Wear furs and save wool for the soldiers over there and help win the war by having your fur garments re-dressed, repaired and relined by A. N. Kriebes, Custom Furrier, Hackensack, Minn. Send direct or leave orders at the Henriouet Millinery, 313 Minnesota avenue, local representative. 3d119

Mr. and Mrs. H. M. Lillo of Trull, spent yesterday in Bemidji.

One dozen photographs makes twelve Christmas presents. Hak Studio. 1111f

Roy Crowell returned last evening from International Falls and Ranier, where he has been for the past month.

Mrs. Hugo Boldt of Bevida received a telegram yesterday telling of the death of her husband in a camp in Georgia, the cause of his death being the Spanish "flu."

Miss Julia Moran of the Northwestern Telephone Exchange has resigned her position and left this morning for Minneapolis where she will make her home with her sister.

Miss Velma Dean returned yesterday from Cloquet where she has been assisting in relief work in the fire district. Misses Arvilla, Kenfield, Miss Hall and Miss Barnwell returned to the city Tuesday from Cloquet.

Miss Bertha Trask, daughter of Mr. and Mrs. J. J. Trask, has gone to Minneapolis where she will spend the winter. Miss Trask has been offered her choice of two positions in the registrar's office at the university of Minnesota and will, no doubt, accept one of them.

The Red Wing Republican says: "Miss Minnie Erickson, teacher in the Bemidji schools, who has been taking care of the influenza patients in fire-swept Cloquet, was called home by the illness of her sister, Mrs. N. C. Lien. Marith Virginia, the little daughter of Mr. and Mrs. Lien, who has been ill for the past six weeks, was reported in a rather serious condition today. She is suffering from pneumonia, following an attack of the Spanish influenza."

BAUDETTE WAITRESS IS FIRST VICTIM OF "FLU"

Baudette, Minn., Nov. 7.—Alma Boquist, head waitress at the Baudette hotel, died Saturday of pneumonia following only two hours with pneumonia. Her mother, who was called to Bemidji to see her son, who was very sick, was reached at Thief River Falls, but arrived too late. Her son died in Bemidji on Saturday. This is the first death recorded here because of the epidemic.

SERVICES PRIVATE.

Rev. J. J. T. Philippe officiated yesterday afternoon at 2:30 o'clock at a private funeral service at the Huffman-O'Leary undertaking parlors, the deceased being John Krukowsky, 25 years old, single, who died from the Spanish "flu." Interment was made in Holy Cross cemetery.

Heroic Frenchman. Lieut. S. Coulier, French ace, twenty years old, and who has brought down 17 Boche planes in France, has given onlookers thrills by his nifty performances at all fields in the United States. He came over from France a few weeks ago as instructor. His favorite pastime is to execute all the great stunts, such as spinning nose dives, loops and Immelman turns with 200 feet of the ground. The average flyer, even if expert, prefers to try this game several thousand feet higher, where he is safe.

Golfing Prospects. An artillery officer, who had been a fairly well known golfer and a keen enthusiast, was looking out across a rolling plain in France that only recently had been heavily pounded by shell fire.

"I've seen some well trapped courses," he said, "but I must say this is the best bunkered course I've ever run across. There's a pit every 20 feet. Par here must be about 200."

No Doubt. When married folk disagree they have only themselves to blame—and they do.

Eczema Wash

A touch of D. D. D. to any eczema sore or itching eruption and you'll be able to rest and sleep once more. Think—just a touch! Is it worth trying? Get a trial bottle today. Your money back if the first bottle does not relieve you.

RED CROSS NOTES

KNITTED SHIPMENT.

Knitted goods shipments made this week of the following articles: 230 sweaters, 397 pairs sox, 55 pairs wristlets, 2 afghans.

Out of town branches sending in garments as follows: Kelliher, 22 pairs sox, 8 sweaters; Pinewood, 14 pairs sox, 1 sweater; Blackduck, 31 pairs sox, 11 sweaters; Tenstrike, 10 sweaters, 8 pairs wristlets; Puposky, 5 sweaters; Grygla, 9 pairs sox; Solway, 28 pairs sox, 10 sweaters, 1 helmet; Northern, 3 pairs sox; Quiring, 6 pairs sox; Turtle River, 2 pairs sox; Junior Red Cross, 1 pair sox.

Some of these sweaters and wristlets have been in storage here since July as no sweater shipment has been made till now. Sweater knitters please read extract from Northern Division Bulletin. We have the new sweater directions.

SWEATERS TOO LARGE.

Many sweaters are being received at headquarters which are so wide that they are too large for most of the men in the army, navy and marines. On some occasions it has been necessary to discard twenty sweaters before finding one which will fit. May we ask that none of our workers make a sweater wider than eighteen inches. The new directions, followed properly, with the correct weight of yarn and the correct sized needles, will give this width, and those chapters that have not already received these directions are requested to send for them at once.

