Physical Wreck Restored To Health By Great Kidney Remedy.

I fell it my duty to furnish you with my testimonial as to what your remedy Swamp-Root did for me when I was a physical wreck from kidney and bladder trouble. Some years ago I was not able to do any work and could only just creep around and am satisfied that had it not been for Dr. Kilmer's Swamp-Root I would not have lived. After using the preparation for one month I was able to work some and when I had used \$8.00 worth of Swamp-Root could do a good day's work. I used about \$10.00 worth altogether and would not take \$10,000 for the good that it did me. I consider it a God-send to suffering humanity for the diseases for which you recommend it and have recommended it to many sufferers. N. L. HUGGINS, Welch, Ark. Personally appeared before me this 20th of September, 1909, N. L. Huggins, who subscribed the above statement and made oath that the same is true in substance and in fact. W. A. PAGE, J. P.

Curate's Dilemma.

Two curates, one a rather good-natured fellow, the other the opposite, lived together. The good-natured one went out for a walk and met a poor man, who asked him for assistance. The curate said he was only poor himself, but if he had a coin in his pocket the man should have it. Lo and behold, when he pulled his hand out of his pocket he showed a half dollar, which he did not know about, and gave it to the man, thinking he had done an act of kindness. When he got back to his lodgings he told his fellow-curate of the experience. His fellow-curate heard the story out, and when he had finished replied: "You need not be surprised at all; you have got my trousers on!"
