THE LAKESIDE BAKERY

Wanted For Forestry Purposes.

St. Paul, Sept. 41.—The state for-
estry board, according to Gen. C.
C. Andrews, state forestry commis-
sioner and executive agent of the
board, will ask congress at its next
session to cede to the state of Minne-
sota 100,000 acres of land on the
northern boundary of St. Louis
county, for a state forestry reserve.
Representative J. J. Opsahl of Be-
midji, a lumberman who is also
much interested in forestry work,
called on Gen. Andrews and
told of a cruise made through this
particular strip of land. The strip
extends along Lac La Croix and
Crooked lake. It is singularly beau-
tiful, and Mr. Opsahl says he be-
lieves in places equals the scenery
of the famous Yellowstone.

The land is full of stone, unfit for
agricultural purposes. It is mostly
burned-over timber land, with occa-
sional spots where second growth
timber has a good start. When in
time to come it is accessible by rail-
road, Mr. Opsahl believes it will
become a popular summer resort.
The lakes are dotted with many
beautiful islands. The land all
belongs to the federal government,
and General Andrews believes it
ideal for a forestry reserve and fit
for nothing else.

"Such a reserve would also be a
haven for game and game preserva-
tion," said Gen. Andrews to the
News-Tribune representative, "as by
state law hunting is prohibited on
all state forestry reserves. If con-
gress grants our request, we would
have included in the grant act a
proviso that any portions of the
100,000 acre tract fit for agriculture
should be exempt from the grant."

on hand next Tuesday, when their
applications can be handled expedi-
tiously.
