BEMIDJI DIVISION OF FRESH WATER TARS ARRIVE IN CHICAGO

Local Naval Militia Men Enroute to Philadelphia Where They Will Board Ship Tomorrow.

EVERYTHING REPORTED TO BE IN "SHIP SHAPE"

Delayed on Trip From Bemidji to Duluth; Cohasset Ice Cream Parlor Raided by "Jackies."

ADDRESS OF BEMIDJI NAVAL MILITIA BOYS Any mail for any member of the Bemidji naval militia should be sent to: Commanding Officer, Fifth Division, Minnesota Naval Militia, on board U. S. S. Rhode Island, care of Postmaster, New York, N. Y.

By Edwin J. Simons (Special Pioneer Correspondent)

On Board Special Train enroute to Philadelphia, July 14.—The Minnesota Naval Militia, including the Bemidji division, arrived in Chicago at 7:30 o'clock this morning on their special train enroute to Philadelphia where they will board the U. S. S. Rhode Island tomorrow. The trip from Duluth to Chicago was made over the Soo Line. The "jackies" boarded a B. & O. special in Chicago and will arrive in Philadelphia at ten o'clock tomorrow morning.

Eaton is Captain.

The contingents on the trip are the Bemidji militia under Lieut. Earle A. Barker; the Crosby militia under Lieut. John H. Hart; the Pine City militia under Lieut. Robert Wilcox; the Lindstrom militia under Lieut. S. D. Young, and the Duluth militia under Lieut. A. E. Johnson in charge of the Minnesota militia.

Because of several delays on the road the Bemidji division was one of the last to arrive in Duluth. At Duluth everything was placed in "ship shape."

Get Royal Welcome.

The Bemidji boys were given a royal welcome at every water tank on the road from Bemidji to Duluth. At Cohasset a desperate charge was made on an ice cream parlor and many ice cream cones were captured. The captive cones appeased the fighting blood of the "fresh water tars."

As a special attraction on board the train "Jim" Hill and Basil Hannah staged a one-round bout. No decision was given.

As a finishing "touch" of the trip from Bemidji to Duluth "Seamon Extraordinary" Lyman was given a sound drubbing by the other members as an initiatory degree to the ranks of ordinary seaman.

Lunch Delayed.

Upon arrival in Duluth the "jackies" were taken direct from the depot to lunch, which was delayed until eight o'clock. From lunch everyone was ordered to the armory where the night was spent in camp.

At 5:15 Thursday afternoon the divisions were sent away from Duluth. Up to the time of the departure from Duluth the deposits in the militia bank had not been hampered by any withdrawals.

JOHN MORRISON IS RE-ELECTED CHIEF OF CHIPPEWA INDIANS

Red Lake Man is Chosen Head at Annual Conference in Bemidji; Carl Vice President.

RESOLUTIONS PASSED AT MEETING TODAY

Council May Adjourn Tomorrow; Many Matters are Taken Up by Red Men.

John G. Morrison of Red Lake, a deputy sheriff of Beltrami county, was today re-elected chief of the Chippewa Indians of Minnesota at the annual conference of the Indians being held here.

John W. Carl, county auditor of Mahanomen county, was elected vice president; Paul H. Beaulieu of Red Lake was re-elected secretary, and Omar Gravelle of Red Lake was chosen treasurer. Julius Brown of White Earth was named interpreter.

Interest in Council.

The Indians attending the council here displayed much interest in the conducting of the council. Many important matters were discussed and action taken. The council may complete its work tomorrow.

This afternoon resolutions were taken up by the council. The resolutions were as follows: A resolution authorizing the president of the council to request the Commissioner of Indian Affairs regarding the manner of the disbursement of the one-fourth part of the tribal fund of the Chippewa funds of Minnesota appropriated by congress under the provisions of the Indian appropriation act of May 18, 1916.

Want 160 Acres Each.

A resolution directing the legislative committee to obtain an act from congress providing for the allotment of sufficient land to Indians entitled thereto, to the amount of 160 to each man, woman and child out of any available land in the public domain.

At present a large number of Chippewa Indians located on the various reservations have only 80 acres of tribal Indian lands.

A resolution directing the legislative committee to secure an act of congress authorizing the sale of jack-pine, tamarac, cedar and other valuable merchantable timber standing upon the Minnesota national forest reserve in the same manner and under like conditions, provided for the sale of the white and Norway pine timber thereon. The proceeds of the sale is to be deposited in the U. S. treasury to the credit of the Indians.

Money for Houses.

A resolution directing the legislative committee to obtain from congress an act providing for the distribution of the tribal funds pro rata so that the Cass Lake, Winnibigoshish, Leech Lake, Fond du Lac and Grand Portage bands of Chippewas in the state can secure comfortable dwelling houses.

A resolution directing the president to appoint a committee of five to investigate reports that persons are being placed on the Indian rolls in Minnesota contrary to the provisions of the act of 1889.

Liquor Law Violated.

A resolution directing the president to request a compliance on the part of the government for the enforcing the treaty of September 30, 1854, prohibiting the sale or disposal of intoxicating liquors within the Indian country. The council alleges the provisions of the treaty are being openly violated at the village of Brookston in the county of St. Louis within the limits of the Fond du Lac Indian reservation.

GOVERNMENT ORDERS INVESTIGATION OF MAN-EATING SHARKS

Coast Guard and Life Saving Stations are Ordered to Remove Menace.

TERRIBLY MANGLED BODY OF ONE VICTIM IS FOUND

Authorities Offer \$100 Reward for Sharks; Terror Seizes Beach Bathers.

