Mr. Hughes and Mr. Wilson are both cock sure of election to the presidency.

According to the New York Times (Wilson organ), the cost of living is now 3.3 per cent higher than it was a month ago, and 36.7 per cent higher than it was a year ago.

AN APOLOGY.

Charles S. Sherman of the St. Paul Times made a mistake. He admits it and he apologizes for it.

Miss E. L. Cahlan of the Bemidji Townsite & Improvement company called his attention to his mistake in regard to Bemidji and the following is Editor's Sherman's plea for clemency:

We have been called down good and plenty for associating, as we did last week, the name of 'Bemidji' with a brutal assault on a young school teacher a short time ago.

THE FIRE ANNIVERSARY.

Six years ago, Saturday, Oct. 7, Baudette, Spooner and miles of surrounding territory were visited by a fire which left death and destruction in its path.

Looking back across those six years, W. T. Noonan of the Baudette Region writes that he is prouder than ever of the stout-hearted optimistic men and women who so calmly faced disaster on that terrible night.

MR. ROOT'S SPEECH.

to the national campaign, as well as to the history of this nation, is the classic speech delivered by Elihu Root, former secretary of state, at Carnegie Hall, New York.

With compelling logic, lucid illustration and unimpassioned oratory Mr. Root analyzed the record of this administration, showed the estimate in which, as a result of the Wilson foreign policy, the United States has come to be held by foreign powers and the danger which that estimate involves.

"We are told that Mr. Wilson has kept the country out of war," he said at one point. "So has every president for seventy years except Lincoln and McKinley. Never since Columbus sighted San Salvador has there been a time when it was so easy for America to keep out of war by doing nothing as it has been during the great conflict now raging in the Old World."

Without bitterness, but with telling force, Mr. Root traced the course of the Wilson administration. He declared that the great safeguard of a nation was its reputation for character and manliness and courage and that with such reputation gone it was almost certain to be imposed upon by foreign aggressors as to make war unescapable.

THEATRES

Rex Theater. At the Rex tonight the feature will be a five-part Ivan film play entitled "The Immortal Flame," with Maude Fealy as star actress, supported by James Cooley, Paula Shay and others of capability. This production is Ivan Abrahamson's interpretation of the theory that "love cannot be bought or sold; the only price of love is love." Like some other of his film plays, "The Immortal Flame" pictures situations which may not be relished by the over-prudish, however, more broad-minded persons see in such dramas only the author's desire to so forcibly present some scenes that those view-

Watch The Store Windows International Newspaper Window Display Week. RETAILERS of this city are, today, joining with storekeepers all over North America in celebrating International Newspaper Window Display Week. It is an annual show, growing greater each year, which has for its purpose the demonstration of the value of newspaper advertising to national distributors. Beginning this morning, live merchants are filling their windows with standard products that have been newspaper advertised. The windows bear a sign indicating the purpose of the movement. We urge the public to look for these signs and to study the windows. Everyone will be interested, for it is an appeal of good products whose names are household words—thanks to newspaper advertising. Everyone will be interested in seeing our storekeepers do it a little better than storekeepers in the other cities who are co-operating. Watch store windows today and every day this week.
