

BAUDETTE CLOVER SEED CROP WAS WHOPPER

(Baudette Region.)
About fifty tons of clover seed have been shipped from this section during the last ten days, and between thirty and forty thousand dollars have been paid to farmers who grew it. Thirty-five tons were shipped from Baudette this week, buyers from the Northup Co. and the Fairbault Seed Co. taking it. Fifteen tons have been shipped from Williams, and there is much clover to be threshed, both at Williams and Baudette, and the total figures will run close to one hundred thousand dollars.
This feature of farm production was started only a year or so ago in this district, and is still in its infancy, but the figures mentioned above give some indication of what will happen in the next few years.
The farmers averaged from \$150 to \$275 an acre above all expenses on the clover seed, which isn't bad for cheap land—or at least land that can be purchased cheap.

GAINNEY IS CAPTAIN OF HAMLINE'S FIVE

The formation of the varsity team will start early this year as a heavy schedule is being planned. St. Cloud normal, Concordia, Luther Seminary, Lawrence, Gustavus Adolphus, St. Olaf, Carleton, North Dakota Aggies, Minnesota Aggies, St. Thomas and other schools and colleges are expected to be met. "Cris" Ames is the manager of Hamline athletics for this season and has started to arrange the schedule.
