I announce myself as a Republican candidate for nomination to the office of county attorney for Beltrami county at the primaries September 17th.

If nominated and elected I will continue to conduct that office economically, as a purely business one, and in no sense as a political office.

I solicit not only the votes, but the active co-operation of the people of this county in my candidacy.

GRANDMOTHERS
USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.

"THE ORLEAN'S COACH."

Majestic Theatre Tonight.

A period play, if well done in motion pictures, is one of the most acceptable of any. It is a pleasure to present one so nearly faultless as is this one. The subject matter is neither a play nor history, but is taken from a well known episode in the judicial annals of France during the year 1795. It is a case of the greatest judicial error ever on record. The principal thread running through the story is that of a resemblance of two men. The principal actor in the picture acts a dual role. When one is aware that the incident depicted really occurred, the picture has an influence over one that seems like looking back into the past a hundred years. M. M. Ranet plays the part of "Rousset," the merchant, and "Gasnier," the robber. His work, assisted by great camera work, is a revelation. It is the most wonderful camera work we have ever had the pleasure of exhibiting. In a number of pictures Monsieur Ranet steps out of a picture as "Rousset" only to immediately appear, following himself, as "Gasnier." In the presentation of these high class features we feel that we are elevating the picture business in this city to the high standard where it belongs.
