Write to the Northwestern Building Association of Fergus Falls, Minnesota, or apply to A. G. Wedge for circulars and details.—Adv.

THE CLEANUP MOVEMENT.

More Popular This Year Than Ever and Many Municipalities Take Part. There is evidence that the "cleanup" movement is even more popular this year than last. There are echoes all over the country of people cleaning their homes generally, including the collars, attics and stables, in which disinfectants are freely used. They are using paint upon everything that needs it and are raking up leaves and burning them and all other burnable trash. They are making their front yards groan under flower beds, and their back yards sprout with vegetables, the seeds in many cases given free. They are planting and trimming shrubs, hedges, trees and vines, are cleaning up and beautifying vacant lots by removing the unsightly weeds, tin cans and other rubbish. They are attempting to abolish all places that might breed flies and mosquitoes. Streets and alleys are being made to shine; trash receptacles are being installed upon the streets and citizens urged to pick up paper and refuse and deposit therein. Vacant lot gardening contests are being held. Prizes are being offered to boys and girls for the best kept gardens and lawns, and there are many "city beautiful" campaigns in active operation.

Here is a list of some of the cities and towns regarding which reports of such movements have reached the American City, promoted by commercial or civic organizations: Alton, Ill.; Altoona, Pa.; Atlanta, Ga.; Beaumont, Tex.; Beverly, Mass.; Bloomington, Ill.; Bloomington, Ind.; Buffalo, N. Y.; Cedar Rapids, Ia.; Charleston, S. C.; Chattanooga, Tenn.; Chetopa, Kan.; Cincinnati, O.; Columbia, Tenn.; Denver, Colo.; Findlay, O.; Fremont, Neb.; Glens Falls, N.
