## DECIDE YOURSELF

The Opportunity Is Here, Backed By Bemidji Testimony

Don't take our word for it. Don't depend on a stranger's statement.

Read Bemidji endorsement. Read the statements of Bemidji citizens.

And decide for yourself. Here is one case of it.

Oliver Gordhamer, carpenter, 1200 Dewey Ave., Bemidji, Minn., says: "I was stiff and lame in the morning and it hurt me to bring any strain on my back. I believe it was heavy lifting and hard work that brought on the trouble. I was handicapped in doing my work, especially stooping or lifting. Reading about Doan's Kidney Pills led me to try them. Three or four boxes strengthened my back and made me well. At that time I gave a statement praising Doan's Kidney Pills, and as I have had no trouble since, I am still a strong friend to them." ## IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

Wednesday afternoon a meeting of the Norwegian Lutheran ladies was held in the church. Most of those present had previously belonged to one of the two Norwegian Ladies' Aid societies of this city, but both of which had been dissolved of late. A new constitution was adopted and the new society starts out with seventeen charter members. The following officers were elected: Mrs. Osmond Johnson, president; Mrs. Skinvick, vice president; Mrs. Klunness, treasurer, and Mrs. John L. Brown, secretary.
