ATTACK FOUR CITIES AT THE SAME TIME

Mexican Rebels Will Keep the Federals Busy.

Mexico City, Feb. 14.—Grave alarm is felt by Huerta officials because of information that the rebels are preparing to attack four Mexican cities simultaneously. Their defense will occupy the entire attention of the federals, as the downfall of one of the cities would be disastrous to the government.

General Blanquet, war minister, said that the government possessed information that the rebels will attack Monterey and Torreon in the north, Tampico on the east coast and Mazatlan on the west at the same hour.

Huerta's answer to Charge O'Shanghnessy's protest against the vilification of President Wilson by Mexican newspapers was an order to the editor of El Imperial to publish no more editorials attacking President Wilson.

The rebels again cut off the oil supply from Tampico and destroyed a passenger train, killing the crew and military escort and shooting several passengers.

Huerta has received a letter from Maximo Castillo, the bandit, who blew up Cumbre tunnel, killing several Americans, offering his services to the federals.

TOLD TO GERMAN REICHSTAG

Policy of United States Regarding Mexican Situation.

Berlin, Feb. 14.—The Mexican situation came up for discussion in the imperial parliament. Dr. Alfred Zimmermann, under secretary of state for foreign affairs, answered an interpellation by two of the National Liberal leaders as to whether provisional President Huerta has made representations to Germany in regard to the raising of the embargo on arms by the United States.

Dr. Zimmermann said the United States government, when it informed Germany of the raising of the embargo, had expressed the conviction that nobody outside of Mexico could enforce a settlement of that country's difficulties.

The restoration of peace in Mexico, he said, could be hoped for only if the Mexican parties were allowed to fight out their quarrels without interference and the raising of the embargo merely gave American citizens the same right of selling arms as was enjoyed by other nations.

PLOT ALLEGED BY DEFENSE

Trial of Senator Gore on Charge of Attacking Woman.

Oklahoma City, Okla., Feb. 14.—With the story of Mrs. Minnie E. Bond of the alleged attack upon her by Senator Thomas P. Gore practically unshaken by the defense, T. E. Robertson, who witnessed the incident on which the suit is based, resumed his testimony. The defense plans to show that Mrs. Bond plotted to put the senator in a compromising position, where he might be seen by her co-conspirators that they might use the incident to secure political patronage.

All who testified in support of Mrs. Bond's story reluctantly admitted that they had failed to secure the appointments they sought.
