

PRZEMYSL RELIEVED

Austrians Reach Besieged Fortress.

GERMANS HOLD GROUND

Situation in East Prussia Reported Unchanged.

London, Oct. 13.—Information given out in Berlin indicates the Russian siege of Przemyśl, the Austrian fortress in Galicia, has been abandoned. Austrian troops are reported to have defeated a Russian division near Lancut and to have routed a division of Cossacks east of Nymao. Vienna advises say Przemyśl has been relieved by Austrian columns, who have entered the fortress. The Russians are said to have fled in the direction of the River San, a number being captured while attempting to cross the Rivers Siniava and Lepayak.

The Russian official statement makes no reference to Przemyśl, but says the Austrians in Galicia are operating in small groups in various sections of the country. One Austrian division was surprised by Russian cavalry, says the statement, and dispersed. In East Prussia the situation is unchanged. Several engagements have taken place on the left bank of the Vistula, but the Germans seem to be holding their positions. Prince Oleg, son of Grand Duke Constantine, was wounded in an outpost engagement.

Commenting on the situation in the eastern theater of the war the Berlin official statement says:

"In the eastern theater we repulsed in force all attacks of the First and Tenth Russian armies on Oct. 9 and 10. The Russian outflanking efforts by way of Schirwindt (East Prussia) equally were repulsed and the Russians lost 1,000 prisoners.

Vistula River Reached. "In South Poland the advance guards of our armies have reached the Vistula. Near Grojec, south of Warsaw, we captured 2,000 men of the Second Siberian army corps.

"The Russian official communication about a great Russian victory at Augustowo and Suwalki (Russian Poland) is investigated. The fact that no official Russian communication has been published about the tremendous defeats at Tannenberg and Insterberg (both in East Prussia) vouches a lack of reliable official information."

A Cetinje dispatch to the Havas agency says the Montenegrins advancing on Sarajevo, in Bosnia, defeated the Austrians near Kalenovitch with severe losses. The report adds the Montenegrins also took many prisoners.

A Russian official communication given out at Petrograd expresses the belief that the death of King Charles of Roumania removes an obstacle to the turning of Roumania to the cause of the allies, and adds that Roumania will now cease to menace Russia by furnishing provisions and transports for German troops. The Serbian minister to Rome declares Roumania probably will continue to remain neutral.

BERLIN TELLS OF DEFEAT OF FRENCH

London, Oct. 13.—A dispatch to Reuter's Telegram company from Berlin, via Amsterdam, gives the following statement by the German general staff:

"Our cavalry on Sunday completely routed the French cavalry division west of Lille, and near Hazebrouck we inflicted severe losses on another French cavalry division. Until now the engagements on the front in the western theater did not lead to a decision.

"About the booty at Antwerp no communication can be made, as information still falls; neither can the number of British and Belgian troops who crossed the Dutch frontier be fixed.

"In the eastern theater we repulsed all attacks of the First and Tenth Russian armies on Oct. 9 and 10. The Russian outflanking efforts by way of Schirwindt (East Prussia) equally were repulsed and the Russians lost 1,000 prisoners.

"In South Poland the advance guards of our armies have reached the Vistula. Near Grojec, south of Warsaw, we captured 2,000 men of the Second Siberian army corps."

RUSSIANS WITHHOLD NEWS

Believed to Be Preparing Coup in Galicia.

Petrograd, Oct. 13.—Further advance of Russian troops through Galicia and Bukovina was announced in a war office statement. The general staff has decided for the present to withhold details of fighting in this neighborhood, from which it is concluded that an important coup is impending.

In pursuance of this policy of secrecy no hint of the location of the cavalry engagement in which Prince Oleg, son of Grand Duke Constantine, was wounded in the leg, has been given.

The situation in East Prussia is unchanged.

Populace Flees From Belfort.

London, Oct. 13.—The Daily Mail's Amsterdam correspondent says Berlin newspapers are distributing posters announcing that the civil population is leaving Belfort (a French fortified town in the so called territory of Belfort) in fear of a bombardment.

BOMBS DROPPED ON PARIS KILL FOUR

Paris, Oct. 13.—Four civilians were killed and twenty persons, half of them women and children, injured by bombs dropped in various quarters of Paris by two German aviators.

Several of the twenty bombs failed to explode. Three of the incendiary bombs dropped on the Cathedral of Notre Dame did not explode. The remaining one struck the roof of the north transept and exploded, blew a large hole in the church, setting fire to a beam. The fire was extinguished without difficulty. The damage is only slight.

A pennant dropped by one of the aviators bore this message: "We have taken Antwerp; your turn will come soon."

NO WATER; GREAT FIRE LOSS

Business Section of Spencer, W. Va., Destroyed.

Spencer, W. Va., Oct. 13.—The entire business district of Spencer was destroyed by fire, with a loss of approximately \$300,000. The fire started in a fruit store and spread rapidly because there was no water with which to fight the flames.

Belgians at The Hague.

London, Oct. 13.—Sixteen hundred Belgian soldiers, non-commissioned officers and men, have arrived at The Hague, according to a dispatch from that city to Reuter's Telegram company.

ITALY TAKES ANOTHER STEP TOWARD WAR

Paris, Oct. 13.—A Naples dispatch says that twenty Italian transport ships, heavily escorted by an Italian naval fleet, have sailed to bring back the Italian troops now in Tripoli and Cyrenaica.

Their places will be taken by a volunteer corps just formed in Italy. Although the return of troops from Libya is ostensibly due to the fact that their term of enlistment has expired the movement is universally accepted in Italy as another one of the steady preparations being made by the Italian government for eventual participation in the present war.

Should Italy take possession of Trieste and Trent, as it is confidently expected she will do if she joins with the allies, she will thus have 100,000 more trained soldiers than otherwise, the troops being brought back from Tripoli being still subject to military duty under a general mobilization. Italy's "precautionary mobilization" now consists of about 500,000 men.

LAST YEAR HOLDS RECORD

Sum Paid Veterans of the United States in 1913 Aggregated \$174,171,660, but This Year's Decrease May Be Expected to Continue.

Washington, Oct. 13.—Uncle Sam paid out a total of \$172,417,546 in pensions in the fiscal year ended June 30 last. This compares with \$174,171,660 in 1913, which was the largest amount ever paid out. The sum of expenditures has been reached and a decrease in the amount may be expected to continue. The grand total of expenditures for pensions from 1866 up to and including 1914 was \$4,633,511,926.

The total number of pensioners of all classes on the rolls in 1914 was 785,239, against 820,272 in 1913. The number of Civil War pensioners was 728,129, compared with 822,439 in 1913. The largest number ever on the rolls was 999,456 in 1902.

With an estimated production of nearly 582,000,000 cubic feet of natural gas, the United States established a new high record last year.

Belgian Authorities Still Hold Antwerp Offices.

Rosendaal, via The Hague, Oct. 13.—Upon request of the German army of occupation of Antwerp the Belgian authorities, headed by Burgomaster de Vos, have undertaken to continue the civil government of the city.

The Germans have removed the heavy siege guns—the 42-centimeter pieces with which they effected the demolition of the Antwerp forts—and it is assumed here these will be sent to aid the German forces operating in the region of Verdun.
