A VICTORY!

A number of Democrats see in the Maine election result a "Wilson victory." Their declaration to this effect has led to the remark that a "Wilson victory" must be like "Wilson peace," "Wilson labor legislation," etc., that, precisely as a "Wilson peace" returns in more loss of life than a McKinley war, as a Wilson labor law, in operation hurts instead of helping labor, so a "Wilson victory" means the election of the Republican ticket.

THE LYCEUM COURSE.

The Woman's Study club of Bemidji has secured for Bemidji an excellent lyceum course to be given this winter. The University of Minnesota Extension course will present a program of four numbers, each number being of extra high quality. The women of the club deserve much credit for securing this class of entertainment for Bemidji. Lyceum courses, besides being of highly entertaining value, have much educational value. Bemidji citizens should show their appreciation of the efforts of the women by buying season tickets. Mrs. Thayer C. Bailey is in charge of the sale of tickets. Don't put off. Buy your ticket today.

A DEAD LOSS.

National guardsmen from all over the country have been "marched up hill and then marched down again." They have had their taste of "watchful waiting" on the Mexican border. It has cost the government \$130,000,000, according to Democratic figures, to make good Mr. Wilson's incapacity to perceive the necessity for military preparedness during more than two years of his administration, and to the guardsmen who responded patriotically to the call to arms, sacrificing their business, their employment, in many instances the business prospects gained by years of hard and faithful toil, and subjecting their families to privation, all the loss they have sustained is a dead loss. No one will recompense them for it. They must simply offer it up as the tribute irrevocably exacted of them by Wilsonian vacillation and Democratic inefficiency.

KILBANE'S CLASS NOT APPRECIATED

By HAMILTON (United Press Staff Correspondent). New York, Sept. 15.—Since Johnny Kilbane, the featherweight champion, had such an easy time in winning from George Chaney of Baltimore in their labor day bout at Cedar Point, O., Kilbane has an answer to the talk about his being a champion of the "cheese" class. The fact of the matter is that Kilbane is just about the cleverest and most versatile champion now fighting. Undeniably he has proved the most effective. His record is surprisingly full of knockouts and clean cut victories. It has been said to Kilbane that he has avoided decision bouts to protect his title much the same as Freddie Welsh has done. Well, even if he had, there is an excuse. It is hard

in these days to find a place for a fight where a decision can be given, but Kilbane has fought several decision battles and none ever has gone against him.

There are a great many fight followers in the country who believe the little featherweight is just the man to tip Freddie Welsh's crown off his head and place it back to a point where there will be some interest in the lightweight class.

FOOTBALL PRACTICE BEGINS AT CARLETON

Northfield, Minn., Sept. 15.—Football practice began at Carleton in real earnest with the opening of school yesterday. Coach Hunt had a small army on Laird field in the afternoon, fully justifying Carleton's claim to have a greater percentage of its students out for football practice than any college in the country. Before the end of the week Hunt expects to have 100 out of 220 possible eligible students in uniform.

Four men of last year's winning team form the nucleus for this year's team. They are Captain Allison, right end; Truesdalem, tackle; Johnson, halfback, and Keller, fullback. The great handicap as practice began was the lack of a fullback. Tom Tolman, who distinguished himself last year in that position is being held at the border in Company D, Second regiment, as a responce of having joined the guard last winter

FALL SUITS AND COATS

Our suits and coats were contracted for before the big advance in prices. Very little change from last year, as yet. However, we cannot guarantee these conditions will last during the season. Already manufacturers are notifying us of raises of 10 and 15 per cent.

We also carry a fine line of Misses' and Children's Coats.

when the Northfield company needed recruits to keep it from being mustered out of the guard. Owen and Phillips are prospective backfield men and a fullback may be made of one of them. The Carleton team has a stiff schedule ahead of it. The first game is with Stout Institute at Northfield Sept. 30, and the remainder of the schedule is as follows: Oct. 7—Chicago university at Chicago.

Oct. 13—Macalester at Northfield. Oct. 21—Ripon at Northfield. Nov. 4—Beloit at Northfield. Nov. 13—Hamline at St. Paul. The prospects for a city football eleven in Bemidji are not as good as they might be. All efforts to get the men out for practice have failed, only a few men reporting at each call. The city eleven, if organized, could get several games, as Grand Rapids, Grand Forks and other teams

have made attempts to arrange a game with the local team. Coach Juvrud of the Bemidji high school eleven put his men through a stiff practice yesterday afternoon, there being no school on account of Bemidji day at the fair. The high school eleven will show up strong this year, although several of the best men will be unable to play because of scholastic requirements of

the athletic association formed by high schools in this district. DALLAS OPENS FIVE MILLION DOLLAR STATION (By United Press) Dallas, Tex., Sept. 15.—Dallas' \$5,000,000 union passenger station was opened to the general public today.
