The Weekly Pioneer. Eight pages, containing a summary of the news of the week. Published every Thursday and sent postage paid to any address for \$1.50 in advance.

THIS PAPER REPRESENTS FOREIGN ADVERTISING BY THE AMERICAN PRESS ASSOCIATION GENERAL OFFICES NEW YORK AND CHICAGO BRANCHES IN ALL THE PRINCIPAL CITIES

Our Slogan: "Bemidji 25,000 Population in 1925"

To Benefit Taxpayers. Walter J. Smith, state treasurer, has worked out a scheme whereby he believes that the bi-annual distribution of moneys for the payment of expenses of the various state departments could be cut several million dollars.

Appropriations made by the last legislature for conduct of the state government and its various departments were in excess of \$18,000,000. The total amount appropriated was about \$1,000,000 less than that allowed by the previous legislature.

Such now is the case with the state prison which has the use of all its earnings in the furtherance of the various industries located there; likewise the state railroad and warehouse commission which has inspection fees annually running into the thousands of dollars.

While the earnings of some departments are so manifestly in excess of what they would really need for the proper conduct of the business assigned them Mr. Smith says a limit could be placed on their expenditures.

From all over the state come endorsements for "newspaper week," a plan which was originated at the last meeting of the Minnesota Editorial association for the purpose of boosting the state's resources and development.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 60 cent bottle of "Weyth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.

Evils of Constipation. Those who are habitually troubled with constipation and who permit their bowels to go two to three days without an operation have little relish for their food. Their stomachs become disordered, they have piles and kidney diseases. No one can reasonably hope for good health unless his bowels move once a day. If they do not move naturally they should be helped, and for this purpose you will find no better medicine than Chamberlain's Tablets. Obtainable everywhere.

EDITORIAL EXPLOSIONS

Congressman Lindbergh says he is not a candidate for governor or any other office this year, but next year will have to make its own record. It is more likely Lindbergh's eyes will be cast upon the office of United States senator, rather than the governorship, when 1916 rolls around.—Elk River Star-News.

This district will, from necessity, become a country of diversified farming. There can be no one-crop system, because the lands differ too much. And one of the most important things for each farmer to find out is what his farm is best adapted for, and on this subject it will prove profitable to put some time, study and effort.—Warroad Pioneer.

Following their victory in Clay county, Minnesota, which will out the saloon from Moorhead, the drys paraded the streets of that city singing: "It's a Long Way to Minneapolis When Moorhead Goes Dry." It will doubtless be a long, long way, as the present outlook is there will be no oasis on the route, and Minneapolis itself will probably be dry before the thirsty pilgrim arrives.—Exchange.

One thing is sure. The non-partisan legislature has come to stay. It is a vast improvement over the political legislature. It is more economical, independent and no red-necked, pig-eyed political boss can run it. Nobody could get an appropriation of state money for private gain by talking about the "grand old party," nor did a corporation with special privileges by demanding the passage of a law because it is a "party measure." Since we must have 'em, let us have the kind without collars!—Battle Lake Review.

NATIONAL ASSOCIATION OF MANUFACTURERS CONVENTION

New York, May 25.—The twentieth annual convention of the National Association of Manufacturers opened today at the Waldorf-Astoria hotel. Prominent manufacturers from all parts of the United States were assembled to discuss the effects of the year's political and economic developments, internal and international, on their business. William Howard Taft, former president of the United States; Senator Warren C. Harding, of Ohio, and other speakers of national reputation will address the manufacturers.

The subject of Mr. Taft's address is announced to be "Clayton Act and Other Things." It is expected that the former president will avail himself of this opportunity to express to business men from all parts of the country his view of the present political situation. The Clayton Act, which was vigorously opposed by many of the prominent organizations of business men, opens a field for discussion of great interest to manufacturers, the business legislation passed by the last congress. James A. Emery, of the National Council for Industrial Defense, will outline the work of the newly created Federal Trade commission, which is vested with plenary powers over corporate business interests, and there will be a general discussion of the effect of the activities of this body on the manufacturing industry.

