**COURT AT GRAND RAPIDS PRODUCES SENSATIONS**

Some Rather Complicated Situations Are Shown in Assault Case, Now On Trial.

Grand Rapids, June 27.—(Special to Pioneer.)—Some sensational facts were disclosed in district court yesterday upon the trial of Peter Harrison charged with assault in the second degree.

Some of the evidence tended to show that Harrison and one Mainla, who was also indicted by the grand jury for the same offense, had tried to use a knife on the complaining witness while the three men were members of a party walking from Bovey to a mining camp near by.

Mainla was called as a witness by the State and this precipitated several disclosures. It appeared that the witness had been before the grand jury to testify against Harrison but his name was not upon the indictment. County attorney Thwing stated to the court that the witness had been examined by the grand jury before the indictment had been found, but the records were produced and it appeared that the witness had been examined and paid on June 4th and the indictment returned on June 5th.

It also came out that the witness, although he was under indictment had never been arraigned or brought into court, it evidently being the purpose of the state not to cause him to be arrested at all notwithstanding that there was an indictment pending.

On the evidence submitted the jury returned a verdict of not guilty.

**Bonds Lacked Sufficient Majority.**

Cass Lake, June 27.—(Special to Pioneer.)—The bond election recently held here, for the purpose of ascertaining whether or not it was the desire of the voters of Cass Lake to bond the village for the amount of its standing indebtedness did not carry as was at first reported.

It was the general opinion, at first that the majority of votes would determine the question, but after consulting the laws it was found that it took five-eighths majority to carry the bonds.

At the recent election the bonds lacked six votes of being carried by the majority. Another election will be held in the near future.

**SUGGESTS ANTI-TRUST LAWS**

Delegation From Duma Calls on Premier Stolypin.

St. Petersburg, June 27.—Having found it impracticable to discuss before the summer recess the interpellation brought by a group of Octoberists regarding the big metallurgical trust now in course of formation, which will control 60 per cent of the metal production of Russia as well as extensive coal and iron mines, a deputation of the duma, headed by M. Guchkoff, the Octoberist leader, visited Premier Stolypin and explained their objections to such industrial and commercial combinations.

The statement presented by M. Guchkoff is signed by 110 deputies, representing all political parties. It declares that the proposed metallurgical trust is seeking to evade the law with a view to establishing a private monopoly. The Russian legislation in the matter of trusts is very backward, the statement recites, being either out of touch with modern conditions or having been drafted in haste, as in America. The signers ask the government to introduce into parliament as speedily as possible legislation providing for complete reform of the existing corporation laws and the regulation of industrial combinations.

Premier Stolypin promised to consider the desired legislation.

**ARMED MEN SEIZE TOWN**

Three Persons Killed and Several Wounded in Fight.

Laredo, Tex., June 27.—Two hundred armed and mounted men attacked and captured the town of Viesca, state of Coahuila, Mex. Three persons were killed and several wounded in the fighting.

Wires were cut and the railroad lines torn up and a bridge burned.

Three trainloads of troops left the City of Mexico for the scene and one trainload of soldiers also is leaving Saltillo, the capital of the state.

Reports received here are to the effect that the government believes the attack was made by bandits. The vice president of the republic and the secretary of war and interior, it is stated, deny that the trouble has any political significance. Some reports received here say the outbreak is the starting of a revolution.

The identity of the injured and the nature of their injuries is withheld by the hospital authorities.

It is understood that among the injured in the accident were Mrs. Dr. Davenport of Watertown, Mass., and Mrs. Sunden of Lincoln, Neb. Mrs. Sunden was cut about the face and ankles.

**DEADLOCK IN WOOL MARKET**

Growers Demand Eighteen Cents and Buyers Offer Only Fifteen.

Miles City, Mont., June 27.—About 1500,000 pounds of wool has found its way to the Milwaukee and Northern Pacific warehouses here. Buyers are here representing nearly all the big houses, but hardly a sale is being made, as the growers have set their price at 18 cents for good clips and the buyers are offering around 15. **WITH SIMPLE SERVICE**

Funeral of Ex-President Cleveland Takes Place at Princeton.

**NO EULOGY, SERMON OR SONG**

President Roosevelt, a Number of Governors and Other Distinguished Personages Attend as Private Citizens and Friends of Deceased.

Princeton, N. J., June 27.—Without eulogy, sermon or song, but with the simple burial service of the Presbyterian church, Grover Cleveland was buried in Princeton cemetery beside the ivy covered grave of his daughter Ruth. Although President Roosevelt was in attendance, as well as Governor Fort of New Jersey, Governor Hughes of New York, Governor Hoke Smith of Georgia and other distinguished personages, they did not attend in an official capacity but as friends of the late ex-president.

The last honors paid the dead statesman were strictly private, both at "Westland," the Cleveland residence, and at the cemetery, in compliance with the wishes not only of Mrs. Cleveland but those of Mr. Cleveland as well.

The active pallbearers, who were chosen by Mrs. Cleveland, were Mayor George B. McClellan of New York; Commodore E. C. Benedict; Dr. Richard Watson Gilder; Dr. John H. Finley; Professor Paul Van Dyke of Princeton Graduate seminary; Professor John Grier Hibben of Princeton university; Paul Morton, ex-secretary of the navy; Professor Howard McChesnan of Princeton university and Archibald D. Russell, Junius B. Morgan and Bayard Stockton, trustees of Princeton university.

The streets from "Westland" to the cemetery were guarded by mounted troopers and members of the New Jersey state militia. Intersecting streets were roped off and no pedestrians or vehicles allowed within the curb lines from the time the procession started until it had passed into the cemetery. The guardsmen were on duty merely to assist in policing the city and their presence was consented to by Mrs. Cleveland only on the ground that it was proper to have a suitable guard for President Roosevelt. Mrs. Cleveland had hoped to avoid anything of a military element in connection with the funeral.

**THROUGHOUT THE WORLD.**

Tribute in Some Form Paid to Memory of Grover Cleveland.

Washington, June 27.—In every part of the world where there is a United States flag floating tribute was paid to the memory of Grover Cleveland. Several foreign governments accorded special honors for the occasion, American embassies, legations and consular agencies bore the Stars and Stripes at half mast, army and navy officers wherever located wore a badge of mourning and battleships, cruisers and vessels of our navy of every type rendered appropriate observance of the former commander-in-chief of the army and the navy. Beginning at day-break salutes were fired by all ships and army posts, beginning at military posts with a thunder of thirteen guns and winding up with forty-five guns at sunset. Throughout the world tribute in some form, either under American or foreign auspices, was rendered.

In Latin-America Brazil, with its feeling of debt of gratitude to Mr. Cleveland, paid the most signal honors.