As soon as the stitches are cast on the needle, the width can be ascertained. When this is too wide, the number of stitches can be decreased. If by chance it is too narrow, the number of stitches can be increased. We shall be grateful if this fact can be impressed upon our workers at this time.

XMAS IN NAVY

The navy department has advised that parcels intended for officers and men on the United States vessels in home waters, and abroad, or stationed at naval bases, or stations in foreign waters should conform to the following conditions.

Parcels may not exceed twenty pounds in weight, packed in strong cartons, and one which can be opened for inspection.

These are not inspected here. Mail them here with the proper address, and in care of "Supply Officer, Fleet Supply Base, 29th St. & 3rd Ave., Bush Terminal Station, Brooklyn, New York."

These parcels are charged fourth class postage or parcel post zone rate. Mail as soon as possible, so as to reach Bush Terminal Station not later than Nov 15.

Ages of Various Trees.

The ivy lives 200 years, the elm 300 to 350 years, the linden 500 to 1,000 years, the locust tree and the oak 400 years, and the fir 700 to 1,200 years.

How Epidemics Start

It might seem that epidemics of various diseases were born full-fledged overnight. Disease epidemics, however, usually have their source in one or a few isolated cases. Simply because the danger of contagion is not recognized or guarded against, it spreads rapidly.

Many diseases of this character are contracted from germs which enter the nose or mouth. Danger of infection and the further transmitting of the diseases can largely be prevented by the use of an antiseptic gargle or nose spray made by dissolving two tablespoonfuls of 20 Mule Team Powdered Boric in a pint of hot water. An excellent gargle for sore throat, often the first symptom of approaching influenza, is made by dissolving one teaspoonful each of salt and Boric in a pint of hot water. Your druggist sells 20 Mule Team Powdered Boric.

RED BLOODED MEN FIGHTERS

THEY RULE THE WORLD

Red blooded men are born leaders in every walk of life and fight intelligently with both brain and muscles. They are always live wires, smiling and full of ginger; keen, alert on their feet and ready for anything that comes their way. Work is a pleasure and they land on top every time. You will not find a strong successful man or woman trying to plug along with poor health or weak nerves. They know better, they are wise and see to it that their blood has plenty of good fresh iron and their nerves at all times loaded with Phosphates—the nerve food.

A leading doctor says, "Show me a strong, healthy successful man or woman and you can bank on it every time, their bodies are just loaded with Iron and Phosphates." Another prominent physician says, "There is no need of anyone going through life sickly, miserable, plagued out, fagged and nervous when Phosphated Iron will always put energy and vigor in their bodies and nerves." This same doctor also said, "With the system loaded with Phosphated Iron you can fight life's battle at any stage of the game and be a winner at every turn."

Mr. Run Down man or woman in any stage of life, if you feel all in your nerves are all shot, and life seems like one continual drag and drudgery from day to day, get next to yourself, wake up, take a brace. Lay in a supply of Phosphated Iron and take a new lease on life. You will once again feel like a live one and face the world with the smile that wins. Are you game? To insure physicians and their patients receiving the genuine Phosphated Iron it has been put up in capsules only, so do not allow dealers to give you tablets or pills. Insist on capsules. City Drug Store, and leading druggists everywhere.

KILL OFF PREDATORY BEASTS

Ridding Ranges of Ravaging Rogues Results in Saving More Than \$5,000,000 Worth of Stock.

It is estimated that the bureau of biological survey of the United States department of agriculture is saving annually over \$5,000,000 worth of live stock for the ranchers of the Rocky mountain section as a result of its intensive campaign against predatory animals, which has been in progress during the past three years. During this period 60,488 coyotes, 3,085 bobcats, 1,829 wolves, 201 mountain lions, and 137 bears have been trapped or shot, and many other animals have been poisoned. The income from the sale of pelts of animals killed by government hunters to protect live stock during the last year will aggregate approximately \$100,000. This work is of special importance, because the cattle and sheep which are already on the range producing meat, wool, and leather are afforded protection, and thus the actual sources of these essential commodities are being conserved for market. Furthermore, clearing the range of predatory animals is making conditions more favorable for stocking the grazing areas to full capacity and for improving the quality of the breeding stock.—United States Department of Agriculture.

Japanese Beetle in New Jersey.

A public hearing on the proposed quarantine of a portion of New Jersey on account of the Japanese beetle, a serious pest of certain vegetables and fruit, was held by the United States department of agriculture in Washington recently. As a result of infestation of the Japanese beetle in parts of Burlington county, N. J., the proposed quarantine is intended to prohibit the shipment from this territory of green sugar corn, ripe tomatoes and ripe peaches which might cause this pest to spread. A campaign of eradication authorized by congress is now in progress, and the proposed quarantine is deemed necessary to support the measures that are being taken for the suppression of this dangerous pest.

HEALTH TALK

SPANISH INFLUENZA OR GRIP

By Dr. Lee H. Smith.

