Another Wonderful Recovery From Kidney Trouble

For nearly nine years I was a great sufferer from what my doctor said was kidney trouble and my blood was out of order; enduring all that time excruciating pain in my back and across my bowels. I was drawn down so that I could only walk with my hands on my knees. My doctor said he could do nothing for me. I tried many kinds of medicine but all to no avail. A friend told me about Dr. Kilmer's Swamp-Root, and as I had tried everything else that I heard of, I bought a bottle of Swamp-Root and it did wonders for me. I prize it higher than any other medicine and I shall recommend it to my friends. I wish to add right here that after using Swamp-Root for two months I began to straighten up and am now sound and well, and feel like I might live a long time yet to tell what your medicine has done for me.

Yours very truly,

U. S. NAVY READY FOR WAR, SAYS WILSON

Chicago, Feb. 1.—The United States has made preparations for immediate war, as far as the navy is concerned, although the present naval force is inadequate in size, President Wilson declared last night in an address before several thousand persons in the auditorium here.

"We mean business," he said, in speaking of the preparedness plans of the administration.

"We have given to the present fleet of the United States an organization such as it has never had before, I am told by Admiral Fletcher," the president said, "and we have made preparations for immediate war so far as the navy is concerned."

"The army," the president said, as at present constituted is not large enough even for the ordinary duties of peace."

The president repeated his warning

ings that no time must be lost in strengthening the defenses of the nation. He declared the government was doing everything it could for preparedness.

Cleveland, Feb. 1.—The Federal district court today entered a decree against the National Cash Register company, finding the company and officers guilty of violating the Federal anti-trust act and attempting to restrain and monopolize interstate commerce and trade.

W. C. Stevens, installing engineer of the Western Electric company, is in the city today installing a new section board for more telephone lines in the local Northwestern Telephone Exchange. The new equipment will cost about \$1,000. The new equipment is necessary as at present over 90 per cent of the other equipment is now in use.

CITY MAY LOCATE REST ROOM IN BASEMENT OF LIBRARY

(Continued from Page 1)

under a new law the city attorney, on account of having a municipal court here, must prosecute all misdemeanors brought before him from any part of the county. He pointed out that the work of the office took up a large amount of time and that there was no city in the state that paid as small a salary as is paid by Bemidji. He stated that during the past year over twice the salary of the attorney was saved by several court actions.

Upon a vote of the council it was decided to leave the salary the same as last year.

Treasurer's Salary Reduced.

The only other change in the salaries is that of the city treasurer. The city treasurer formerly received \$35 a month and the bond was paid by the city. This year the city treasurer's salary is raised to \$40 a month but he must secure his own bond. The cost of a bond per year is about \$80, so under the new salary the city treasurer will receive \$20 less than last year.

Judge Gets \$1,300.

The salaries of the city officers are as follows: Judge of the municipal court, \$1,300 per year; clerk of the municipal court, \$30 per month; city attorney, \$70 per month; city treasurer, \$40 per month; city clerk, \$100 per month; janitress of dormitory, \$10 per month; drivers of motor truck and janitors, \$75 per month; chief of police, \$80 per month; patrolmen, \$70 per month; city engineer and street commissioner, \$100 per month; water clerk, \$65 per month; librarian, \$40 per month; janitor of library, \$15 per month; city assessor, \$500 per year; health officer subject to bids; boarding paupers subject to bids.

Runners for Truck.

Alderman Miller showed members of the council plans for sleigh runners for the front wheels of the fire motor truck. He explained that the truck could not be run now on account of deep snow; that a team was being hired at the cost of \$35 per month and that it costs one dollar a day to feed the team, making a total cost of \$65. He suggested that the city buy a set of runners for the truck which he estimated would cost about \$25. Upon Alderman Mo-
