year-old daughter, Annie.

The mother, who is seventy-six years of age, was preparing luncheon in the kitchen. Her arms were literally torn off by the explosion. The kitchen door was blown from its hinges and into the parlor. Mrs. Morrony, the wife, was found under it, her right arm torn off, part of her scalp gone and her body bruised. The daughter was near her mother and fragments of the demolished stove struck her in the face, disfiguring her.

There was no fire in the coal range at the time. The aged woman told the police at the hospital later that when she entered the kitchen she saw a man hurrying out. She thought he was a delivery man. Evidently he placed the bomb in the range. A hole five feet in circumference was torn in the floor and wreckage was blown through it into the saloon below, where Morrony was at work.

FRENCH STRIKE ENDED.

Seamen Will Be Reinstated Without Payment of Penalties.

Paris, June 5.—The seamen's strike is regarded as being virtually ended and the men are everywhere expected to resume work within twenty-four hours. The navigation companies have accepted the government's recommendations and will restore the officers and crews without insisting on any penalties.

PASSENGERS BADLY SCARED

Dynamite Exploded Under San Francisco Street Car.

San Francisco, June 5.—Dynamite was exploded under the first car sent out over the McAllister street line. The forward trucks of the car were raised from the tracks and the passengers were badly frightened, but no serious damage was done. The explosion occurred when the car was half way between Polk street and Van Ness avenue.

PARENTS ANS CHILD DEAD

Many Others Rescued From Burning Building in Newark, N. J.

Newark, N. J., June 5.—Three lives were lost and thousands of dollars' damage was done in a fire which started shortly before 2 a. m. in Newark Turnverein hall. The known dead are Joseph Honeke, janitor of the Turnverein hall, burned to death in his apartments; Mrs. Joseph Honeke, wife of the janitor, overcome by smoke and burned to death; child of the jan-

IN AUTOMOBILE ACCIDENT

Millionaire Resident of Buffalo, N. Y., Instantly Killed.

Buffalo, N. Y., June 5.—Harry Hamlin, millionaire son of Cicero J. Hamlin, the world famous breeder of trotting horses, was instantly killed in a collision between his automobile and a buggy just outside the city line on North Main street.

Hamlin was trying out his latest acquisition to his garage. He was running at a fast clip near Williamsville when another auto driven by Charles Woolley, son of the Irons hotel proprietor, glided past him, stirring up a cloud of dust in the faces of Hamlin and his friends.

DISASTROUS LOSS OF LIFE

Four Thousand Persons Perish in Chinese Earthquake.

Victoria, B. C., June 5.—The steamer Shawmut brought news of a disastrous loss of life following an earthquake at Hsingkiang. A telegram received from Peking by the Nishi Shimbun at Tokio shortly before the Shawmut sailed reported that 4,000 persons were crushed to death, a vast number of houses destroyed and many persons left starving. The empress dowager has telegraphed urgent instructions to the local governors to take measures to relieve the distress.

MERCURY DOES NOT CURE BLOOD POISON

While Mercury and Potash may mask the disease in the system and cover up the outward symptoms for awhile, they cannot cure Contagious Blood Poison; when the treatment is left off, the disease will return worse than before. Mercury and Potash eat out the delicate lining of the stomach and bowels, produce chronic dyspepsia, cause the teeth to decay, make spongy, tender gums, affect the bones and nerves, and often cause Mercurial Rheumatism, the most hopeless form of this disease. Thousands have taken the mineral treatment faithfully for years to find, when it was left off, that the disease had only been smoldering in the system, and the old symptoms of ulcerated mouth and throat, falling hair, copper-colored spots, swollen glands, sores and ulcers, etc., would return in all their hideousness, and they were no nearer a cure than when they first commenced the treatment.

S.S.S. PURELY VEGETABLE

S. S. S. is the only certain, safe and reliable treatment for Contagious Blood Poison. It is the one medicine that is able to go into the blood and cure the disease permanently, and without injury to any part of the system. S. S. S. does not cover up anything, but so completely removes the poison that no trace of it is ever seen again. This medicine will also remove any bad effects left by previous mineral treatment. S. S. S. is made entirely of roots, herbs and barks; we offer a reward of \$1,000 for proof that it contains a particle of mineral in any form. Write for our home treatment book, and if you desire special medical advice, our physicians will be glad to furnish it, as well as the book, free of charge.
