

THE LURE OF ORIENTAL-LIKE FABRICS AND ACCESSORIES

From the top of her head to her dainty foot the modish woman aims to look as Oriental as possible. Everything tends toward this—trimmings, fabrics, accessories and even the outlines of the figure. The closely dressed hair with perhaps just an upstanding feathery frond or a jeweled comb, such as Cleopatra might have worn, harmonizes with the loosely draped gown of oddly patterned silk and its accompanying wide hip sash.

New ways of draping these sashes are being shown daily. The large bow in the back after the Japanese manner is becoming so many, but the sash that swatches the waist, giving the new broad line, crosses in back and is draped low over the hip, is most becoming, lending, as it does, the distinction of height and grace to the figure.

Canary color crepe de chine used with 7986 would make a stunning frock. The broad, deep yoke could be of lace, veiled in the palest yellow chiffon, and the sash of figured silk duvetyn in a shade of shades harmonizing with the crepe de chine.

In 7984 the overblouse offers an attractive way of introducing contrast. Here a quaintly figured Futurist silk is used with an underblouse of figured net and a foundation skirt of plain satin lame. The result is charming.

No. 7986—sizes 34 to 42.
No. 7984—sizes 34 to 42.
Each pattern 15 cents.

To obtain either pattern illustrated fill out this coupon and enclose 15 cents in stamps or coin. Be sure to state number of pattern and size, measuring over the fullest part of the bust for dimensions. Address: Pattern Department.

CURRENCY BILL GIVEN APPROVAL

Trade Associations Laud Pending Measure.

SUGGEST SOME CHANGES

Report of Banking Committee of Chamber of Commerce of the United States Endorsed by Overwhelming Vote of Its Membership.

Detroit, Mich., Oct. 15.—The constituent members of the Chamber of Commerce of the United States of America, including local chambers of commerce, boards of trade, commercial clubs and national trade organizations in all parts of the country, have approved by referendum vote the report of its banking and currency committee on the Owen-Glass currency bill now pending in congress.

The board of directors of the chamber, in session here, completed the canvass of the ballots and found the sentiment of the business men's organization strongly in favor of the report of the committee, the vote cast being 303 for and 17 against.

The committee in its report, which was made the basis of the referendum, stated:

"It regards the measure as a piece of constructive legislation and believes it embodies in a large degree elements necessary to provide the nation with a safe currency and banking system."

"In view of the fact that the framers of the measure invite friendly criticism and suggestions we are prompted to point out wherein the proposed act may be materially improved and strengthened."

In accordance with this statement seven recommendations were submitted for separate vote. All these have been approved by large majorities.

The separate recommendations are as follows:

For Larger Board.

First—Increase of the federal reserve board to nine members; the compensation of the governor and vice governor to be fixed by the board itself.

Second—Creation of the federal reserve council, to be elected by the regional reserve banks.

Third—That in the creation of the new system of regional reserve banks a beginning be made with the present central reserve cities (three in number), the number to be increased gradually.

Fourth—Restriction of the issue of federal reserve notes to \$500,000,000 be eliminated; that interest on federal reserve notes be eliminated; that it be made unlawful for any federal reserve bank to pay out any notes but its own.

Fifth—Federal reserve notes should not be obligations of the government, but should be guaranteed by the United States and that they shall be redeemable by federal reserve banks and not at the treasury of the United States.

Sixth—That federal reserve banks mutually guarantee the federal reserve notes by providing that said notes shall become a first and permanent lien upon the combined assets of federal reserve banks.

Seventh—That the reserve requirements of the Owen-Glass bill be modified and reduced for both country banks and banks in reserve cities.

BUILDERS TO GOVERN ZONE

No Change of Officials in Panama Until Canal is Opened.

Washington, Oct. 15.—Until the commerce of the world actually is flowing smoothly through the Panama canal no change in either the operation of the big ditch or in the government of the canal zone will be made.

It developed also that through this decision President Wilson planned to pay a delicate compliment to the men who have achieved the great feat of joining of the oceans by giving them the opportunity to enjoy the fruition of their labors.

Congress has provided for a civil government for the zone, but for the time being its control will be left to the technical canal commission and the army engineers.

IN THE WILDS OF BRAZIL

Colonel Roosevelt to Be Given the Time of His Life.

