

FARM BOYS' CAMP TO BE BIG FEATURE

More Than One Hundred Lads From Rural Districts of State Have Qualified for Places.

BELTRAMI TO BE REPRESENTED

Keen Competition Expected in Corn Show Among Boys Who Were Camp Members in 1913—Is Permanent

Girls and boys of the Northwest will take a prominent part at the Minnesota State Fair, September 7 to 12.

Perhaps the greatest children's feature at the fair will be the Farm Boys' camp. Over 140 boys from the rural districts will belong to this camp.

Beltrami Represented.

Only four counties in Minnesota will be unrepresented in the Farm Boys' Camp this year, and Harry Bowers of Eckles will go from Beltrami.

Another feature not to be forgotten is the spelling contest, in which George F. Howard, in charge, asserts over 100 children will take part.

Given 100 Words.

Beginning at 10 o'clock, Friday morning, Sept. 11, a written contest will be held in which each child will be given a list of 100 words selected by three disinterested judges.

Corn Show.

This year, in addition to the regular corn show, which promises to be larger than last year, a boys' corn show is to be held in which boys who took part in the 1913 acre-yield corn contest will compete.

DISTRICT WARDENS MEET

Deputies of Fourteen Counties Gather at Detroit for Conference With Commissioner Durkin.

BEMIDJI MAN IS NAMED CHIEF

Game protection in Minnesota has never been carried out with greater strength than now, and the plan of the game and fish commission in dividing the state into five districts, placing a commissioner at the head of each, is proving a great success.

A meeting has just been held at Frazee, the home of D. L. Durkin, a member of the commission, and a number of wardens patrolling the fourteen counties under his jurisdiction, were present.

Beltrami, Red Lake, Marshall, Kitchener, Norman, Clay, Hubbard, Clearwater, Mahanomen, Becker, Polk, Roseau, Pennington and Wadena, are the counties which come under Commissioner Durkin, and over the entire force of wardens patrolling this district will be S. C. Bailey of this city, who has been named chief warden, or rather general inspector.

Commissioner Durkin impressed upon the wardens the necessity of active work during the next three months, and told them that he expected their co-operation at all times in game protection.

AMERICA WILL KEEP OUT

No Offer of Mediation in Far Eastern Controversy.

Washington, Aug. 22.—The United States will keep hands off in the Far Eastern situation, according to information from high administration sources.

While receipt of a note from China asking the United States to offer her good offices to mediate in the matter of Kiaochow was officially disclaimed, it is known that the United States intends to remain aloof unless there is requests for such action that could not be possibly misinterpreted by any warring nation.

PAY HONOR TO DEAD POPE

Rich and Poor Alike Pass Before His Bier.

Rome, Aug. 22.—Humble in life, Pope Pius X. remains humble in death. His last thoughts were of the poor and thousands are passing before his bier paying final homage to the simple peasant who rose to the fisherman's throne.

At 9 a. m. the body of the late pontiff was removed from the Vatican throne room to the Chapel of the Sacrament in St. Peter's. This is not in accordance with tradition as is precedent, but it was the desire of his holiness expressed before his death.

Thirty cardinals, twenty-five of them Italians, have already reached Rome. It was with solemn pomp and ceremony that the body of the pontiff was taken from the throne room to the Chapel of the Sacrament.

SCHOOL CHILDREN INVITED TO FAIR

Bemidji Pupils Asked to Attend Red Lake Indian Display by Walter F. Dickens, Superintendent.

BUSINESS MEN ALSO EXPECTED

Coming Here Two Hundred Strong for County Exhibition and Much to Be Accomplished by Co-operation.

Every pupil and instructor of the Bemidji public schools has been extended an invitation to be present at the Red Lake Indian fair on Friday, September 4, by Walter F. Dickens, superintendent of the agency, who made a personal visit to Bemidji today for that purpose.

In Session Last Year.

"Last year the schools were in session and an opportunity of seeing the Indian exhibits at the fair could not be arranged," said Mr. Dickens. "This year the exhibit will be better and much bigger. It will include many features of an educational nature not shown last year. We want Bemidji there. Of course, Red Lake expects the business men, but my purpose here is to interest the school children and those teachers who will be here at the time of the fair."

Exhibit in Mat Making.

Mr. Dickens is completing arrangements to have an exhibit on mat making and rice threshing, which will be educational and entertaining. Indian men and women, well trained in this work, will be engaged to carry on the demonstrations.

Coming 200 Strong.

"We're coming down to your county fair 200 strong," continued Mr. Dickens, "and with the two fairs co-operating, I believe much good can be accomplished, both for the Indians and Whites."

Business Men Going.

From present indications many of the business men and their families plan on attending the Red Lake fair on Bemidji Day. Last year several hundred took the special train and all were well pleased and agreeably surprised at the splendid exhibits displayed.

MANY ENJOY PICTURES

Editorial Outing Films Presented Last Night at Grand Theatre.

Three large audiences saw the motion pictures taken during the recent trip of the Northern Minnesota Editorial association produced at the Grand last evening, and the films were much enjoyed. The pictures included scenes of every city visited during the outing, and the beautiful Lake of the Woods, and many of the editors were caught in characteristic manner. Charles Scheers, of Akeley, president of the association, gave a short talk and F. A. Wilson, of the Sentinel, read an introductory paper.

