What Is The Cause of Headache? Backache?

BY DOCTOR CORNELL

Backache is perhaps the most common ailment from which women suffer. Rarely do you find a woman free from it. Sometimes the cause is obscure but Dr. Pierce's Favorite Prescription, a high medical authority says the cause is very often a form of catarrh that settles in the delicate membranes of the feminine organs. When these organs are inflamed, the first symptom may be backache, or headache, dizziness, accompanied by bearing-down sensations, weakness, irregularity, painful periods, irritation, and a general run-down condition. Any woman in this condition is to be pitied, but pity does not cure. The trouble calls for Dr. Pierce's Favorite Prescription, which is a separate and distinct medicine for women. It is made of roots and herbs, put up without alcohol or opiate of any kind, for Dr. Pierce uses nothing injurious. In taking Favorite Prescription, it is reassuring to know that it goes straight to the cause of the trouble. There is but one way to overcome sickness, and that is to overcome the cause. That is precisely what Favorite Prescription is intended to do.

DANGEROUS TO CARRY SUIT CASE IN DAKOTA

(By United Press.)
Jamestown, N. D., March 6.—Those who value their reputation will not carry a suit case in North Dakota. Arrests both here and at Devils Lake revealed that evaders of the prohibition law generally carry a suit case and the police have come to look upon such articles with suspicion.

Callus? Peel It Off Quickly!

Nothing On Earth Like "Geta-It" For Corns and Calluses.

A spot of thickened skin on the bottom of your foot which so often makes walking an agony, is as easily removed by wonderful "Geta-It" as

Callus Comes Off Like Banana Peel! any hard or soft corn anywhere on your toes. Look at this picture. A few drops of "Geta-It" did the work. The callus comes loose from the true flesh. No irritation whatever. You peel the callus right off just like a banana peel—peacefully, painlessly. "Geta-It" does the same thing to any corn, without the use of sticky plasters, irritating salves, greasy ointments or bandaging tape. There's no fussing—no knife, no scissors to use. "Geta-It" is used by millions, because it's common sense, and it never fails. Try it, prove it. "Geta-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago, Ill. Sold in Bemidji and recommended as the world's best corn remedy by Barker's Drug Store.
