Our Slogan: "Bemidji 25,000 Population in 1925"

Courtesy as an Asset. Howard Elliott, once president of the Northern Pacific railroad and now striving heroically to untangle the New York, New Haven and Hartford and to restore it to the good graces of the sedate spinsters of New England, must have remembered his old school reader's lesson on courtesy. He believes in politeness, even under the most trying conditions of railroad, is the comment of the Minneapolis Tribune.

Recent Mr. Elliott issued a bulletin on "courtesy" for the benefit of the thousands of employes of the New Haven system. Here is what he said: "Courtesy is a business asset, a gain and never a loss. Officers and employes, above all others, should be courteous. Use courtesy in all dealings with passengers, patrons and one another."

"Railroad men help their company by being courteous. This railroad believes in courtesy. Even the discourteous like to be shown courtesy. Smooth away life's difficulties by being courteous. You will find your value increased by courtesy. Life is not so short but there is always time for courtesy."

Mr. Elliott, tactful as a diplomat himself, doubtless spoke out of the fullness of his heart and experience. He advised railroad men to be courteous to one another. That is excellent philosophy and wholly practicable, although any railroad man might call to mind situations on the line which Mr. Elliott's rules on courtesy by common consent would be suspended. But the rules are good for all that, and they might be applied in any business with benefit to all concerned. They are worth trying.

EDITORIAL EXPLOSIONS Col. Goethals has been made a major general in recognition of his services in building the Panama canal. The promotion was certainly merited, even if it was earned in a work that is in no way akin to war.—Princeton Union.

The Constitution of Minnesota says the census SHALL be taken in 1865 and every tenth year thereafter, but of course the legislature is a bigger man than the Constitution.—Le Sueur News.

It was Senator Holmberg's bill to provide for a soil survey and Senator Holmberg is a member of the senate committee which turned down the bill. The wonder has been why Senator Holmberg did not make a fight on the floor of the senate and demand further consideration of his bill, thus placing the senate on record and preventing its defeat by default. While we do not exculpate the senate as it stands, yet a minority report from the author of the bill would have deprived his colleagues of the excuse that they acted upon precedent and not upon the merit of the proposition. And at that the senate cannot escape responsibility for the course of its committee.—St. Paul Dispatch.

The Minneapolis delegation has introduced a measure in the state legislature providing for a public defender. The general theory is that if there is a public prosecutor in all fairness there should be a pub-

lic defender and it is a contention in which the ground is well taken. Under our present system the state, the city or the village, as the case may be, devotes all its energy to one side of the question of the guilt or innocence of persons accused of law violations. That is hardly fair in view of the fact that in the courts below the district court, in villages, cities and towns, there is more often than otherwise in the position of judge and jury persons with scant qualifications for discharging those important duties. The public defender theory might extend much farther than Hennepin county merit- oriously. It might extend to the giving of legal advice in every town, village and city to persons who are unable to pay for it, and there are many of them. A public defender no doubt also would stop many cases in their initial proceedings which through incompetency in the courts where they are first instituted hang on, accumulating costs, until they reach a court of competent jurisdiction.—Virginia Enterprise.

MAKES PLAIN SOME OBSCURE PASSAGES

Almost everybody owns a Bible and some have several—sometimes one for each member of the family. But The Pioneer Bible is different from any other ever published. It is the regular authorized version, to be sure, but is illustrated in a manner that has never before been approached.

There are six hundred subjects selected according to specific verses throughout the volume, and each subject is handled knowingly by some of the world's greatest artists, the result being an illustrated volume that cannot be excelled.