Returns From Trip.

Mrs. Joe McTaggart and Misses Elizabeth Eberline and Jennie Moen returned last evening from a two weeks' pleasure trip. From Bemidji they went to Duluth and from there made the Great Lakes trip, visiting all the important cities enroute. Mrs. McTaggart had friends at Toronto and Cleveland, which were among the cities visited. Miss Moen formerly lived in Bemidji, but the past few months has been in Thief River Falls, where she has been employed in a ready-to-wear store. She will visit in Bemidji until Tuesday morning, when she will go to Oakes, Minnesota, to visit her parents.

Kern Olson, Earle Thurbert and Harold Schmidt, three boys of Bemidji, will leave Monday morning for Thief River Falls, making the trip by bicycle. They expect to be gone about a week.

Arrangements for the funeral were completed last evening with the arrival in Minneapolis of Earl Grinolds, of this city, a nephew of Mr. Gould. He will be buried beside his wife, who died here in 1906.

USE HEAD LIGHTS LITTLE.

Bemidji Party Put Brass Polish on Side Lights in New York.

Automobile headlights are practically useless in New York City, and in writing to Bemidji friends, Dr. E. H. Marcum, who with his wife and Mr. and Mrs. W. L. Brooks, are touring the east, tells of being required to even paint the sidelights with brass polish. The party has left New York for Boston. The trip is being greatly enjoyed and a base ball game between the Giants and Bean-caters was witnessed. "We have received the Pioneer in several places, having been sent to us along our schedule," said the doctor, "and we surely enjoy it."

Dare Visits Bemidji.

Farley Dare, editor of the Walker Pilot, and one of the brightest and best posted newspaper men in the state, was a Bemidji visitor today. Dare was at one time president of the Northern Minnesota Editorial association, and is now vice-president of the state association. He is a candidate for the state legislature from his home district, and the prospects of his election appear bright.

Fred Bursley, formerly of Bemidji, but who is now located at Minot, arrived here this noon and will remain until Tuesday. Mr. Bursley was for several years desk sergeant at police headquarters.

WAR NEWS IN BRIEF.

- Brussels occupied by Germans without the firing of a shot.
Antwerp, fortified seaport, preparing for state of siege.
Decisive battle between Germans and allies on Belgian soil expected.
British fleet bombards Cattaro, Austrian seaport.
Harbor works of Hango, Finland, destroyed by German fleet.
Austria issues final call to the colors.

London, Aug. 22.—With the occupation of Brussels by the Germans and the retirement of the Belgian army of the North to Antwerp, the strongly fortified seaport of Belgium, where the Belgians are reported to be capable of withstanding a lengthy siege, attention is directed to the next probable move of German arms.

From a strategic viewpoint the occupation of Brussels has given the German army no particular advantage and opinion exists in some quarters that there will not be a siege of Antwerp by the entire German strength now centered about Brussels.

Rather, it is believed, several corps will be left to besiege Antwerp and keep the Belgian army bottled up there, while the main body of the German army of the Meuse moves southward to meet the allies, whose position is reported to be south of Brussels. In such a movement the German army of the Meuse might make a junction with the right wing of the German army of the Moselle before coming in contact with the allies.

May Not Enter Holland. Strategists declare Germany can gain no possible advantage by invading Holland, north of Antwerp, and since Paris is thought to be the objective of the German arms it is to be presumed the Germans will attempt to move southward.

Thursday was about the date when, according to the forecasts of their own and many other military writers in Europe, the German troops were due to appear before the walls of Paris.

According to French official advices it is the Germans' intention to pass their main army into France by the Brussels road.

On the German left, where three Austrian army corps are said to have reinforced, the battle is said to be developing a front of nearly forty miles and, according to French statements, nothing is heard from the German side.

An impenetrable curtain has been drawn over the operations in the center of the line, where the main French army is co-operating.

Russians Invading Germany. The Russian advance in East Prussia stretches over sixty miles between Stalluponen and Lyck. The Russian invaders have not gained much German ground.

Antwerp is located on the Scheldt river, the mouth of which is in Holland. The river is navigable for warships as far as Antwerp, but whether the naval vessels of the triple entente could go through Holland to support the fortifications of Antwerp in case of siege without violating the neutrality of Holland is a question. The German fleet is believed to be bottled up and it probably cannot aid German arms in a siege of Antwerp, if such a move is contemplated.

Telegraphic communication between England and Brussels was interrupted and London accepted no dispatches for Northern Belgian points except Antwerp.

Not a shot was fired by the Belgians when entrance into Brussels was made by an advance guard of the German cavalry. This advance guard, it is reported, is to be followed by a strong column of German troops camped in the vicinity.

FOXES BRING HIGH PRICE.

Spooner Farmer Secures \$4,000 for Three Animals.

Elmer Olson, a farmer residing several miles south of Spooner, near judicial ditch No. 13, last week sold three foxes, receiving \$4,000 for them from E. L. Wyett of Weyewaga, Wisconsin. The animals were young, being about four months old. One was a beautiful black, one a dark silver grey and the other was a cross fox. The black was by far the most valuable of the three. The animals were shipped out by express last Tuesday evening. Elmer has been the lucky captor of several of these valuable animals during the past two years. Last year he secured one cross fox that brought eight hundred dollars in the market.
