

BETTER THAN HOT SPRINGS. HE SAYS

Hendryx Got No Permanent Relief Till He Took Tanlac—Gains 34 Pounds.

"I have not only gained thirty-four pounds since I commenced taking Tanlac, but for the first time in fourteen years I am able to eat a square meal without suffering agonies afterwards," said A. J. Hendryx who lives at 608 South Clinton street, Bloomington, Ill., the other day.

"I suffered from so many different causes during that time," continued Mr. Hendryx, "that I hardly know how to begin telling about it. First of all, my stomach went back on me, and everytime I ate anything I would have the worst sort of cramping pains, and I finally got to the point where a soft boiled egg, or a glass of water even would upset me. My kidneys were in bad condition, too, and I suffered terribly with pains in my back, and sometimes when I stooped over, these pains were so severe that I couldn't straighten up again and would just have to lie down on the ground until it passed off. Then rheumatism struck me, and very often my feet and legs were so badly swollen that I could hardly stand up, and the pain so severe that I hardly even slept well. I had the best of treatment and tried many different kinds of medicine, but I gradually got worse all the time. I went to Hot Springs four different times, and would get a little relief while taking the treatment, but as soon as I got back home all my troubles would start up again.

"Tanalac came along then, and I thought I would give it a trial and see if it was any better than the rest of the medicine I had been taking. Well, about all I can say is that Tanlac did the work for me, and I am as sound and free from pain as I ever was in my life. The rheumatism is gone and all the agony I went through on account of it is a thing of the past. Those awful pains seem to be in perfect condition. I have the best appetite I ever had in my life, and my stomach troubles have been so completely overcome that everything I eat agrees with me all right. I am as strong and robust as any man in Bloomington, and can do as much hard work as the best of them. I am not tormented with pains at night now, but sleep like a log, and get up in the morning feeling fine and dandy. Tanlac did all that for me, and that is why we talk about it so much at our house."

Tanalac is sold in Bemidji by the City Drug store, in Kelliher by Mrs. R. Sterling, in Blackduck by French & Moon, and in Baudette by J. Williams.

Chicago's Oldest Saloon.

When the dry law went into effect and Chicago's 6,000 saloons went out of business, it ended the career of Chicago's oldest saloon which was established in 1837, the same year Chicago was incorporated as a city. Since that time the business has passed through the hands of a family of four generations. Indian camps were a common sight in Chicago in those days. The city had about 5,000 inhabitants; to-day there are nearly 3,000,000 persons.

Preparedness.

"By the way, Mary, did you put my cooking outfit in that basket? I'll want to try some fish for lunch."

"Yes, dear, and you'll find a tin of sardines in there, too."—Life.

Says Uncle Eben.

"Dat kaiser man," said Uncle Eben, "would have been tried an' sentenced long ago for shootin' craps or flourishin' a razor."
