Regular Customer (who has just entered restaurant)—Strong smell of paint here, William. Walter (coughing apologetically and indicating young women about to leave table)—Yes; soon pass off, sir; they're just going.—London Punch.

An English paper advertises for "a young person who can cook and dress children" and refers in its "lost and found" column to "a doll belonging to a little girl stuffed with rags."

This is the paper that contains the following:

"A gentleman has a school for sale. Contains two schoolrooms which will accommodate 300 pupils one above another." Also this: "A lady offers for sale a baboon, three tabby cats and a parrot. She states that, being now married, she has no use for them, as their amiable qualities are all combined in her husband."

"Well," replied Senator Sorghum, "sometimes he can get away with it, if he is dead sure his audience doesn't understand it either."—Washington Star.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards' produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

POLITICAL ANNOUNCEMENT

(Authorized and placed by Charles S. Carter. Amount paid for series \$20.00).

I am a candidate for Representative from the 62nd district, and respectfully solicit your support at the election, Nov. 7, 1916.

I might make numerous promises as to what I will do if elected, but quantity promises are made largely to gain votes, and are soon forgotten after election. Therefore, the promises I have to make are few in number, but these few will be religiously kept, if I am elected.

I do promise, if elected, that I shall perform the duties of Representative to the State Legislature purely in the interest of the people, irrespective of party consideration or political expediency.

I am opposed to the further issuing of ditch bonds in this district until the present judicial ditch law is amended so that ditches will be constructed only where the quality of the soil, prospective settlement and general conditions warrant same.

I believe the operation of the present judicial ditch law to be excessively costly and that the homes and property of our citizens, which are pledged for the payment of the interest and principal of said bonds, have been jeopardized by the enormous issue of bonds, and the high rate of interest paid therefor.

I will do all I can to secure legislation to relieve the county from any possible future payment of said ditch loans.

My politics are Republican, but under the law I am compelled to make the race a Non-partisan. I promise also, that every citizen, regardless of his political belief will receive the same degree of courtesy and attention, and that special privileges will be extended to none.

Respectfully yours,
CHAS. S. CARTER.
