WOMAN'S TERRIBLE DEED

Kills Her Husband, Six Children and Herself.

Cadillac, Mich., June 15.—Mrs. Daniel Cooper shot and killed her husband, five of her six children and herself, in their home here. The sixth child was fatally wounded. Mrs. Cooper is said to have been subject to spells of dementia. The bodies were found by Mrs. Cooper's mother.

When Mrs. Kealy, Mrs. Cooper's mother, went to the Cooper home she found the bodies of her daughter and Mr. Cooper lying on the floor. A revolver lay beside Mrs. Cooper. Mrs. Kealy rushed into an adjoining room and there found the five children lying dead in a pool of blood, with the sixth child fatally wounded close by.

Developments indicate that the crazed mother first chloroformed the members of the family before shooting them. There were no signs of a struggle in any instance.

GAMBLING MUST STOP.

New York Authorities Threaten to Close Race Tracks.

New York, June 15.—The racing situation assumed an entirely new phase when Assistant District Attorney Elder of Brooklyn came out with an open threat to close the tracks and force the discontinuance of racing unless efforts to place bets at the tracks are immediately discontinued. Mr. Elder said that despite the assurances made to him by the race track officials and the special policemen at the track he is confident there was no sincerity in those assurances. "If the law is not lived up to both in letter and spirit," said he, "the police will raid the track and close it up just as they would any common gambling place. We have authority to do this and for precedent can refer to the case of Delancey vs. Flood, which was passed upon by the court of appeals."
