With A Soul Full of Hope
According to the Buddhist faith, the marriage tie contracted in this world will carry over to the next. When circumstances prevent a marriage in this world, many Japanese men and women commit suicide in the hope of a happy married life in the world to come.

Anyway
The government seeds which have so far failed to grow will come in handy to feed the canary, if you want to keep the canary quiet.

—A Sure Cure—
Sometimes Not Necessary

A business man who has been always preaching the doctrine that a more rapid turnover is necessary to success in business did not ask for a more rapid turnover as his car rolled into the ditch.

In The Day's News
Santos Dumont, who has returned to Paris after several years' absence with the intention of again taking an active part in the development of French aeronautics, is a Brazilian whose achievements as a pioneer aviator were second only to those of the Wright brothers. The son of a wealthy Brazilian planter, he was sent to Paris at the age of 18 to study engineering. As a mere boy he had developed a keen interest in aeronautics and after arriving in France he embraced the first opportunity to make a balloon ascension. That was in 1897. Thereafter he devoted himself to the development of a practical dirigible balloon. He constructed five airships and one after another met disaster, but with the sixth the young Brazilian made a successful flight over Paris and circles the Eiffel Tower and by doing so won a prize of 100,000 francs. Turning his attention to the aeroplane Santos Dumont built a machine in which he made a record-breaking flight of 215 miles at a height of 15 feet in the Bois de Boulogne on the morning of November 12, 1906.

WISCONSIN "PHILANTHROPIST" FACES EMBEZZLEMENT CHARGE

(By United Press)

Minneapolis, May 17.—E. L. Zimmer, self-styled "philanthropist" of Eau Claire, Wis., was scheduled to go on trial here today on charges of embezzlement.

Zimmer was recently charged in St. Paul with giving worthless stock in trade for a tractor. The case was dismissed and the complainant, M. L. Patterson, informed that the action should be brought in Wisconsin.

Another case was brought against Zimmer in Minneapolis and the trial was twice postponed. It was scheduled to go to trial today.

NORTH DAKOTA UNIVERSITY HAS A BUSY WEEK AHEAD

(By United Press)

Grand Forks, N. D., May 17.—Three big educational and scholastic programs will be held at the university this week.

Today, Thursday and Friday will be devoted to the annual meeting of the northeastern division of the North Dakota State Teachers association.

The annual state high school conference will be held May 18, 19 and 20.
The latter part of the week will be given over to interscholastic contests of athletic, literary and musical nature.

Be Rid of That Ache

If you are a sufferer with lame back, headache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend? Ask your neighbor!

Mrs. A. Breunig, 418 Irvine Ave., Bemidji, says: "It has been several years now since I have had occasion to use a kidney remedy, but before that time I was troubled greatly with my kidneys and a dull misery in my back. Some days I could hardly get around to do my work. Even at night my back was in such a condition that I got very little rest. Upon arising in the morning, I was so stiff and lame, I had little ambition to start anything. These pains, I knew, were caused from the irregular action of my kidneys, so I lost little time in getting something. A member of my family suggested Doan's Kidney Pills and I procured a supply at Barker's Drug Store. Two boxes were all that was necessary to rid me of the trouble and put me back on my feet again." 60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advertisement.

STREET IMPROVEMENTS RECOMMENDED THIS YEAR

that the workmen would know just what was wanted.

The council denied an application for an ice cream and candy stand on the downtown street, with the understanding that all other such stands are to be barred. A transfer of soft drink license from A. L. Gilbert to A. Brose was granted.

Itney license was granted; Olson & Westness, while a dray license was granted William Peckels.

Ordinance No. 125, being an amendment to ordinance No. 120, which regulates the sale of soft drinks at retail, was given its second reading with no amendments offered.

This amended ordinance changes the fee for soft drink license from \$25 to \$5 per year.

The report of the municipal court for the weeks ending May 6 and 13 showed a total of \$143 collected in fines and fees.

The quarterly report of Health Officer E. A. Shannon was also read. This showed that the inspection just completed revealed a generally satisfactory condition but that a general clean-up would be required soon.

The report showed 95 births in this period as against 40 deaths. Five cases of smallpox were quarantined, 23 chickenpox, two diphtheria and one scarlet fever.

SHIPPERS WARNED AGAINST LOSS OF HOGS IN TRANSIT

(Farm Bureau News Service)

Warnings to live stock shippers are being sent out from South St. Paul, cautioning stockmen to use all possible care in handling and loading, to prevent heavy death losses aboard the stock trains during hot weather.

The latest warning was issued after 257 dead hogs and 13 dead calves were taken from the cars arriving for last Wednesday's market. In one car there were 33 dead hogs; in another there were 19.

Stockmen estimated that the death loss to farmers on that one day amounted to more than \$6,000. The heavy loss recalled a similar one last year, when on May 23, stock trains arriving at South St. Paul brought 303 dead hogs.

BIG LEGAL FIGHT OVER KILLING DURING STRIKE

president of Local No. 26, United Garment Workers, in St. Louis.

Mrs. Sellins became prominently known in 1909 when with Katherine Hurley, also of St. Louis, she traveled over the country in a boycott campaign against a St. Louis clothing firm.

She went to West Virginia and for her activities in supplying food and clothing to striking miners at Colliers, charged with breaking a court injunction and was sentenced to two years in prison. President Wilson pardoned her after she had served four months.

Mrs. Sellins was also actively identified with the steel strike in 1919, but her sympathies were always with the miners and when a strike was called at Brackenridge, she went there to assist in the organization.
