ANOTHER WASHOUT. Some Postoffice Talk of Interest to Our Readers. THE JOURNAL of yesterday morning announced that the Southern Pacific people had at last managed to get their track into such a condition as to again run their trains to San Francisco.

Now almost everybody will ask why it is necessary to send all registered matter that accumulates in New Mexico away back to Omaha in order that it may go to San Francisco. That is the question the reporter asked and that is the question our postmaster answered.

"Why don't it go out over our own Atlantic & Pacific?" asked THE JOURNAL man. "For this reason," and the ex-newspaper man went on to explain. "You know there are no mail route agents from the Needles to Mojave."

THE WORLD'S EXPOSITION. What Prof. Langhammer is Doing for the Territory. THE JOURNAL man ran across Prof. Langhammer, New Mexico's commissioner to New Orleans, the other evening, and gained some information from him that may be of value to our miners and the public in general.

We were informed last evening on good authority, that the Grand Lodge of the Knights of Pythias would meet in this city on April 4. We are pleased to hear that Albuquerque has been chosen and our citizens should unite in giving the society a warm welcome.

Spitz; treasurer, Louis Kornberg; librarian Charles Neudardt; Directors, D. Lesser, F. Mandell, F. Lowenthal. It was also decided to have

literary entertainments, consisting of debates, essays, etc. The first debate will be held on Wednesday next the subject selected being "Resolved, that celibacy is a benefit to mankind." A lively time is anticipated.

CARRYING A GUN. Albert Aubin Shot Through the Hand. Albert Aubin, the telegraph messenger boy will not be on duty to-day and the reason is here given.

Last evening about 8:30 o'clock, Aubin, Frank Wilson and a number of other small boys were congregated in front of the postoffice as is their usual custom. Aubin who may be 15 years old is a little bit taller and heavier than any of the boys with whom he associates.

At a meeting of the stockholders of the Compositol Petroleum Company, held on March 4, Rev. S. Person, Rev. S. Paris, Rev. C. Peyron, Prof. N. A. Bibikov and Brother Botolph were elected directors; Father Person, president; Father Paris, vice-president; Don Santiago Baca, treasurer and Prof. Bibikov, secretary. It is very probable that the work of boring for oil will be soon commenced by the company on their lands along the Atlantic & Pacific railroad.

To-day the annual assessment of property in this county will be commenced, under the direction of Probate Clerk Perea, who is by virtue of his office the county assessor. Messrs. Roberts and Ysaac will do the work in the outside districts while Deputy Pierce will attend to the old and new town. It is intended by Mr. Perea that this assessment shall be as thorough as it can possibly be made, and he will give his entire attention to the matter.

The National Tube works of Chicago have again been compelled to seek more commodious quarters on account of their constant and increasing business, and in view of this fact they erected an immense warehouse at the junction of Clinton and Fulton streets, where the have just removed. Their whole business is now carried on under one roof and they are thus enabled to give instant despatch to all orders.

A washout is reported on the Atlantic & Pacific, near Holbrook. How bad it is or how long it will take to repair it could not be ascertained up to 1:30 this morning, as the wires west of that station are all down. 2:30 a. m. just been learned there will be no train through to-day. Little Colorado was very high.

The Atlantic & Pacific company have given instructions that no more land shall be sold at Flagstaff station. No reason is assigned for the order and the residents of the thriving, wide awake town begin to believe that they are to have a new depot and new railroad shops.

The little 3-year-old son of Jesus M. Perea died at Bernallillo yesterday morning and the funeral services are set for this afternoon. Sloan & Morrison, the undertakers here, shipped the handsome burial casket to Bernallillo last evening.

When you can't find what you want just call on us, we can get them. Saint & Cleland. Many persons take medicine for their ailments, and as soon as they feel better they disregard all directions and stop taking it. They try it again and again, and finally throw it aside as worthless, when, had it been persevered in from the start, a permanent cure would have been effected. Now in taking Pilsbury's Bitters for all complaints of the stomach and bowels, remember to give the medicine a chance, and don't expect one or two doses to cure you.
