SUBMARINE ACTIVE

submarine situation is again opened, it is believed.

Stays Three Hours.

Newport, R. I., Oct. 9.—The German submarine U-53 unexpectedly arrived here Saturday afternoon, stayed three hours and departed.

A report is in circulation that she brought a message from the kaiser to President Wilson.

She is the first fighting submarine to cross the ocean.

The U-53 brought mail for Ambassador von Bernstorff.

She was armed with torpedo tubes and mounted one gun.

Capt. Rose, her commander, said he came direct from Wilhelmshaven and that his mission was solely to deliver mail.

The diver swept past the allied blockade and consumed 17 days on the daring voyage.

The U-53 is one of the super submarines of the German navy.

She is much larger than the L of biggest type of submarines of this country.

As she rested low in the water, her wireless masts pointing skyward, she was the picture of power and efficiency in marine construction.

POLITICAL ANNOUNCEMENT

(Authorized and placed by Charles S. Carter. Amount paid for series \$20.00).

I am a candidate for Representative from the 62nd district, and respectfully solicit your support at the election, Nov. 7, 1916.

I might make numerous promises as to what I will do if elected, but quantity promises are made largely to gain votes, and are soon forgotten after election. Therefore, the promises I have to make are few in number, but these few will be religiously kept, if I am elected.

I do promise, if elected, that I shall perform the duties of Representative to the State Legislature purely in the interest of the people, irrespective of party consideration or political expediency.

I am opposed to the further issuing of ditch bonds in this district until the present judicial ditch law is amended so that ditches will be constructed only where the quality of the soil, prospective settlement and general conditions warrant same.

I believe the operation of the present judicial ditch law to be excessively costly and that the homes and property of our citizens, which are pledged for the payment of the interest and principal of said bonds, have been jeopardized by the enormous issue of bonds, and the high rate of interest paid therefor.

I will do all I can to secure legislation to relieve the county from any possible future payment of said ditch loans.

My politics are Republican, but under the law I am compelled to make the race as a Non-partisan. I promise also, that every citizen, regardless of his political belief will receive the same degree of courtesy and attention, and that special privileges will be extended to none.

Respectfully yours, CHAS. S. CARTER. if to 117