New York, Oct. 15.—Brazil is planning to give Colonel Roosevelt "the time of his life" in the wilds of that country, according to Captain Antonio J. de Fonseca, the new military attaché of the Brazilian embassy, who has just arrived from Rio de Janeiro. Dr. Lauro Muller, the minister of foreign affairs of Brazil, who recently made a tour of this country, has been laying plans for Colonel Roosevelt's trip ever since he got back home, according to Captain Fonseca, and his latest act has been to telegraph to Colonel Candido Ruondo to come in from the Mato Grosso, where he has spent twenty years in exploration, to meet Colonel Roosevelt and to act as his guide.

Blake to Fight Divorce Case.

New York, Oct. 15.—Dr. Joseph A. Blake, the noted surgeon, whose wife, Katherine Ketcham Blake, brought suit for separation in the supreme court, will fight the action. He has retained an attorney.

CABINET DISCUSSES MEXICAN SITUATION

Naval Policy of United States Considered.

Washington, Oct. 15.—President Wilson and his cabinet discussed the Mexican situation and the naval policy of the United States at the first cabinet meeting since last June.

A three battleship building program, to put the United States back in the place it occupied among naval powers, the dispatch of a German warship to Mexican waters and the possibility of like action by other European powers which may foresee a crisis for the Huerta government, were considered.

Advices from Mexico City indicated that the Mexican deputies were still in jail, but according to Huerta in no danger. His statement, however, that the deputies would be brought to trial was received here with disappointment.

Germany's dispatch of a warship was construed as a direct result of the arrest of the deputies and the fear that anarchy might follow.

PROBABLY BLOWN TO SEA

Aviator Jewell Has Been Missing Twenty-four Hours.

New York, Oct. 15.—Search is being conducted on land and sea for Albert J. Jewell, the aviator who left Hempstead, L. I., in a monoplane more than twenty-four hours ago. The general opinion was that Jewell had been blown out to sea. Incoming ships have been notified by wireless.

Jewell is about twenty-seven years old and married. He set out from Hempstead Plains to go to Staten Island; there to start in the aerial derby around Manhattan. A strong northwest wind was blowing at the time, which gives basis for the theory that he was swept out to sea.

AMERICAN ADDING MACHINE

Probable Cause of Death of Mrs. Jennie Eaton Discussed.

Plymouth, Mass., Oct. 15.—Mrs. Jennie May Eaton was placed on trial here for the murder of her husband, Rear Admiral Joseph G. Eaton. The defense will attempt to show that the poison which caused the death of the admiral was self-administered. The government's case rests on the contention that Mrs. Eaton gave her husband poison with her meals.

Chief Justice Aiken of the superior court presided. District Attorney Albert F. Barker is in charge of the prosecution and Mrs. Eaton's chief counsel is William A. Morse of Boston.

While Mrs. Eaton has been confined in the Plymouth jail she has written a complete history of her life since her marriage to the admiral in 1906. She has taken exercise in the jail and is in excellent health.

ing next to the Dougherty store, to Mr. Bondue. This means that the editor of the Nymore Independent, Mr. W. Palmer will have to move his printing office again.

Mrs. Jones and her two children will take possession of Mr. Tagley's house Monday.

The Nymore faculty was entertained Sunday afternoon and evening, at the Erickson home.

It has been found necessary to increase the length of the building for the moving picture show. The building will soon be ready now.

Mrs. Rice, mother of Roy Rice, is looking for a place to locate in Nymore.

Mrs. H. Sweet has gone to the hospital at Rochester.

Mr. Sparks has sold his house and lot to Mr. Grand, formerly of Brainerd. Mr. Grand will move into his new home the fifteenth of this month. Mr. Sparks will remain here for the winter and in the spring he expects to move West.

Five more pupils have been enrolled this week. If this increase continues for the year Nymore will need a seven or eight room building to accommodate her pupils.

Hilma Johnson spent her week end vacation at home.

Somebody Lied

Has the great "Hunting Quartet" taken a tumble?

Not so many years ago that famous old guard comprising F. S. Lyman, A. H. Jester, Clyde Bacon and George Kreutz, used to bring in game by the wagon load, but what a fall their stock seems to have taken. The question is, did they send any ducks with the Kenfield party as reported in the Pioneer a week ago? The answers are Ralph Lyman, "Not a feather. E. E. Kenfield, "No thruth in it." J. P. Riddell, "Not a one." Martin Kenfield, "Failed to see any." T. C. Bailey, the fifth member of the party refuses to talk for publication.