An old enemy is with us again, and whether we fight a German or a germ, we must put up a good fight, and not be afraid. The influenza runs a very brief course when the patient is careful, and if we keep the system in good condition and throw off the poisons which tend to accumulate within our bodies, we can escape the disease. Remember these three C's—a clean mouth, a clean skin, and clean bowels. To carry off poisons from the system and keep the bowels loose, daily doses of a pleasant laxative should be taken. Such a one is made of May-apple, leaves of aloe, root of jalap, and called Dr. Pierce's Pleasant Pellets. Hot lemonade should be used freely if attacked by a cold, and the patient should be put to bed after a hot-mustard foot-bath.

To prevent the attack of bronchitis or pneumonia and to control the pain, Anuric tablets should be obtained at the drug store, and one given every two hours, with lemonade. The Anuric tablets were first discovered by Dr. Pierce, and, as they flush the bladder and cleanse the kidneys, they carry away much of the poisons and the uric acid. It is important that broths, milk, buttermilk, ice cream and simple diet be given regularly to strengthen the system and increase the vital resistance. The fever is diminished by the use of the Anuric tablets, but in addition, the forehead, arms and hands may be bathed with water (tepid) in which a tablespoonful of salaratus has been dissolved in a quart. After an attack of grip or pneumonia to build up and strengthen the system, obtain at the drug store a good iron tonic, called "Irontic" Tablets, or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery.

His Expedition.

The army examiner was getting somewhat out of patience with the dull candidate before him. But he controlled his temper, and gave him a last chance to distinguish himself. "Let it be supposed, sir," he said, ironically, "that you were a captain in command of infantry; that in your rear was an impassable abyss; that on both sides of you there rose perpendicular rocks of tremendous height; that in front of you lay the enemy, outnumbering you ten to one. What, sir, in such an emergency would you do?"

"What would I do?" responded the applicant, "I should resign!"

Studying Deep-Sea Life.

A peculiar advantage for the study of marine life is credited the biological station established at Messina about two years ago. The sudden rise of the ocean bed at the strait of Messina causes very unusual upward currents from great depths, and these are so strong as to bring many of the deep-sea animals forcibly to the surface, where they are caught from small boats. The animals are taken under conditions less abnormal than usual. Many of them are able to produce light and some even vary the color of the light at will.

Don't trifle with a cold—it's dangerous. You can't afford to risk Influenza. Keep always at hand a box of

HILL'S CASCARA QUININE. Standard cold remedy for 20 years—in tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine box has a Red top with Mr. Hill's picture. At All Drug Stores.

Why Putter With Corns? Use "Gets-It" Common-Sense, Simple, Never Fails.

You can tear out your corns and suffer, or you can peel off your corns and smile. The joy-peeling way is the "Gets-It" way. It is the only happy, painless way in the world. Two drops

"Get the Drop" on That Corn—Use "Gets-It" and the Corn is a "Gesser"! "Gets-It" on any corn or callus dries at once. The corn finally loosens off from the toe, so that you can peel it off with your fingers in one piece, painless, like peeling a banana. "Great stuff, wish I'd done that before." "There's only one corn-peeler—"Gets-It." Toes wrapped up big with tape and bandages, toes squirming from irritating salves, it's all a barbarity. Toes wounded by razors and knives, that's butchery, ridiculous, unnecessary, dangerous. Use "Gets-It," the liberty way—simple, painless, always sure. Take no chances. Get "Gets-It." Don't be misled by imitations. See that you get "Gets-It." "Gets-It," the guaranteed, money-back, corn-remover, the only way, costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill. Sold in Bemidji and recommended as the world's best corn remedy by Barker's Drug Store.

DANGER AFTER SPANISH INFLUENZA OR GRIPPE How it Can Be Avoided and Treated. Simple Rules to Be Followed. No Occasion for Panic

No need of anyone being afraid of the after effects and slow recovery from Spanish influenza, hard colds or Grippe, if they will use common sense and start in building up their health and strength the right way. The main thing is to get the blood rich, red, and pure, so it can carry life-giving oxygen and strength to every part of the body. Impure blood is the cause of so many slow recoveries and set-backs. Doctors say: "Get the blood right and the rest is easy, that nine-tenths of all sickness is due to lack of iron and phosphates; the healthy strong, vigorous man or woman's blood is always loaded with these two life-giving elements." Physicians also claim with fresh air and nourishing food nothing equals Phosphated Iron as a blood tonic and health builder. Phosphated Iron takes hold from the first dose. Results are seen and felt; strength returns, food digests, appetite picks up, sleep is restful, there is a color in the cheeks and a sparkle to the eye that only blood charged with iron and phosphates can give. It is the duty of everyone who has had Spanish influenza, Grippe or a hard cold to build up their system with nature's tonic, Phosphated Iron. It sure is health protection. Safety first. The results will repay you many times. Give yourself a show. Special notice: To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules. Do not take pills or tablets. Insist on capsules. The City Drug Store and leading druggists everywhere