(By United Press)

Washington, July 14.—The U. S. Bureau of Fisheries today considered the man-eating sharks' attack upon bathers along the New York and New Jersey coast sufficiently serious to warrant an official investigation. The coast guard and life saving stations have been ordered to investigate and remove the menace.

Body is Found.

Mattewan, N. Y., July 14.—The terribly mangled body of Lester Stillwell, victim of a man-eating shark, has been recovered in Mattewan creek. The body had great jagged wounds in the abdomen and breast and showed where the shark's teeth closed over the body.

Coasts Patrolled.

New York, July 14.—Armed shark hunters in motor boats patrolled the New York and New Jersey coasts today, while others lined the beaches in a concerted effort to exterminate the man-eaters which have moved north from their customary haunts, apparently in large numbers. The village authorities of Mattewan, N. J., have offered a reward of \$100 for every shark brought in dead or alive.

One theory is that sharks which formerly fed on refuse thrown overboard from the many ocean steamships which plied the Atlantic before the war, now have become ravenous. Even though not ordinarily classed as man-eaters, it is said, they probably have been driven by starvation to lurk in the waters of the Atlantic coast, warm at this season, and attack human beings.

Bathers Terrorized.

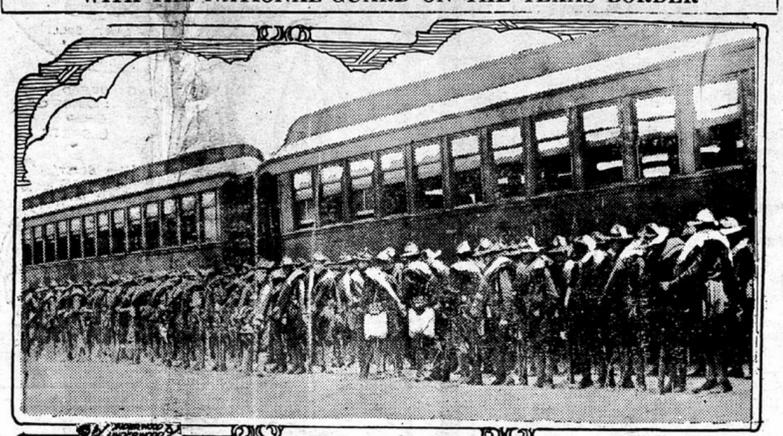

Three of the huge fishes were seen in Matakana creek and now are believed to have been bottled up there. Nets have been stretched under a bridge about 1 1/2 miles from the mouth of the inlet to prevent egress into Raritan bay. A British sloop arriving from Bermuda reported today to have killed a score of sharks during the voyage, one of them off the New Jersey coast.

Terror has seized the multitudes who have bathed at beaches along the New Jersey coasts, and comparatively few persons venture into the water. At Ashbury Park and other New Jersey resorts wire nets have been strung around the bathing areas.

BEMIDJI PLAYS TIE GAME WITH M'INTOSH NINE

for Game; Seven Innings are Played.

RALLY IN SIXTH AND SEVENTH TIES SCORE

Sky Pitches for McIntosh and Kannerberg is on the Mound for Bemidji.

Bemidji and McIntosh played a 4 to 4 game on the McIntosh diamond last evening. The game commenced at 8:30 o'clock and was called at the end of the seventh inning on account of darkness.

Clever Baserunning.

Bemidji rallied in the sixth and seventh inning, scoring one in each frame and tied the count by hard hitting and clever base running. Neither side scored in the first inning. Sky, the McIntosh Indian twirler, struck out the first three Bemidji men.

In the second inning Bemidji scored twice on two hits and a sacrifice bunt. McIntosh came right back in his half, scoring two runs on three hits and a base on balls after two men were out. Stadsvoid and Narvison each got a three-base hit in this inning. McIntosh scored two more in the third. Bemidji was blanked in the third, fourth and fifth innings.

Wood Makes Score.

In the sixth Wood got to first base on a hit. He stole second and scored on Diedrich's two bagger. Bemidji tied the score in the seventh on two hits and a sacrifice fly. The sun played havoc with the fields on both teams and many balls were misjudged in the glaring sun. The fielding of Boudreau and Tan-

ner was one of the features of the game, the former handling seven chances without an error, while the latter speared a hard drive of Jenkins' bat in the fourth inning. McIntosh has one of the best in-field in this part of the state. It is as level as a floor and the base paths are tiled with brick.

A large crowd attended the game, about 200 persons being in attendance.

The box score:

Table with columns: Bemidji, A. B. R., H. P. O. A. E. Rows include players like Woods, Tanner, Diedrich, Allison, Frank, Boudreau, White, Ericson, Kannerberg, and totals for both teams.

WOMAN CLERK DIRECTED TO TURN OVER BOOKS

Judge C. W. Stanton of the district court today handed down a decision in the case of O. L. Hines vs. Villa Newcomb and ordered that the defendant turn over the books of School Dist. No. 41. John L. Petrograd, June 16.—(By mail)—"Until now we Russians have been building upon sand. At last we are commencing to build on rock and our work will remain."

I have just had an interview with that great friend of Russia, Nicholas Tehaskovsky, member of the Central Co-operative committee of Petrograd and well known in the United States, where ten years ago he founded American committees in New York, Chicago, Boston, Philadelphia, Baltimore, Cleveland, Cincinnati, Denver and elsewhere.

Tried as a revolutionist and acquitted after being liberated from prison on bail furnished principally by English and American friends, the old man is now the happiest soul in all Russia. All his life he has tried to help the people. Now he believes he is succeeding, as co-operative so-
