

SOLDIER BOYS WILL LEAVE SUNDAY NIGHT FOR CAMP

Captain Otto Receives Orders for Co. K to Leave Bemidji Over M. & I. Night Train, at 10:30.—Company Is Making a Good Showing.

ATTENTION CO. K. Company K is hereby ordered to be prepared at 10:30 p. m. Sunday to go to camp at Lake City. Company will meet at armory at 9 p. m. sharp.

—A. E. Otto, Captain.

Company K, M. N. G., of Bemidji will leave on tomorrow night's south-bound M. & I. passenger train for St. Paul and will depart from the Capitol City early Monday morning for Lake City to go into camp for ten days of drilling and perfection as "citizen soldiers."

It is expected that the advance guard, which left here Thursday, will have the camp in "apple pie" order when the soldier boys arrive there Monday; and it is certain that the Bemidji company will be among the front ranks of those that participate in the encampment.

The following is the official roster of Company K:

DEER RIVER WILL PLAY IN BEMIDJI ON SUNDAY

Will Bring Good Team Here.—Wahpeton Plays Games Here, Tuesday-Wednesday.

The Bemidji baseball team will play a game on Sunday afternoon with the Deer River team. The game will be played at the down-town ball park, and will be called immediately after the arrival of the west-bound Great Northern train from Deer River.

Deer River has always brought a good team to Bemidji and games which they have heretofore played with the locals have always been close and interesting contests. Just what their line-up will be is not known, but they can be depended upon to have a good, fast "bunch." Baumgardner and Eckel will be the battery for Bemidji and the team will line up about as usual for the other positions, as follows: Jerome 1b, Riddell 2b, Barker 3b, Bush ss, Carlton lf, Mitchell cf, LaGore rf.

The Wahpeton, N. D., team will play games here next Tuesday and Wednesday and the Bemidji team will be strengthened for these contests.

Everybody should turn out and patronize these games so that the management may be able to keep good players here and give the fans good games.

Ingvold (Walter) Howe Dead.

Ingvold Howe (better known in this city as "Walter" Howe) died in this city at 5:55 o'clock last evening, after having been confined to the local hospital as a result of an injury sustained in one of the local sawmills on May 11.

The Pioneer is informed that funeral services will be held in the Norwegian-Lutheran church at 1:30 o'clock tomorrow afternoon under the auspices of Bemidji Lodge, M. B. A. and Rev. Kolste will have charge of the services.

At the close of the services the body will be escorted to the train and shipped to Fosston for burial. The pall-bearers will be members of the M. B. A. lodge and will accompany the body to its resting place at Fosston.

Howe's injury was of such a nature as to necessitate the amputation of one of his limbs, after which he improved slightly and is said that he gradually failed during the past two weeks until death ended his sufferings, last evening.

A.M. PALMER HAS BOUGHT THE LUDINGTON STOCK

Popular Ex-Resident of Solway Becomes One of Bemidji's Business Men.

A. B. Palmer, one of the pioneer residents of Beltrami county who for many years engaged in the livery business at Solway, has purchased the J. A. Ludington stock of hardware in this city and will continue the business heretofore conducted by Mr. Ludington.

Mr. Palmer disposed of his livery business at Solway last fall and has been located at Bemidji since that time. He took possession of the Ludington stock yesterday, after invoicing it thoroughly.

Mr. Palmer will add to the stock and keep the store at all times first-class and up-to-date.

Mr. Palmer lived at Solway for seven years, and during that time was given the reputation of being one of the squarest and most conservative business men in Beltrami county. He is a progressive "booster" and will be a welcome addition to the business circles of this "hub of northern Minnesota."

"Baseball."

The picture, entitled "The Ball Game," is a characteristic illustration of America's greatest sport, and will interest every lover of the game. It shows in a clever way

many characters whom anyone will recognize; the small boy whose love of the game leads him to climb the fence; the 33d degree "fans," who occupy honorary positions on the broken chair and the soap box in the field; the noisy fellows in the grand stand. They are all there—the "Wellwell" man; the "Hit'er out" man; the "Kill the umpire" man. You will see someone you know in the picture.

In the pose of the batsman and the tense attitude of the catcher, the picture reveals that the game is at a critical stage; the score is presumably a tie; two out, a man on third, and with two strikes and three balls on the batsman. The batsman, all set to swing at the ball, might be the double of the immortal "Casey."

