### LEGISLATION TOO RADICAL

Druggists Would Repeal Sherman Anti-Trust Law.

Denver, Oct. 7.—According to a resolution adopted by the annual convention of the National Wholesale Druggists' association, now in session here, the Sherman anti-trust law "is entirely too radical and should be amended or new legislation enacted to permit reasonable trade agreements." The resolution declares the belief of the association to be that the literal application of the Sherman law will create the greatest possible restraint of trade, although that is the condition it is intended to prevent.

The association also declared cocaine to be the most pernicious of all drugs and one of its members suggested that sales to retailers be limited to an ounce at a time, just enough to use in prescriptions. The national pure food law received hearty support.

Edgar D. Taylor, Richmond, Va., was elected president and E. Berger, Tampa, Fla., secretary.

### Ruth Craven as "Dora Thorne."

"Dora Thorne," the beautiful drama of English life will be the attraction at the opera house, one night only Saturday, Oct. 5th, with Miss Ruth Craven in the role of Dora. To say the play gives satisfaction would be expressing it mildly. The story is a beautiful one and

pleases old and young alike, containing as it does many comedy and dramatic situations. The play is written in four acts which are beautifully mounted with special scenery, which is carried complete by this company. Reserved seats should be secured well in advance as this is without doubt the very best attraction to visit Bemidji this season.

### NOT ALWAYS TRUTHFUL

Evidence That Washington Swore to False List of Property.

Washington, Oct. 7.—Documentary evidence has just been discovered in Fairfax county, Va., to prove that George Washington was not always regarded by his neighbors as a model of veracity.

At the May term of the Fairfax county court in 1700 he was publicly "presented" by the grand jury for swearing to a false list of his taxable property. In other words, twelve citizens of his home county officially branded him as a liar and tax dodger. The discovery of this record was made by Captain S. R. Donahue, editor of the Fairfax Herald, the weekly paper of Fairfax County House. While seeking data for a history of the county, which he is engaged in writing, Captain Donahue examined the ancient records of the county court. In the musty depths of pages yellow with age he unearthed a day or two ago proof of the fact that in 1700 criminal proceedings were instituted against Washington for not entering his property for taxation, an offense which involved the making of a false oath. The word "present" as used in this report carried over those days only a slightly different meaning from that of the word "indict," a difference largely technical.
