WAR HORSES READY FOR POLITICAL MIX

Exciting Contests Promised in Half a Dozen States.

Washington, July 7.—Before the end of this week the 1914 congressional campaign will be in full swing throughout the country. Senators and representatives who find they will have to fight for re-election are preparing to toss their Washington duties to the winds and to get out among the folks at home.

For an "off year," the campaign bids fair to prove unusually exciting. Not only will the contests take place in the shadow of the 1916 campaign for the presidency, but in half a dozen states a dramatic struggle is looked for between the new progressive forces of politics seeking to maintain their ascendancy and the old reactionary forces ambitious to "come back."

The political advisors of the president, chief of whom is Postmaster General Burleson, are confident that the Wilson administration will receive an enthusiastic endorsement.

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

MEANS HUERTA WILL CONTINUE IN POWER

Few Votes Cast in "General Elections" for Presidency.

Mexico City, July 7.—Dictator Huerta is leading in the farcical "general elections" held Sunday for the presidency.

It will be weeks before all the returns are in.

It is considered a certainty that the elections will be held invalid because of the small number of votes and that Huerta will be again continued by the Mexican congress as "provisional president."

The constitution provides for an election throughout Mexico. The federal control only a small part of the republic, so the elections cannot be controlled. Moreover, in the sections controlled by the Huertalistas, only a few of the voters "registered their will" at the polls, according to advices here.

Torreon, Mex., July 7.—Indications are that a complete adjustment of the difficulties between General Francisco Villa and General Venustiano Carranza is being reached at the conference here.

It is feared, however, that complications may arise concerning the ownership of 5,000,000 pesos Carranza currency, smuggled across the border to Juarez Saturday by Villa agents.

COMPENSATION ACT UPHELD

Minnesota Statute Declared Valid by State Supreme Court.

St. Paul, July 7.—The workmen's compensation act passed by the last legislature was upheld in its entirety by the state supreme court.

As a result of the decision Ole Matheson, city laborer, Minneapolis, who lost his right leg when a street car ran over it Nov. 7, 1913, will get \$9 a week for 175 weeks, totaling \$1,575.

The law was tested on an appeal by Matheson from the Hennepin county court on the ground that the law was unconstitutional.

The supreme court holds that the constitutional requirement that all persons shall receive equal protection under the law is not infringed by this piece of legislation, and, finally, that the act contains no provision prohibited by the state or federal constitution.

Surprising Cure of Stomach Trouble.

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengle, Plainfield, N. J., writes: "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by All Dealers.
