MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

There is more Catarrh in this section of the country than all other diseases put together. Last fall the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio is the only Constitutional Cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case that fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O.

HEROES IN THE TRENCHES.

Paris, April 8.—These men in the trenches must keep incessant vigilance against sudden attacks by the enemy. The men who serve the artillery fire day and night oftentimes at an enemy that is never seen.

Medical science will save more lives this year than war will take, no matter how terribly murderous that war may be. Then, too, the food supply is very carefully looked after by the commissariat. The food supply of the soldiers must be wholesome. Living in the open air, the men are able to digest hard-luck with great relish. Napoleon said, "An army fights on its stomach." A man with a weak stomach is pretty sure to be a poor fighter. It is difficult—almost impossible—for anyone, man or woman, if digestion is poor, to succeed in business or socially—or to enjoy life. In tablet or liquid form Dr. Pierce's Golden Medical Discovery helps weak stomachs to strong, healthy action—helps them to digest the food that makes the good, rich, red blood which nourishes the entire body.

This vegetable remedy, to a great extent, puts the liver into activity—oils the machinery of the human system so that those who spend their working hours at the desk, behind the counter, or in the home are rejuvenated into vigorous health.

It has brought relief to many thousands every year for nearly fifty years. It can relieve you and doubtless restore your former health and strength. At least you owe it to yourself to give it a trial. Sold by medicine dealers or send 50 cents for a box of tablets—Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

You can have Dr. Pierce's Common Sense Medical Adviser of 1108 pages in cloth binding, fully illustrated with colored plates, for 3 dimes, or 30 cents.

Read all about yourself, your system, the physiology of life, sex problems, marriage relations, anatomy, hygiene exercise, disease and its prevention, simple home cures, etc.—Adv.

Yesterday a number of Bemidji young people drove to the A. Klein farm on Moyal Lake and spent the day, the trip being made in the Conger, Witting, White and Hayner cars, with Mrs. Mabel Young as chaperon.

The following enjoyed the outing: Misses Lucy Brooks, Jane Hayner, Edna Anderson, Lucile Moritz, Emma Klein, Louise McCready, Corrine Carlson, Dolly Koors, Jeanette Stechman, Lucile Young and Messrs. James Malone, Harold White, Herbert Warfield, Fred Graham, Fred Cutter, Morris Witting, Myron Plummer, Glenn Conger, William Ward, Edward Simons, Harold Hayner and Ray Johnson. A picnic lunch was enjoyed and the party returned to Bemidji in the evening.

His lot is strewn with broken dishes, tin cans, old shoes, a long dead pup, but he ignores the housewife's

wish, and will not clean the rubbish up. His wife remarks, "Go spade the garden—what are your thumbs and muscles for?" And he replies, "I beg your pardon—I have to talk about the war; Josephus Jinks and Hiram Horner and sundry other friends of mine are waiting for me at the corner to talk of Russia's battle line." "The roof is leaking, to my sorrow, and you should fix it while it's dry." "I'll let it slide until tomorrow," the husband matters, in reply. "The news from France is most exciting—I want to know which side will win, and I down town must go skitting, to see the latest bulletin." Away from home he blithely chases, to loaf, when he should earn a scud, to join the idlers keeping cases on Nicholas and Hindenbrad. When winter once again arouses, with blizzards from the Arctic pole, he'll patronize the free soup houses, and work the village for his coal.—Walt Mason.

Very Engaging.
 "Aunt Anna—Your wife is a perfect dear, William; she has such engaging ways. Mr. Stubbs—Right you are, aunt; she has engaged fully two dozen different cooks in the last six months to my certain knowledge.—Florida Times-Union.

Retreating in Disorder.
 "Who was that tough looking chap I saw you with today, Hicks?" "Be careful, Parker. That was my twin brother."

"By Jove, old chap, forgive me! I really ought to have known."—Kansas City Times.

Ancient Sill.
 A book published in Japan 1,000 years ago notes that at that time good silk was already produced in twenty-five provinces of that country.

STOP CATARRH! OPEN NOSTRILS AND HEAD
 Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what suffers from head colds and catarrh need. It's a delight.