When Edward W. Bok, the able editor of the Ladies Home Journal, first saw the New Illustrated Bible, he said that he liked it because everything about it was well done, and it seemed to him to have been done in the right spirit. "The book itself," said Mr. Bok, "has been approached by the annotator with reserve and intelligence, and by its artists with sympathy and knowledge. It has been made a meaningful picture book. The pictures here serve a distinct purpose. They enrich the text, but they do more; they intelligently explain it, and many hitherto obscure passages will assume to thousands a new meaning through these eye-teaching pictures. Popularizing the Bible is a risky experiment in the hands of many, but it has been a splendid achievement in

Corn-Mad? Use "GETS-IT," It's Sure

Makes Corns Vanish Like Magic! A hard cap of skin makes up every corn. When you put 2 drops of "GETS-IT" on it, it shrivels up and comes right off—and there's your corn—gone by thunder! Simple as taking off your hat! That's

Don't Waste Time "Hollering." "GETS-IT," World's Simplest Corn-Cure, Never Fails. Why corn-millions have gone wild over "GETS-IT" is nothing if it ever known. Some folks, to this day, putter around with bandages, sticky tape, thick plasters, corn "pulling" knives, goose corns out with knives, snip them with scissors, make them bleed and then howl because they can't get rid of sore corns. Use "GETS-IT." There's nothing to do but apply 2 drops. The work is done. "GETS-IT" does the rest. No pain, no fussing, no changing shoes, no limping. It never fails. Try it tonight for any corn, callus, wart or bunion. Be sure that you get "GETS-IT" and nothing else. "GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds. You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dizziness, headache; no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

For a Weak Stomach. If you have any trouble with your digestion you should read what Mrs. J. C. Bauer, Zanesville, Ohio, has to say regarding her experience as follows: "I was troubled for months with a weak stomach and constipation and it was all I could do to drag myself about the house. Chamberlain's Tablets afforded me the first relief I got, and after taking them a short time I was restored to health." Obtainable everywhere.

Prize from such an authority is praise indeed, and it only indicates the general feeling toward this magnificent work. A description of the several styles will be found in the certificate printed elsewhere in today's issue. Six of these certificates and the small expense item will get you one of the volumes.

FIGURES ON COST OF JITNEY BUS

San Francisco, March 25.—It costs \$9.23 cents a day on an average to run a jitney bus, according to figures today of Pierpont V. Marshall, principal of the Y. M. C. A. automobile school here. He has figured it down to a nicety. He estimated that the cost of operating for 300 days a year, 12 1-2 hours a day, a jitney bus costing not more than \$600 when it was new, will be about as follows:

Table with 2 columns: Item, Cost. Includes 6 per cent interest on investment \$18.00, Insurance 192.00, Depreciation 300.00, Storage 120.00, Drivers' wages (\$100 a month) 1,200.00, Licenses 25.00, Jitney association dues 12.00, Yearly fixed charges \$1,870.00, Average for 300 days per year 6.23, Oil, gasoline, grease, etc. 1.50, Tires (150 miles at 3/4c) .75, Mechanical upkeep, repairs, etc. .75, Daily cost \$ 9.23

"If you start with a new bus car," says Marshall, "one which costs approximately \$600, you must take in \$9.23 a day or subtract the difference from your wages, \$100 a month. This is little enough for driving a jitney 150 miles a day. If your car is second hand, or cost more than \$600 when new, or is heavier than a \$600 car.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and where it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; since cases of deafness are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One-Hundred-Dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free. Sold by E. C. BROWN & CO., Toledo, Ohio. Follow Druggists, 75c. Take Hall's Family Pills for constipation.

you must, of course, estimate higher daily cost figures. It is a suggestive fact and one well worth noting—although we have no recollection of having ever heard of attention called directly to it—that Britons are the only people in the world who speak of the home of their race as the motherland. The Jews were and are the "Children of Israel." Poles the "Land of Our Fathers." France is "Patria" to her sons and daughters. Germany is distinctly "the fatherland" to all its people. The same is true of every existing nation of importance, so far as we are aware. Even the national hymn of the United States appeals to "Our Fathers' God." Britain's children reverently think and speak of their motherland—Hullfax Chronicle.

Indigestion and Biliousness. When you feel bilious or have trouble with your digestion give Chamberlain's Tablets a trial. These Tablets have become a favorite with a great many people for those disorders. You are certain to be pleased with the prompt relief which they afford. Obtainable everywhere.

BE PRETTY! TURN GRAY HAIR DARK. Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur. Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.
