and sent postage paid to any address for, in advance, \$2.00.
OFFICIAL COUNTY AND CITY PROCEEDINGS

"BUTTON HOLE"

"Button Hole" is a little game which requires at least two to play. It used to be quite a common game years ago among the children at house parties and just as common among the "ward healers" in politics. We have been reliably informed that some of our good, honest, respectable citizens were introduced to the game of "button hole" at the recent school site election by some congenial friend, who ushered the voters through an adjoining room to the front of the voting line and at the same time gave some "good" advice with regard to which site was the proper one, etc., etc. Let's forget this old, old game and play it open and above board. "Any way to win," used to be the old "gang" way, but today there are too many respectable citizens in Bemidji who believe in a square deal to tolerate such tactics at the next election.

THE THIRD BONE DRY YEAR

July 1st was the beginning of the third year of the prohibition law in these United States. The Volstead prohibition law has by no means prohibited the manufacture of liquor, nor the sale of liquor nor the drinking of it. The law has too many enemies and booze too many loyal friends to accomplish such a feat in a few years. It will take years and then some before prohibition can be enforced to the fullest extent of its meaning. A new fund of two million dollars is now available and we are told that a grand onslaught is to take place soon and that it will be continued until the money is gone. Wonder how much booze two million would buy today?

OUR JUVENILE BAND

Our Juvenile band is the talk of the state, and if it keeps on developing, as it has in the past year, it will become the talk of the nation. Band Leader Riggs is to be congratulated. This band will need no press agent or advance man in order to secure engagements. The concert given Thursday evening was heard by hundreds and many were from out of town. The advertising which this bunch of little fellows will get through the channels of mouth to mouth and mail publicity cannot be overestimated.

THE TEN THOUSAND LAKES ASSOCIATION

If ever Minnesota sponsored a worthy project it is the Ten Thousand Lakes project. It is deserving of the support of the citizens of Bemidji, because Bemidji derives a direct benefit. Selling Minnesota is its great mission and when money is spent to sell Minnesota, Bemidji is certainly benefited. True, we have been groaning under the burden of fostering new enterprises, but another so worthy will make our reward that much greater.

OUR FAIR ADVERTISING

Well, these auto owners around here are sure anxious to advertise the Northern Minnesota Fair, judging from the way they take to the circular signs. And why shouldn't they? It's going to be the biggest project ever launched in Northern Minnesota, and every citizen ought to put his shoulder to the wheel and roll it along. Come in, boys and girls, there's a "cart wheel" here for you, all ready to put on your "lizzy."

If the brewers get to manufacturing beer with a "kick" for medicinal purposes, we may expect a wave of sickness to engulf this country, such as has never before been experienced.

Marriage licenses and postage stamps have not yet been reduced in price, says an exchange. Neither has the war tax.

Bemidji's Playground
DIAMOND POINT

Enjoy your Sundays and picnics there. Lunches and hot coffee served. Confections of all kinds in stock. Special accommodations for picnic parties. Diamond Point is truly Northern Minnesota's most beautiful playground and it's free to you.

HE BELIEVES IT
SAVED HIS LIFE

Pinard Would Have Given
Anything He Possessed for
the Relief Tanlac
Brought Him

"I don't believe there is anything that will put a man who is down and out on his feet as quick as Tanlac will," said E. P. Pinard, of 1021 Minnesota Ave., Duluth, Minn., in relating his experience with the medicine. "For a good many years I had such a bad case of stomach trouble, and was in such fear and dread my food wouldn't agree with me that I couldn't enjoy a meal. I suffered so from indigestion and bloating, and had such terrible pains up through my chest that many times I would have given anything I possessed for relief. Why, if I hadn't gotten hold of Tanlac, I believe I would have been a goner altogether by now."

"Tanlac just keeps me going, for it has not only fixed up my stomach but it has given me a good appetite also. I keep Tanlac on hand all the time, and whenever I feel myself slipping, it doesn't take the medicine long to straighten me out again. It keeps up my strength and weight, and I'm now feeling better and looking better than I have in a long time. Tanlac is the only medicine that ever gave me relief, and I am certainly lucky to have run across it, for it saves me all the suffering and misery I had to endure before I got hold of it."

Tanlac is sold in Bemidji by the City Drug Store and leading druggists.—Adv.
