THE TROPPMAN BUILDING

The Old Troppman Block, which was one of the first buildings erected in Bemidji has been replaced by a new brick structure on the corner of Minnesota avenue facing Third street, in the heart of Bemidji's retail district. It is the most conspicuous business block in the city, as well as the newest and best office building.

The building was erected at a cost of approximately \$20,000. It is two stories high, one hundred forty feet long and fifty feet wide and is the home of nearly a dozen different institutions.

The ground floor is occupied by the well known Troppman Department store and the Henrionnet Millinery Parlors. Housed on the second floor in large, commodious well lighted rooms are the following business men: Attorneys Andrews, Gibbons and Huffman, in a suit of four fine rooms; Attorney H. J. Loud, occupying a suite of two splendid rooms; Doctors A. E. Henderson and L. A. Ward using excellent quarters in the front corner rooms. To the left of the wide spacious hallway may be found the offices of J. W. Wilcox, who sells Overland and Willys Knight cars and farm lands. The Dean Land Company, who have for the past forty four years been selling Minnesota lands and Mina A. Myers occupying quarters equipped for a modern hair dressing establishment.

When you see the Troppman Block connect these various institutions with it in your mind's eye and you'll never forget who is who in this, Bemidji's best office and business block