The Federal Commission Industrial Relations, which has been investigating the causes of industrial unrest, will also receive consideration at

LADIES! DARKEN YOUR GRAY HAIR

Look years younger! Use Grandmother's recipe of Sage Tea and Sulphur and nobody will know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that shaggy, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 60 cent bottle of "Weyth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.

the convention sessions. The attitude which this, the commission has assumed toward employers in general and the trend taken by the commission at its various hearings will be discussed by Walter Drew of the National Erectors' association.

It has been estimated by experts that the members of this, the National Association of Manufacturers, supply about one-half of the world's railroad trackage and equipment, three-fourths of the world's means of telephonic communication, and the mechanical equipment, paper and ink necessary to produce one-third of the newspapers and magazines published on the globe. They also excel in the production of other staple commodities, manufacturing more shoes in one day than are produced by the leading foreign competitors of the United States in a week, producing eighty per cent of the automobiles of the earth, and gathering with machines made in their factories half of the harvest of the world.

COMMUNICATION

We, the members of the socialist local of Minneapolis, desire to enter a protest against certain decidedly objectionable matter written by Mr. Benson of Malcom, and published in an article in the Bemidji Pioneer, relating to the stand taken by Mr. Hayes, the county commissioner from the Third district on the appropriation of \$250 to the N. M. D. A. We challenge Mr. Benson to show us where the socialists in this community have knocked any progressive move without some sufficient cause. Because some man among his neighbors holds a different opinion than himself politically, it would seem a little tactless and

raw to express a belief that they have lost their reasoning powers. Mr. Benson attended the socialist local meeting once and was handed the socialist platform, and he said then that he had been working for that for 16 years. Then why he should knock the socialists is hard to explain. We do plead guilty to reading the Appeal to Reason, but have no fear of losing our reasoning powers. It rather looks as if those

Treat Pimples and Blackheads from the Inside

Don't Rely Upon Cosmetics—They Only "Cover Up." Don't fool or putter with pimples or blackheads by squeezing them. That's only a temporary cure. Remove the cause by inside work. Take Hollister's Rocky Mountain Herb Tea (or Tablets) at least once a week for a month or so and watch your complexion clear up.

"Before—After" "A bright! Look at me now!" The changes are there, is nothing wrong with your skin. The trouble lies in your system. Take Hollister's Rocky Mountain Herb Tea (or Tablets) at least once a week for a month or so and watch your complexion clear up.

BRAINERD MAN ON EVE OF OPERATION

E. A. Spohn, Florida, Relief With First Dose of Remarkable Remedy for Stomach.

E. A. Spohn, of Brainerd, Minn., R. F. D. No. 2, was so dangerously ill that his physician declared he could not live unless he was operated upon. He feared an operation and in seeking a way out he tried Mayr's Wonderful Remedy. It succeeded.

After he had gained back his strength he wrote: "I thought I would let you know how I was benefited by Mayr's Wonderful Remedy. I took it some time ago. It did all that you claimed it would do. I was so bad that the doctors told me I could not live without an operation, but I did not have time and I don't think I shall ever need one now. I have felt no signs of gall stones since I took your treatment."

Mayr's Wonderful Remedy gives permanent relief to stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfied factory money will be returned.

Real Worth vs. Low Cost

If you asked your butcher for a porterhouse steak and he handed you a cut of the flank and said: "This doesn't cost as much and is just as good," you wouldn't believe him, would you?

Yet the butcher's statement is just as truthful as an assertion that inferior baking powders made of alum or phosphates of lime are as good as Royal, which is made from cream of tartar.

Alum is a mineral acid salt, declared by many medical authorities unsafe to use in food.

Royal Baking Powder is as pure and wholesome as the grapes in the vineyard, from which cream of tartar is derived.

The only reason for using such substitutes as alum and lime phosphates is because their cost is less to the manufacturer.

ROYAL BAKING POWDER CO. New York

who will not read that paper are afraid that what it appeals to will not stand the strain. We shall endeavor to have Mr. Benson point out the socialists in this community that have lost their reasoning powers, in order to see if his statement is substantiated by facts. Yours, HERMAN AKERBLADE, Sec'y Local Minn., Malcom, Minn. Let a want ad help you.
