**STATE HAS BOUNDLESS RICHES.**  
This is Minnesota Newspaper Week in Minnesota, which editors have arranged to exploit, in printer's ink, the state's interests. The articles in these columns today will be followed by articles in succeeding issues, all written to show what Minnesota is and has.

**THE STATE OF MINNESOTA**  
(By Governor Winfield S. Hammond.)

The state of Minnesota is loved by all who live within its borders. It has something that appeals to men and women of all trades and professions. It offers opportunities to rich and poor alike. Probably no other state has more varied resources.

Minnesota leads in many things. It was once famed as a great wheat growing state. Now it furnishes also the best butter for the bread made from Minnesota wheat. Minnesota has more co-operative creameries than any other state and has won ten of the twelve banners offered by the National Buttermakers' association for the best butter.

It is also becoming a leading corn and beef producing state. In 1914 Minnesota produced 91,000,000 bushels of corn and 43,000,000 bushels of wheat. The value of the corn crop that year was \$47,000,000, and of the wheat crop \$43,800,000.

Minnesota produces more iron ore than all the other states put together and more than any foreign nation except Germany. Minnesota has a larger school fund than any other state. The school and university fund now totals \$34,000,000 and the state still owns large areas of land and great timber and mineral resources which, it is believed, will in time bring \$200,000,000 into its trust funds.

### A FRIEND TO THE WORKINGMAN

Five years ago I was so troubled with kidney trouble and inflammation of the bladder that I had to cease working my farm. Life looked dark to me until I heard of Dr. Kilmer's Swamp-Root through a cured friend. I tried a bottle at once. After using five or six bottles I felt fine and have continued to work as I had before my affliction.

I want to state that Dr. Kilmer's Swamp-Root is a kidney medicine that will cure and I owe my good work during the past five or six years to it.

Yours very truly,  
C. W. MORRIS,  
Route 5, Box 81, Prescott, Ark.  
Subscribed and sworn to before me, this 27th day of March, 1912.  
O. B. GORDON,  
Notary Public.

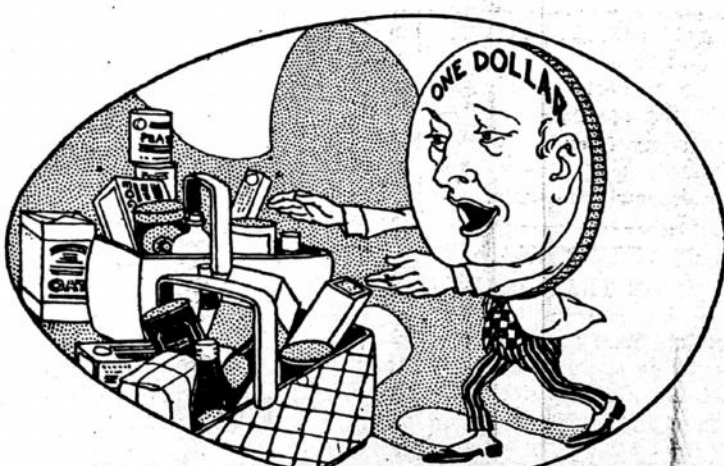

This is to certify that Mr. C. W. Morris has bought Swamp-Root at this store in the past.

Prove What Swamp-Root Will Do For You.  
Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Bemidji Daily Pioneer. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

### Dollar With Legs Goes Long Way

YOUR dollar looks big as it comes into this store. The one in the picture has legs on it, showing that it goes a long way. For a general stock of groceries of tested merit we believe that our store cannot be outclassed. As we do a large cash business our prices are always at the bottom of the market.

training. But Minnesota is more than a state with great material resources and a great school system. It is a state where the best elements from our eastern states and of European countries have combined to make a great commonwealth, whose people are as intelligent, progressive and patriotic as can be found anywhere.

### MESSAGE TO NORTHWEST

(By Cyrus Northrop.)

President Emeritus, University of Minnesota.

I am an old man now, and have seen many things in the world. I have seen this great country that we speak of as the northwest come, in my lifetime, to be populous and rich. The forest has fallen before the farmers, the field has blossomed and the cities have risen to greatness. If there is anything that an old man 80 years of age could say to a people among whom he has spent the happiest days of his life, it is this: We live in the most blessed country in the world. The things we have accomplished are only the beginning. As the years go on, and always we increase our strength, our power and our wealth, we must not depart from the simple teachings of our youth. For the moral fundamentals are the same and unchangeable. Here in the northwest we shall make a race of men that shall inherit the earth. Here in the distant years, when I and others who have labored with me shall long have been forgotten, there will be a power in material accomplishment, in wealth, strength and moral influence the like of which the world has not yet seen. This I firmly believe. And the people of the northwest, moving ever forward to greater things, will accomplish all this as they adhere always to the moral fundamentals, and not otherwise.

## Grand Opening Gould's Bowling Alleys

On Tuesday evening, Oct 12th, we will open for the public our "New Bowling Alleys" which have been under construction for the past few weeks and have just been completed.

These alleys are the New Continuous and are far superior to the old "sectional". No Humps! No Bumps! and were built according to the American Bowling Congress specifications, in other words they are up to the regulation League requirements in every respect.

These alleys will be conducted on strictly business principles and at no time will the management tolerate vulgar or profane language. It will be a place where lady spectators are always welcome.

We figure on having one afternoon each week which will be known as ladies' day at which time we will make special efforts to accommodate all ladies wishing to bowl. Announcement of ladies' day will appear in this paper at a later date.
