

# THE DEMING GRAPHIC.

ISSUED EVERY WEDNESDAY - - - - - TWO DOLLARS PER ANNUM

N. S. ROSE, EDITOR AND PROPRIETOR.

**NOTHING CAN** ruin Theodore Roosevelt except his proving unfaithful to his own life, and that he will never do." Jacob A. Riis.

**THE QUESTION** in New Mexico today is not, what have we to make a great state? but how are you going to let the world know of the resources so that they will come with capital to develop them?

**THE CONDITION** of affairs at Cripple Creek continue to be mixed and it looks to outsiders as if there ought to be some one in control either the civil or the federal authorities.

**HOW ABOUT** a child in the primary departments of the schools having seven studies when the best colleges limit advanced scholars to five and that number only when they are up with their classes in all branches? Something wrong, some where.

**IF THE** building of railroads in New Mexico, continues at the present rate it will not be many years until this territory will be like the state of Iowa where you cannot get more than 12 miles from a railroad.

**NOTE THE** article by "subscriber" in today's Graphic. There is a good proposition for somebody to organize a company and open up those resources. Nothing could do more for Deming than the construction of such a railroad.

**THE EDITOR** of La Bandera Americana in speaking of the long delayed statehood for New Mexico says: "New Mexicans, now recognize that patience has ceased to be a virtue, and that they can call it by another name which we do not now remember"

**TWO COAL** trust officials have been sent to jail for contempt to court by a Kansas judge. In the Sunflower state the people seem to have some rights which trust officials are compelled to respect. -New Mexico.

**IT IS SAID** that there will be an attempt to prohibit the sale of liquor in the new camp in Gold Gulch, but we have not heard whether that is an account of temperance sentiment on the part of the people or because one company wants to do all the selling and make all the money

**ONE** of our young boys who is working and earning money has applied for one of the small savings banks to be installed by the Deming Bank Loan and Trust company. Such boys as that will have an influence in the advancement of our city when they grow to be men. And we will venture to say that boy don't smoke cigar ettes either.

**THE LAWS** of this country recognize the right of every man to work who wishes to do so, and in the exercise of this right he must be protected. President Roosevelt would not be justified either under the law or in public opinion if he were to yield to the request of labor leaders and order that employes not members of a union should be discriminated against in favor of men who are members of such an organization. -Albuquerque Citizen.

**THE BEST** argument we have seen in favor of the reform administration in New York City, is an article by Lillian W. Betts "The children out of school hours," in the Outlook for September 26th. It gives a clear view of the work that is being done in New York for the children who have no home influences, shows the contrast between the present time and the former conditions.

**WE FELT** it quite a compliment when the New Mexican was taking half a column or more of our news notes each week and publishing them as "Special Correspondence", but now that the same paper is taking selections from our editorials and crediting them to the Albuquerque Journal Democrat, we feel sure that the feeble products of our mind resemble, to some extent, those of great men.

**SOME** eastern papers got hold of a statement that some kind of a private school at Santa Fe had closed its doors because the public schools had taken away its patronage. They at once began to publish that the University of New Mexico had failed which story has been given wide circulation through the east. This verifies the old saying. "Give a lie the start and it will out travel the light ing."

**A SENSIBLE** young lady of Kansas, from whence many good stories come, made the following request of her friends: "Do not lay me down by the rippling brookside, lest the babbling lovers awake me from my dreams; nor in the beautiful cemeteries in the valley, lest the sight-seekers cooing over epitaphs, distract me; but let me sleep under the counter of the merchant or business man who never advertised. There is the place that passeth all understanding, and deep is the sleep in which neither buoyant foofball of youth or the weary shuffle of old age will ever intrude.

## About Your Trip East.

## World Wide Reputation.

White's Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or soreness of the stomach, improves the digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirit natural to children. 25c at J.
