**SHANGHAI GOES TO REBELS**

**Insurgent Flag Floats Over Native Section—No Resistance Offered.**

Shanghai, Nov. 4.—The arsenal and the native city of Shanghai have been taken over by the revolutionists. No resistance was offered by the authorities or such of the public as remains loyal.

It is expected that Wusung, at the mouth of the Wusung river, ten miles north of Shanghai, and the upriver forts will fall shortly. It is believed that Nanking and Chingkiang will also be captured by the rebels.

Some of the foreign warships landed marines in this city before the rebels took possession. Foreign volunteers were called out and have taken every precaution to protect the concessions. It is reported that the rebels at Kiuthkiang have seized the British tugboat Sampson.

It became evident that the revolutionists proposed to assume control of affairs here within a short time, though it was not thought that they would occupy the arsenal before night.

As the day progressed the revolutionary flag was hoisted over all the buildings in the vicinity of the arsenal and thousands, wearing on their arms the white band, insignia of the constitutionalists, gathered in the streets.

**No Interference by Officials.**  
The police and native soldiers made no attempt to interfere, on the contrary fraternizing with the insurgents.

The taotal, realizing the inevitable, caused notices to be posted stating that the native city might be taken over by the revolutionists and expressing the hope that the public would not be thrown into a panic and that the shops selling food should not be closed except at the usual hour.

The native constabulary of Chapli, a suburb of Shanghai, mutinied and burned the police station and residence of the chief of police and then declared their allegiance to the rebel cause.

The revolutionary leaders here have telegraphed General Li Yueng Heng, the head of the rebel movement, advising him to cease hostilities pending developments at Peking.

The latest advices from Hankow give assurance that the foreign concessions are safe and have not been seriously disturbed by the rioting in the native city.

**PART OF HANKOW BURNED**

**Native Quarter Reported Completely Destroyed.**

Shanghai, Nov. 4.—The native quarter of Hankow has been completely burned, according to advices received here.

The government troops, it is added, have not succeeded in clearing the rebels from the city, though they are in control of part of it. In other sections street fighting between imperialists and rebels continues. Neither side is granting quarter to the enemy.

Prisoners are cut down at once. Consequently few are taken, the combatants preferring to die fighting.

The wounded are killed wherever found.

Corpses are thickly scattered everywhere.

In the sections which they control the imperial troops are still butchering the inhabitants mercilessly.

In the various battles and massacres it is estimated that 6,000 or 7,000 have been killed since fighting broke out in Hankow.

**MUTINEERS TAKE ARSENAL**

**Revolt in China Spreads to New Territory.**

Peking, Nov. 4.—The imperial troops at Tsinan, capital of Shantung province, mutinied and captured the arsenal.

In Yunnan province the imperial forces declared the province's independence.

All these outbreaks carry the rebellion into new territory.

There is much anxiety concerning conditions at Tsinan, which, as the site of a Roman Catholic cathedral, has a considerable foreign colony.

Practically the whole of Yunnan province's 12,000,000 population are said to support the declaration of independence.

Paoting is only seventy miles from Peking.

Chicago, Nov. 4.—Persons having incomes running up to \$200 a month and bank accounts as high as \$7,000 have been getting medical attendance free and profiting by the Cook county charity supply stations for flour, meals and vegetables, according to an investigation completed here.

As a result President Bartzen of the board ordered 5,444 families cut off the charity list.

"We'll have to do something," said Bartzen, "or it will soon come to the point where folks will be journeying to the county supply stations in their automobiles asking for rations."

**FIND IT HARD TO BE HONEST**

**Famous Divine Says Business Men Are in Grip of the System.**

New York, Nov. 4.—Rev. R. J. Campbell of City Temple, London, hedged a trifle here on his reported statement that "no man could be honest in business and succeed." This is the way he put it when asked if he really made such a declaration to a Philadelphia audience:

"The business man of today is in the grip of the system. He finds it hard to be honest and succeed. Competition is the cause of it and the business man cannot help himself."

**FIGHT LIQUOR AND SOCIAL EVIL**

**Plan to Merge All Young People's Church Societies.**

Chicago, Nov. 4.—A plan to merge all the young people's church societies in the United States and Canada as a force to fight the liquor traffic, the social evil and dishonesty in public life was announced at a meeting of the America's Young People, now in session here. The chief means by which these reforms are to be effected is through a campaign to induce young men to enter local politics.

Each of these church societies will retain its separate organization and merge only for the set purposes. The merger is to be effected by a committee of the International Citizenship convention of young people's societies.

"There are 15,000,000 young people enrolled in the various church societies in Canada and the United States," said Chairman Harry S. Warner of Chicago, "constituting a tremendous force, which can be organized and set to work and do much to elevate citizenship and public morals."

St. Paul, Nov. 4.—The Minnesota Transfer, the barometer of business conditions in the Northwest, handled the biggest volume of traffic in October in its history. The record of the month surpassed that of October, 1909, which was the crest of the prosperity wave in the United States.

The total number of cars handled at the transfer last month was 61,347, as compared with 58,070 cars for October, 1910, an increase of approximately 10 per cent. The figures for October, 1909, were between these two.

**LAND IN CONGO GIVEN GERMANY**

**Terms of Moroccan Agreement Made Public—France Gaining Point.**

Paris, Nov. 4.—The contents of the Franco-German accord, officially given out, show that Germany recognizes the right of France to establish a protectorate in Morocco, while both nations engage to obtain the adhesion to this accord of the other signatories to the Algeiras agreement.

France, as compensation for German recognition of her protectorate in Morocco, cedes to Germany about 250,000 square kilometers in Northern French Congo, touching the German Kameruns.

The territory ceded is inhabited by about 1,000,000 negroes and has a commerce value at \$2,400,000 annually. The new German frontier starts at Monda bay and extends to the Sanga river, thence to Kandeko, and thence through the Congo, finally attaining Lake Tchad by way of the Ubanga and Leogone rivers.

**France Retains Privileges.**

France retains the right to run railroad lines across German territory to connect the different parts of French Central Africa.

The accord does not affect Togoland, but Germany cedes her "ducks-bill," extending from the Chart river to the Leogone river. France and Germany agree to submit to The Hague tribunal all difficulties arising from the operation of the accord.

In reference to Morocco, France agrees to safeguard the economic equality and commercial liberty for which provision is made in existing treaties. The only reference to commercial rights in the ceded territory is the mutual agreement to take over the rights and obligations in connection with the companies holding concessions there.

**GRAY HAIR MAKE YOU LOOK OLD**

**A Simple Remedy Brings Back the Natural Color—Dandruff Quickly Removed.**

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy, a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

Don't neglect your hair. Start using Wyeth's Sage and Sulphur today, and you will be surprised at the quick results.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.
