

The Bemidji Daily Pioneer

THE BEMIDJI PIONEER PUBLISHED FOR THE PROPRIETOR BY F. G. NEUMEIER, Editor.

Entered at the post office at Bemidji, Minn., as second-class matter under 707 of Congress of March 3, 1879.

No attention paid to anonymous contributions. Writers' names must be known to the editor, but not necessarily for publication.

Subscription Rates: One month by carrier \$3.40, One year by carrier \$40.00, Three months postage paid \$1.00, Six months postage paid \$2.00, One year postage paid \$4.00.

The Weekly Pioneer: Eight pages, containing a summary of the news of the week. Published every Thursday and sent postage paid to any address for \$1.50 in advance.

The Daily Pioneer receives wire service of the United Press Association.

U.S. PAPER REPRESENTED FOR FOREIGN ADVERTISING BY THE AMERICAN PRESS ASSOCIATION.

GENERAL OFFICES: NEW YORK AND CHICAGO. BRANCHES IN ALL THE PRINCIPAL CITIES.

STATE GEOGRAPHICAL NAMES AND THEIR HISTORICAL SIGNIFICANCE.

JACKSON COUNTY: It is usually stated that this county was named in honor of Henry Jackson, who came from Virginia to St. Paul in 1842 and established the first store on the river bank near Jackson street, St. Paul.

MINNEAPOLIS WOMAN ESCAPES OPERATION: Mrs. Sadie E. Sinclair of 418 East Lake st., Minneapolis, suffered from stomach derangements for more than six years.

THE REPUBLICAN CONVENTION: The meeting of the Republican national convention which will be in session in Chicago, June 7, will be the most important meeting of the Republican delegates since the party was founded, according to an editorial in the Chicago Tribune.

Mr. Wilson is a minority president. He received a trifling under 6,300,000 votes, as compared to 7,600,000 and more cast for Roosevelt and Taft together.

It therefore appears mathematically certain that if a candidate can be found who will please the voters who voted for Roosevelt and the voters who voted for Taft this person will be the next president of the United States.

LAKE SHORE AVENUE: The action of the Bemidji city council in selecting the lake shore route to Second street for a new Nymore highway, instead of attempting to make the present route less dangerous, is approved by every thinking Bemidji citizen.

LAKE SHORE AVENUE: The old route was admittedly dangerous by sponsors for that route.

The new route will do away with the congestion of traffic and will not be dangerous. The new route is something that every citizen will be proud of. The old route, at this time, is something that every good citizen is ashamed of.

The only regrettable feature of the new route is that it is opposed by the Minnesota & International railway. We hope that the railway officials will change their opposition and agree with the citizens that the new route is for a better and bigger "City of Enterprise."

TO SAVE WASTE

Fifteen per cent of the timber cut in the United States is wasted every year. Government experts in Washington are engaged in experiments to determine how much may be saved by utilizing the waste.
