IVORY SOAP IT FLOATS

WAR FOR GAIN, SAYS ENGLISH WHITE BOOK

London, Aug. 7.—A white book on the recent correspondence which preceded the opening of hostilities between England and Germany, contains a letter from the British ambassador at Berlin, Sir William Edward Goschen, saying that Germany had made "a strong bid for British neutrality," offering, if Great Britain remained neutral, to give assurances that Germany did not aim at territorial acquisition at the expense of France.

The British foreign secretary, Sir Edward Grey, replied to the ambassador's articulation: "It would be a disgrace for us to make this bargain with Germany at the expense of France—a disgrace from which the good name of the country would never recover."

Ponce de Leon Failed; His Prize Is Found

Ponce de Leon, the daring explorer, searched among the swamps of Florida for the Fountain of Youth, which the Indians said would restore power and make people young. He did not find it. Thousands of chronic intestinal, bowel and stomach sufferers have written to Geo. H. Mayr, 154 Whiting St., Chicago, in quest of health. They have found it. His remedy, composed of healing vegetable oils from France, has indeed given them back the health of youth.

CRUISER CONVOYING TREASURE CRAFT

New York, Aug. 7.—The cruiser North Carolina accompanied the cruiser Tennessee, which has sailed for Europe with nearly \$8,000,000 in gold for the relief of Americans.

Navy yard officials would not say what was the cruiser's destination. The \$5,000,000 in gold from the consolidated banks and the \$2,500,000 in government funds are aboard the Tennessee. Private consignments in gold in sums from \$1,000 to \$5,000 were accepted by Colonel Smith of the army quartermaster's department, who undertook their delivery to Americans in Paris and other European ports. In addition the Tennessee carries \$200,000 to pay the army and navy officers abroad.

GERMAN FLEET MASSED IN HOME WATERS.

Hull, Eng., Aug. 7.—The fishing fleet has made port, reporting that it sighted no German warships. This confirms the belief of the naval experts that the entire German battle fleet, with the exception of scout cruisers and destroyers, is massed near the German shore line and under the guns of the land forts.

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and thickness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not infrequent, we all desire to retain our youthful appearance and attractiveness. By arkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, making one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

LOST 8,000 IN REPULSE FROM LIEGE

German Defeat in Belgium Severe.

BEATEN BACK ALONG THEIR ENTIRE LINE

Kaiser's Army Numbered Forty Thousand, Nearly Twice That of Its Opponents.

Brussels, via London, Aug. 7.—The Gazette publishes what it says are the facts so far as known regarding the halt given the German forces by the Belgians in the Liege district. The German losses are estimated at 8,000 men, while the Belgians suffered far less.

The alleged rout of the German Seventh army corps is not confirmed in its entirety, however, says the Gazette, which adds:

"These are the facts: The Belgian Eleventh brigade, after successfully resisting the German attack, pursued the fleeing Prussians with such energy that the general commanding the Belgians was obliged to order our troops to turn back, as they were getting outside of the range of the guns of the Belgian forts. The enthusiasm of our troops was magnificent.

"A number of wounded Germans fled to Dutch territory and this gave rise to the belief that the enemy had been completely routed.

German Casualties 8,000.

"They suffered, however, considerable losses, which are estimated at 8,000. Our losses were relatively small.

"At 4 o'clock in the morning the German Tenth army corps attacked the Chaudfontaine and Boucelles forts from the southeast, while their artillery bombarded the fort at Flemalle, on the opposite bank of the River Meuse, five miles southwest of Liege. The Belgians captured seven guns and several prisoners.

"Proposals for the surrender of Liege have been again firmly refused." General Linaer, in a further official report of his operations in the Liege district, states that 25,000 Belgians were engaged in the battle against 40,000 Germans. The success of the Belgians was complete. Every attack of the Germans along their extended front was repulsed.

ARMY OF FIGHTERS READY TO GO HOME

New York, Aug. 7.—Forty-one thousand six hundred first class fighting men here are clamoring to get back to Europe.

They are the men called to the colors by Austria, Germany, France, Great Britain, Serbia, Russia, Belgium and Holland.

Austria leads with 19,000 men. The chances of this fighting force getting back home is lessened each day.

Great Britain expects to get her reservists back and France has already started some on the Lorraine. Belgium can command liners of the Red Star line and Holland vessels of the Holland-American line.

Nearly all of the Englishmen here are naval reservists able to man any of the British liners.

NO CLASH OF CONSEQUENCE

Only Smaller Vessels Active in the North Sea.

Harwich, Aug. 7.—More British and German wounded from naval engagements in the North sea were brought here. All say there had been no engagement of consequence. British warships are confining their activities to keeping the German fleet bottled up around Kiel.

The only German vessels so far seen have been torpedo boats and torpedo boat destroyers.

JAPANESE TO AID BRITISH

Will Attack German Port of Taingtau, China.

Shanghai, Aug. 7.—An official at the Japanese consulate here said that upon receipt of the first official news of the beginning of the clash of arms between England and Germany Japan would send a fleet of 10,000 men to attack Taingtau and 10,000 more to relieve the British garrisons at Tientsin and Peking. Preparations for such action were now under way, he said.

GERMAN WOUNDED REACH MAESTRICHT

Amsterdam, Aug. 7.—Hundreds of German wounded are arriving at Maestricht. Reports from the fighting before Liege, where the Belgians defeated the advancing army of the kaiser, declare the German losses are extremely heavy. Part of the wounded are being taken to the Red Cross hospital at Maestricht by automobile.

Maestricht is the capital of the province of Luxemburg. It is on the Meuse river, seventy-one miles east of Brussels.

CARNEGIE APPROVES WAR DECLARATION

New York, Aug. 7.—Andrew Carnegie, one of the world's most distinguished peace advocates, approves of England's course in the present crisis. In a cable message from Scotland to the New York Evening Post he says:

"Germany having declined Britain's proposed peace conference and then having asked Britain to agree to her march through Belgium, Britain was bound to decline and to declare that she would protect Belgium by land and sea."

Cartoon showing a man in a top hat talking to a dog. Text: YOU ARE NOT GOING DOWN THERE FOR THAT POUCH I DROPPED. IF ITS THE REAL TOBACCO CHEW YOU JUST BET I AM. THE GOOD JUDGE FEARS THE WOODMANS LIFE.

MAN, you are not alone in your desire for a clean, small chew that will give you tobacco satisfaction! That's why men are glad to find "Right-Cut." Then when they've got it, the natural thing to do is to tell a friend—so he can get the Real Tobacco Chew.

Pure, rich tobacco—seasoned and sweetened just enough.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

If your dealer does not sell it, send us 10c. in stamps for a pouch of "Right-Cut" Chewing Tobacco.