The picture was drawn for Hart Schaffner & Marx, and is one of the best things that Mr. Samuel Nelson Abbott, a New York artist, has done. This very interesting picture is in the display window of Schneider Bros.' clothing store and should be seen by every baseball fan who appreciates a good thing concerning the national game.

Is Fine Lecturer.

The Brookville American says of Frank Sampson Tinscher, who will lecture in the M. E. church next Monday evening.

"To say that he captured his hearers, says one who heard the lecture, is putting it mild. He simply captured them at the start and held them all the way through. His earnestness and his forceful way of putting his eloquent thoughts, no less than his genius in spicing his discourse with entertaining anecdotes and illustrations, each one driving home some great truth, rendered the lecture one of the most enjoyable intellectual feasts."

THE BEMIDJI BOAT CLUB IMPROVING LAKESHORE

To Build Landing Docks at Different Points.—To Clear Lake of Logs and Rubbish.

The members of the Bemidji Boat Club, at their meeting held last evening, took decisive action in the matter of requesting the city council to clear the lakeshore of all undesirable refuse and to see to it that the cleanly condition was maintained during the balance of the summer, the secretary of the club, Harry Reynolds, being instructed to communicate with the city council relative thereto.

The club also took action on several other matters of considerable public interest. The trustees of the club were instructed to arrange the program of water sports which will be given at the celebration on July 5th.

The club decided to build landing docks at Diamond Point, Birchmont and Chautauqua beaches, Rocky Point, Lakeside and also at the outlet, where the Mississippi river leaves Lake Bemidji.

W. S. Lycan and L. G. Crothers were authorized to place buoys opposite Diamond Point and other dangerous places on the lake.

It was decided to at once begin the work of dredging the outlet of the Mississippi river and get it into condition so that boats can easily pass to and fro out of Lake Bemidji.

Commodore Palmer was instructed to hire men to tow the floating deadheads which are now in the lake to the shore so as to eliminate the danger which is now very imminent from this source.

The boat club is determined to have Lake Bemidji second to no body of water in the state as an ideal place for boating, and will do everything possible to that end.

All firemen are requested to meet at the fire hall at 2 o'clock Sunday afternoon to participate in the memorial services at Greenwood cemetery and decorate the graves of brother firemen.

By Order, —Earl Geil, Chief.

found the defendant guilty of grand larceny in the third degree. Kling was then brought into court and Judge Stanton sentenced him to serve three years in the state penitentiary at Stillwater.

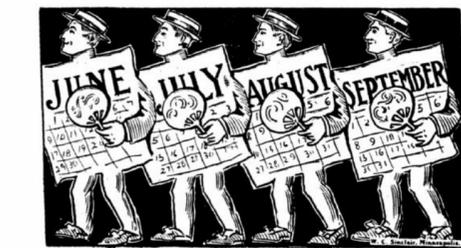

This forenoon Jessie Payne was brought in to plea to the charge of burglary in the third degree. A. A.

Andrews was appointed as attorney for Payne, and stated that, as the defendant was but twenty years old and slightly "off in the upper story," he suggested that the court give the defendant a reformatory sentence. Judge Stanton sentenced Payne to an indeterminate term in the reformatory at St. Cloud.

Four Hot Months Coming

Get ready for a red hot sizzle—and four or five million flies and mosquitoes. So long as we can't control these hot weather pests, why not do the next best thing and keep them in check as much as possible? What's that—Screens? You've guessed it the very first shot out of the locker. Screens are our only salvation against bothersome flies and tormenting mosquitoes, and anybody who puts up with them when screens are as cheap as we're selling them, ought to be numbered with the early martyrs. If all-wool fabrics were the rule in men's clothes there wouldn't be so much reason for talking about being sure of getting all-wool clothes. But all-wool isn't the rule; most of the men's clothes made today are made from fabrics with cotton in them.

"This is true of practically all 'cheap' clothes—we use the word cheap to mean price; a suit at \$10 or \$12 or even \$15 is pretty apt to be cotton. But even when you pay \$20 or \$25 you can't always be sure of all-wool; because the weavers and clothing makers are certainly very skillful in the way they make cotton-mixtures look like all-wool.

The safe way, the best way, about the only sure way we know of, to get all-wool, is to get Hart Schaffner & Marx clothes. They use none but all-wool fabrics; you can depend on it every time.

You'll get the tailoring and the style, too. Suits \$18 to \$25.
