A wide-awake merchant at Spirit Lake had an advertisement in one of the local papers, that for originality has anything beaten to a frazzle. Of course, this did not mean hauling the drag in a wagon. Misses Mabel Booth, Vernice Voltz and Muriel Rice are attending the state Sunday school convention and Girls' conference as delegates from the Baptist Sunday school. This is the Fifty-seventh annual state convention of the Sunday school association, and Secretary A. M. Locker predicts it will be one of the best conventions in the history of the society. The twin city special trains brought three hundred and twenty-

NAVAL WIRELESS.

It is Almost Impossible to "Jam" a Well Organized Service.

Many suppose that it is possible for an enemy to disrupt and suspend all wireless communication at will by producing very powerful waves of irregular length—in other words, by interference or "jamming." According to Commander F. G. Loring of the British navy, such tactics are seldom successful. It is very hard, if not impossible, to "jam" a well-organized wireless service, for there are many ways, both technical and methodical, to defeat such an intention. If the enemy attempts interference he must put his own wireless communication completely out of action for the time being, with no certain prospect of seriously inconveniencing the communication of his opponent.

Commander Loring also believes that the risk of having the signals of the fleet intercepted by an enemy is very slight. "Co-operation between operators, with full knowledge of each other's methods, is extremely important when handling difficult code messages, and the more skilled the organization the more difficult it is for a strange operator to take down with the necessary accuracy the groups of a code message. He cannot ask for the repetition of doubtful groups, and he has no intimate and daily familiarity with the methods of the sender to assist him in his task.

"And, after all, giving the enemy every advantage, giving him a perfect record of the signals, the key of the code to his hand and equal facility of skill and language to translate it for use—a most improbable combination, it must be admitted—he has still failed to prevent the all important information from reaching its destination."

**WOMEN OF RUSSIA.**

Petrograd, April 10.—As the war continues the women on the border suffer the horrors of war and the mothers and orphans left at home are the ones who suffer most. In America are many mothers and daughters, who were left penniless by the war of the Rebellion, but their sufferings are as nothing to the women and children left as widows and orphans of the soldiers who have fought and bled for their country in Europe.

Many a mother and daughter have reason to be thankful to Dr. Pierce for relief from suffering and the cure of these weaknesses of their sex, because of his "Favorite Prescription." This tonic, which is strictly a temperance medicine, has cured thousands of those weaknesses, headaches, nervousness, backaches, which are the outward manifestations of disease in women. Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription prepared only from nature's roots and herbs with no alcohol to falsely stimulate and no narcotics to wreck the nerves. It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensation, worry and sleeplessness surely and without loss of time.

What Dr. Pierce's Favorite Prescription has done for thousands it will do for you. It's not a secret remedy for its ingredients are printed on wrapper. Get it this very day at any medicine dealers in either liquid or tablet form.

Doctor Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.—Adv.

Told That There Was No Cure for Him.

"After suffering for over twenty years with indigestion and having some of the best doctors here tell me there was no cure for me, I think it only right to tell you for the sake of other sufferers as well as your own satisfaction that a 25 cent bottle of Chamberlain's Tablets not only relieved me but cured me within two months although I am a man of 65 years," writes Jul. Grobrien, Houston, Texas. Obtainable everywhere.
