DEFENDS SOUTHERN CAUSE

Secretary Dickinson Makes Address at Nashville.

Nashville, Tenn., Sept. 23.—Secretary of War Dickinson, as the guest of honor of the Daughters of the Confederacy at the state fair, made an address in which he said:

"I always kept conspicuously displayed in my residence in Illinois portraits of Davis, Lee and Jackson and with them the Confederate colors. They were seen there by our president, by the son of Grant and by the son of Lincoln and by many Union soldiers. It never occurred to me to offer explanation or apology.

"Sensible people of the North know that in cherishing these sentiments, in holding these convictions, in caring for the graves of our dead, in erecting monuments to perpetuate their fame, in giving a true history of our contest and teaching our children to reverence the memory of those who sustained the Southern cause there is no protest against the government under which we live."

SPANIARDS TURN MOUNT GURUGA

Successful in Severe Engagement With the Moors.

Madrid, Sept. 23.—The Spanish forces in Morocco, according to the latest dispatches received here, were eminently successful Sept. 20 and 21 in turning Mount Guruga and surrounding the ferocious Beni-Sicar tribesmen. The government is publishing broadcast accounts of many thrilling and gallant episodes of the fighting and the war fever is at a high pitch. All the reports agree that the Moors showed fanatical courage, but they were met with a fine display of Spanish valor.

Near Taxdir four battalions of Spanish troops were deployed over a front six miles long. They were charged suddenly by 200 Arab horsemen. General Tovar, perceiving that the enemy threatened to break the line, sent out a strong detachment of chasseurs and cavalrymen to check them. The two parties met with a terrific shock. At first the Moors broke, but they returned to the attack several times before they were finally routed, leaving many dead on the field. The Spanish infantry then formed a retreat and the Moors, reinforced, swept down upon them. The Spanish line then about faced and fired repeated volleys point blank into the enemy, putting them to flight. The dispatches report that the Moors left 100 dead on the field.

A total of 5,500 Moors, including 1,500 cavalrymen, took part in the fighting of Sept. 20. The Moors lost 400 men.

The Spanish troops under General Orozco have occupied Aograz.

GREAT STRIKE THREATENED

Shop Employees of Wabash Road Demand More Wages.

Springfield, Ill., Sept. 23.—A general strike of machinists, boiler-makers, blacksmiths, carpenters and steam and pipe fitters in the shops all over the Wabash railroad is threatened as a result of the failure of the company to accede to demands made by the employes for increased wages and changes in shop rules. Superintendent Needham, in answer to the ultimatum of the employes, offered an increase of 2 cents an hour, whereas the men asked 6 cents increase, and proposed a compromise on the rules demanded. The men decided to carry their grievances to General Superintendent Miller at St. Louis.

PROMINENT GUESTS ARRIVING

Will Attend the Hudson-Fulton Celebration.

New York, Sept. 23.—Nearly every transatlantic liner arriving brought distinguished guests for the Hudson-Fulton celebration and in a thick fog off Sandy Hook the United States fleet was waiting to thread the Narrows.

The first notable arrival was Grand Admiral von Koester of the German navy. The three cruisers which Germany has sent for the naval display here had not reached New York waters when the admiral landed from the steamer Bluecher.

FORTY SHOTS EXCHANGED

Duelists Escape, but Four of the Seconds Are Wounded.

Naples, Sept. 23.—A duel between Torre Pazzo, a member of an aristocratic Italian family, and Anelli Nicola, a money lender, proved that it is far safer to be a duelist than a second, for the two duellists exchanged forty shots at twenty-five paces, escaping themselves absolutely unscathed, while all four of the seconds received pistol wounds, one of them dying.

Telling the Truth Pays
The simple truth, in black and white, is that when you buy lumber or building material from us, you can throw all uncertainty to the four winds. Does that sink in?
Goods of inferior quality may cost little, but they may not be WORTH anything. No matter how little you pay for an article, it is not really cheap unless it will satisfactorily fulfill the purpose for which it is intended.
Our lumber and building material is made good enough for the White House, but is sold to those people who want "the best you've got." If you're that kind of a buyer, we can please you.
