eleven, offering to play Grand Rapids, for any amount from \$100 to \$200 a side, stipulating (in addition to the game being played at Grand Rapids, the home of his team) that the officials be selected from Bemidji and from Grand Rapids.

As O'Day's proposition was manifestly unfair, and favored his team, Mr. Rutledge, answering the letter for Comany K, offered to play a game for \$100 a side at Cass Lake (in Cass county) the officials to be selected from other towns outside of Grand Rapids and Bemidji, the proposition being fair in every particular.

The Grand Rapids team played at Cass Lake yesterday and the proposition was again put to Mr. O'Day, over the telephone. An emphatic refusal to play his team anywhere except at Grand Rapids, in Itasca county, was the answer. Mr. Rutledge agreed to play anywhere outside of Itasca or Beltrami counties, Beltrami county being the home of the Bemidji team.

Manager O'Day absolutely refused to play anywhere except in his home county, and as there is bad feeling between the members of the two teams, the Company K boys refuse to play on the Grand Rapids stamping ground, but in all fairness offered to play anywhere outside of Itasca county.

The Company K team has improved wonderfully since the last game with Grand Rapids, and there is some money here that would be wagered that the locals would defeat Grand Rapids should they ever come together again, on neutral grounds.

Mayor's Proclamation.

Whereas, Tuesday, the 3rd day of November, 1908, is the day fixed by the General Laws of the State of Minnesota for holding the general state election, said day being the first Tuesday after the first Monday in November, and

Whereas, said charter provides that the council pass ordinances governing the election, which is not to conflict in any wise with the general laws governing state elections, the said laws provides as follows:

"No spirituous malt or intoxicating liquors shall be sold or given away, nor shall any store, saloon or barroom, where such liquors are sold or given away, be open on such election day at any time between the hours of 5 o'clock in the forenoon and the hour of 12 o'clock in the afternoon.

"Whosoever violates any portion of this act shall be fined not less than \$100 for each offense, and on default thereof, be imprisoned for a period not to exceed six months."

Said section also contains the following:

"It shall be the duty of the mayor, sheriff, constable and other officials and magistrates to see that the next preceding sections are strictly enforced, and the mayor, the day next preceding the day of election shall issue a proclamation that the provisions of said section will be strictly enforced, and if he fails to perform his duty herein prescribed, he shall be subject to a fine of \$1,000 or imprisonment in the county jail for a period of sixty days or both, at the discretion of the court.

"But no failure on the part of the mayor to issue said proclamation shall exipiate any person violating said last preceding section from the penalties prescribed."

Now, therefore, I, J. P. Pogue, mayor of the City of Bemidji, County of Beltrami, State of Minnesota, in obedience to the duty imposed upon me, do hereby proclaim, order and direct, that the provisions of said sections will be strictly enforced, and stores, saloons and barrooms, where spirituous malt and intoxicating liquors are sold or given away in the city of Bemidji, county and state aforesaid, be kept closed on said 3rd day of November.

Given under my hand this 2nd day of November, 1908.

J. P. Pogue,

CURE YOUR KIDNEYS

Do Not Endanger Life When a Bemidji Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney disease, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Bemidji testimony:

Mrs. Mary A. Cochran, living at 1014 Mississippi Ave., Bemidji, Minn., says: "I suffered from rheumatism for over ten years, and never expected to get relief. My kidneys were badly disordered for two or three years and despite the many remedies I tried my condition did not become any better. At last Doan's Kidney Pills were brought to my attention, and I procured a box at The Owl Drug Store. I have been using them for some time and there is a great improvement in my condition. Doan's Kidney Pills have helped me more than any remedy I have previously tried and I am very grateful to them."

Flour Talks # 9

There is a reason for our confidence in Occident Special Patent Flour that we have not told you. We bake more bread perhaps than any reader of these talks.

If you are particular about the flour you use you ought to see our bread bakers. They are severe critics. It keeps our wheat buyers and millers humping to keep Occident Flour up to our laboratory standard.

And don't we make good bread? Golden brown loaves with the crispy, flaky crust throwing off that delicious browned flour smell that fills your kitchen every bake day, and makes the little folks (and grown-ups too) beg a warm outside crust from mother. But our bakers don't bake for the good looks or the good smell. They bake to determine the food value, and the baking quality and quantity of Occident Flour—And they keep at it—everlastingly—with their ruthless tests, and measures, and temperatures—and when they say, "No!"—that batch doesn't get the Occident brand.

So you see we know every sack of Occident Flour is worth the few cents more and is as good from your bread point of view as it is from our flour standpoint. And we tell your grocer to return your money if you aren't satisfied. Insist on this label.
