Backache

In spite of the best care one takes of oneself, any part of the human machine is liable to become out of order.

The kidneys are the scavengers and they work day and night in separating the poisons from the blood.

"The very best way to restore the kidneys to their normal state of health," says Dr. Pierce, of Buffalo, N. Y., "is to drink plenty of pure water and obtain from your favorite pharmacy a small amount of Anuric, which is dispensed by most every druggist."

Anuric is inexpensive and should be taken before meals. You will find Anuric more potent than lithia, dissolves uric acid as water does sugar.

SUFFERED TERRIBLY.

Red Wing, Minn.—"Soon after I was married I caught a cold which caused me to suffer terribly. I tried several medicines but they did not help me at all—did not even agree with me. My mother wanted me to try Dr. Pierce's Favorite Prescription. The first bottle helped me and the second completely cured me. This was nine years ago and I have never suffered in this way since. I am very glad to recommend the 'Prescription.'"—Mrs. Fred Ganson, 321 Potter Street.

Colds Coughs Catarrh

A trinity of evils, closely allied, that afflict most people, and which follow one on the other, in the order named, until the last one is spread through the system, leading to many evils. But their course can be checked.

PERUNA CONQUERS

It is of great value when used promptly for a cold, usually checking it and overcoming it in a few days. Ample evidence has proved that it is even of more value in overcoming chronic catarrh, dispelling the inflammatory conditions, enabling the diseased membranes to perform their natural functions, and toning up the entire system.

The experience of thousands is a safe guide to what it may be expected to do for you. Liquid or tablets—both tested by the public and approved.
