

The Time and The Place

Christmas Is rushing toward us. Seven more days in which to do your shopping. Fortunately our heavy buying gives us a stock still complete.

Of course as long as newspaper space can be bought, exaggeration and misrepresentation may be looked for. Despite the announcements of overzealous competitors, despite the multitude of claims, none of which can in reality be substantiated, we must insist that Barker's Jewelry Store now is and doubtless will be for years to come, Bemidji's greatest value giving jewelry emporium. While others have played to empty aisles the Barker store has been crowded every minute during the holiday season.

A "Hull"--of Course

Its the only Umbrella you should give at Christmas.

Its good qualities and the convenience of the Hull Detachable and Interchangeable Handle have been so widely advertised, that every gift umbrella is going to be inspected this year to see if the name "HULL" is on the button. No other umbrella is as popular or as desirable.
